Society . . .

Candy passings at the last sorority meetings of the year were the theme of several Monday night gatherings.

Probably most original was that of Shirley Bacon and Harlan Houtchens which filled the Sig Chi house with some 50 women.

Climaxing a longer affair was the pinning and candy at the Alpha Phi house with Sadie Hawkins ("The Spectator's" bad girl) and Jawn Mason, former TO, Theta way found Barber, later who had the five points but no Bill Gist. He's down at Fort Benning fighting his way thru OCS.

Three girls held the limelight at the Chi O house . . . Betty Ruth

Dunlap with Bill Hewitt, SAE, Dorothy Black with Dick Batchelder, Sigma Nu, and Helen Plasters with Byrne Swiggart, Theta Xi. Two Phi Gam-AOPi combinations came to light with Mariana Shoemaker and Ned Nietzsche celebrating a pinning and Betty Fagerberg and Bob Campbell announcing their engagement. After spending a leave here with

Dorothy Caress, AOPi, Lt. Ned Krum, Beta from New York, has proved he hasn't forgotten the girl. He's keeping Bell and Western Union busy.

Nothing seems to be happening next week end or else everyone is too busy to stop to talk about it so . . . see ya.
