

UN Benefits from Donations Received During Past Month

During the past month the university has been the recipient of \$12,000 in donations from alumni and Lincoln business men. Four donations have been received by the university foundation, one to be used by the agricultural college, one for the engineering college, the third, a gift to the Herbert Brownell science education fund, and the fourth to be used for scholarships as the university sees fit.

In honor of the late Charles Stuart, outstanding Lincoln and Nebraska businessman, his sons have created a \$5,000 scholarship fund to be used by ag college. Throughout his life Mr. Stuart took a profound interest in the affairs of his alma mater. His sons, Charles jr. and James, could have paid him no greater tribute than to set up a memorial to their father, a fund which will benefit one of his greatest interests.

Col. A. A. Dobson in donating \$5,000 to the university in memory of his father, the late Adna Dobson, well known city and state engineer, stipulated that the money be used for scholarships in the engineering college, particularly to benefit civil engineering, or to aid in retaining worthy men on the staff. The latter is particularly significant. A few hundred dollars a year may mean the difference between keeping and the losing of a valuable instructor.

Lt. Col. Dobson graduated from the university in 1911. He was one of the first to donate to the Student Foundation scholarship fund and was the recipient of the distinguished service award given by the university and the Alumni Association in 1942.

Gus Prestagaard, Lincoln businessman, has made the university thru the foundation a gift of \$1,000 to be used as university officials see fit and an alumnus who desires to remain anonymous, former student of popular Herbert Brownell, has donated a like amount to the Herbert Brownell science education fund.

Educators and scholars have emphasized often the necessity of promoting education so that there will be a sufficient number of educated men and women to assume the job of reconstruction after the firing ceases. Even today men are coming back from "over there" with honorable discharges and are wanting to continue their education. To these and the thousands of others who will be returning these scholarships will be a means of rehabilitation into a better life.

What we want to know is, who bought 'em?

November 12 the Daily published this head: **Former Ag Student Wins Swift Contest.**
A quicky, eh?

1943 A D . . .

The wild bells have rung, the old year is gone, the new year has arrived. With New Year's hangovers still dulling our wits, we review the year 1943.

There was an inoffensive little man with a bow-tie, a wife and baby (another one on the way) who crooned his way into the hearts of shrieking giggling high school girls . . . a cigar, a cigarette in a holder, and a pipe blew smoke signals at Teheran and Cairo . . . the Yankees won again . . . ditto Chicago Bears . . . 1,000 planes bombed Berlin and war mothers condemned people in general for approving the bombing of Germans . . . remember 1940 and London . . . motorists started driving to football games again (gasoline could be bought for "two-bits" a gallon without a stamp).

Esquire was obscene and then it wasn't and now it is again . . . the whisper of inflation rose to loud mutterings and for Christmas Mother got a new fur coat while Sis got a mixture of jewelry and perfume and bed-jackets.

The New Deal received its RIP and "win the war in '44" became the rally cry for November elections . . . the Roosevelts ran in competition to see who could cover the most miles in the fewest days, while Willkie came home to write a book . . . radio commercials reached a new low; LSMFT, LSMFT . . . and Mortimer received his 1,000,000,000,000 reminder not to forget the Thomas J. Webb's coffee . . . the haunting voice of a young girl in the last stages of malnutrition continues to supplicate for Salerno Butter Cookies . . . and do YOU get enough vitamin Q . . . Exeunt 1943 . . .

V . . . — Mail Clippings

Pat Chamberlin, Censor

Lt. BOB GEORGE, Kappa Sig and former mainstay of the Union books, was known as "Sergeant York" during OCS days at Ft. Benning. He shot a score of 201 out of a possible 210 in rifle practice. Bob is now stationed at Camp Roberts. He was back in Lincoln before the holidays on his graduation leave.

Pfc. KURT PORJESZ, UN playwright and last year's business manager of the "Prairie Schooner," is back on a 15-day furlough from the 73rd Bombardment Wing at Clovis, New Mexico. He wears the insignia of a flying radio operator mechanic, and is now taking his last phase of flight training.

CARROL ORR, Kappa Sig a while back, was graduated Dec. 24 from Corpus Christi naval air training center, and received his commission as ensign in the Naval reserve.

