

# Six Huskers Will Compete In Iowa Meet

### ... At Des Moines

The University of Nebraska has entered a six man squad in the 35th annual Drake Relays, scheduled for Des Moines Friday and Saturday.

The men named by Coach Ed Weir to wear Husker colors at Drake are Dean Kratz, Big Six indoor 440 and 880 champion; Dick Miller, conference indoor co-champ in the pole vault; Norvall Barker, freshman hurdler; Buzz Hollins and Lowell Anderson, weight performers, and Dick Petty, high jumper.

From Lincoln Journal Ed Weir.

Kratz appears to be Nebraska's best bet, running in the 440 yard dash in which he has registered times under 50 seconds. The other five named by Weir will be making their initial outdoor appearance in Husker togs. All but Anderson, however, were members of the Scarlet indoor squad during the past season.

Weir knows little about the chances of his charges at Drake. The quality of the competition the Huskers must face is pretty much an unknown quantity, and in addition rainy weather has kept the Weirmen from working outdoors in preparation for the Des Moines carnival.

With UN relay teams out due to Weir's manpower shortage, Husker entries will be confined to individual events.

# Oklahoma Mentor Luster May Use T Plays This Fall

NORMAN, Okl.—Dewey "Snorter" Luster, coach of Oklahoma's Big Six championship football team of last season, may introduce some T formation plays this fall.

Luster has been experimenting the current spring drills with a Wingback T formation combined with Oklahoma's single wingback set-up of 1943, and likes it. Homer Sparkman, last year's 155-pound blocking back, has been handling the ball behind the center and doing a deft job.

Running on the Sooner first eleven now are Backs Sparkman, Derald Lebow, John Wright and Dick Jackson. Bob Mayfield is at center, Finn Jackson and Josh Sharp at guard, Millard Cummings and John Harley at tackle, Merle Dinkins and John Austin at end.

# UN Prints Choral Direction Thesis

Hayes M. Fuhr, director of the conservatory of music at Hastings college for the past 30 years, has written a 122-page reference work for choral directors, which came from the university press last week.

The book, entitled "Fundamentals in Choral Expression" is a revision of a thesis Mr. Fuhr wrote while working on his masters' degree at this university. He relates experiences and gives illustrations from his years as director of choral groups all over Nebraska.

## FEM FUN

BY ELEANOR KNOLL.

Hats off to the SDTs for their attempts to move up in the volley ball ladder tournament. They were trimmed by the Thetas with a score of 53 to 40; they were beaten by the AOPis with a closer score—two point win. Maybe the third challenge will be a charm. With spunk like that, victory just has to come sooner or later.

Old man weather is still holding up the softball tournament. If the sun decides to stay out long enough to dry the diamond, the games will be played in the following order:

Monday, April 24:  
Alpha Xi (2) vs. Gamma Phi (1).

Alpha Chi (1) vs. Alpha Xi (1).

Gamma Phi (2) vs. Delta Gamma (2).

Tuesday, April 25:  
Kappa vs. Theta.  
Tri Delt vs. Towne Club.  
Chi O vs. Northeast Hall.

Wednesday, April 26:  
Raymond Hall vs. Alpha Chi (2).

The changes in this schedule in case of rain will be posted in Grant Memorial.

The results of the badminton tournament show that three teams representing the Alpha Phi's are still in the running.

Victories have gone to Anderson-Emerson, Morton-Sinclair, Demel-Horton, Glotfelty-Legge, Sears-Swanson, Klindt-Klindt, Bromley-McKissich, Chamberlain-McCampbell, Brinkman-Milton.

The schedule for the future badminton games is posted in Grant Memorial. Defaults will be made for all teams who fail to appear at the scheduled time. The WAA office and the opponents should be notified if a game can not be played at the time scheduled.

## Leap Year . . .

(Continued from Page 1.)

to agree word for word with what her man is glowing about, and her vocabulary consists mostly of "Yes," "Not really," and "You're so right." It's not exactly cricket, but she never fails to get what she wants, believe me!!

The "keep asking me until I'm in the mood" gal works in just the opposite way, but her results are almost as good. She starts out by saying no, and continues to say "no" until the man is almost at the end of his rope, and then she says "yes" so fast, he hasn't a chance. She plans her campaign by first tearing down man's greatest pride, his ego. And since every man has an overwhelming one, you can probably understand her results.

"Hurt Hannie" is the most de-

ceitful of the whole group. At every chance, she sheds a quiet tear or two, that is trained to slip demurely down her cheek, and then she assumes the long suffering, martyr role. She will pout, cry, or even scream, not so demurely, if she thinks it will attract attention. So the man is always forced to beg her pardon, fall on his knees, and even bank his head on the floor to persuade her to forgive him. Some men even go so far as asking the girl to marry him, and so our story ends with another sucker making his final bid for happiness, laden with that ball and chain so familiar to married people.

Leap year brings out all these different types of girls, and they seem fully aware of their unlimited advantages.