BILL ORR, Ens Orr's brother Kappa Sig, is stationed with the Naval V-12 at Doane College.

Pfc. BOB HUDSON, is back on the college campus enjoying a 10-day delay en route to Thomasville, Georgia, from Chanute Field, Ill. After a month's bout with pneumonia at the Chanute Base hospital, Bob was graduated from propeller specialist school.

First Lt. A. LYNN MYERS, ATO '42, writes about overseas duty:

"I think the thing I miss most of all over here is music. Another officer and myself bought an accordian in Palermo, Sicily, and you should hear us. Strains of "There is No Place Like Nebraska" float out these dark, blacked-out nights. Seems sort of out of place. Would like to hear some good Christmas music. But there doesn't seem to be any chance. However we're thinking of starting a quartet in the Regiment—the officers, I mean. That will help. Heard lots of Italian music while in Sicily. Boy, they are good musicians. They sing opera like we do modern tunes in the States."

A/C WALLACE WICKS is now receiving the basic phase of his flight training at the Cortland (Ala.) army air field. Cadet Wicks was a member of Pershing Rifles when at Nebraska.

Pfc. MAURICE F. BLAZIER now assigned to the medical detachment of the Camp Chaffee, Ark., station hospital, has been awarded the good conduct medal for "fidelity through faithful and exact performance of duty and behavior such as to deserve emulation."

Lt. (jg) COBURN T. TOMSON, USNR, has reported to the New Orleans Naval armed guard center where he will await assignment as commander of the navy gun crew aboard an American merchant vessel. In his assignment he will be charged with the defense of the ship in case of attack.

Lt. Tomson was a member of Phi Kappa Psi and starred on the varsity track team, winning the Big Six Conference broad jump three consecutive years, when at Nebraska.

RICHARD FOLDA, ARNE TISTHAMMER, RICHARD FULLER, and CHARLES FRY have reported to the AAF pre-flight school for pilots at Maxwell Field, Ala. All four men attended UN during the last two years.

Letterip . . . Key to Campus?

Dear Editor:

This letter should be directed mostly to the members of the war council in the way of a question. What are you doing for former UN students now in the service when they return to visit the campus? I know that you're always glad to see him, but there are other ways of showing it than an admiring glance. Why not give him a key to the campus? There are basketball games and dances, shows and parties he always used to attend but is barred from this year because his activities ticket is old.

This project would involve the cooperation of the Student Union and the athletic department mostly, and there seems little doubt that it would succeed. The former student would receive a ticket admitting him to all campus activities during his stay in town. It might be accompanied by a previously prepared calendar of events from which one could choose. At no one time would you have enough men back on furloughs to place any real burden on the council. A blank pass like mentioned above would make the serviceman feel that he is welcome at his old school and that his former classmates are glad to have him here again.

Pfc. Kurt Porjesz.

Jr. Division . . .

the registration sheets greatly facilitates checking.

File Work Hours.

Every student must file with his registration a "schedule card" showing his classes and laboratories. Hours of outside employment, if any, should be filed also.

After a student has filed a registration no change or substitute registration will be accepted until Jan. 31.

Mr. Congdon has also announced that during registration week his office hours in the YMCA room of the Temple will be:

- 9:00-11:00—MTWThF
- 2:00-4:00—MWF
- 1:00-4:00—TTh
- 8:30-12:00—S

Students who plan to ask for any particular section of any subject for any reason whatsoever should register on Monday or Tuesday. Many sections are closed before Wednesday morning and then it will be impossible to grant the requests of students who ask for special schedules. No students can be sure of having a schedule fitted to his hours of employment unless he registers before Wednesday.

Pub Board Prints Education Booklet By Dean Henzlik

A booklet, "School Administration and Education for Administrative Leadership in Towns and Villages" has just been released by the board of publications. Written by Dean Frank E. Henzlik of teachers college, the booklet treats leadership in small communities.

Says Dean Henzlik, "For several decades the significance of the small community in American life has been underestimated. Today, however, new social and economic forces and agencies make possible the rediscovery and the proper development of the small community."

smart women everywhere swear by
