YW Leaders Reveal Plans At Meeting

A rendezvous for all upperclass women interested in participating in YWCA work will be held at five o'clock Thursday in Ellen Smith Hall. At this time study group leaders will present their programs and coeds will sign up for the group in which they are interested.

Among the groups planned for this year are comparative religion, advance social service, personal relations, and inter-American affairs. Most of these groups will meet once a week. Student leaders are Suzanne Pope, Barbara Stahl, Jan Engle, Mary Lou Holtz, Midge Holtzschler, Mary Alden, Hazel Stearn, Ghita Hill, Jessie Tyler, Myrtle Johnson, LaVerne Klein, Marcia McKee, and Gerry McKinsey.

Plan Girl Reserve Club.

A Girl Reserve club leadership training course is also being organized. Its purpose is to help those who will be teaching or working in communities to acquire a practical understanding of teen-age youth and to learn games, songs, and crafts which they may teach to clubs of teen-age girls.

A committee made up of Mrs. Leo Black and Mrs. Carolyn Wallin, adult advisors, Mrs. Eleanor Carter, Girl Reserve secretary of the Lincoln YWCA, Mary Alden, Hazel Stearn, and Gerry McKinsey are planning the course.

Students Wishing Schedule Changes Report to Advisor

Assignment committee is no longer located in Grant Memorial so students wishing to make any changes in their schedule may do so upon recommendation of their advisor and the approval of the dean of their respective college. The change must then be recorded in the registrar's office in the Administration building.

There is a dollar charge, if the student making the change is responsible for it. If the advisor suggested the change or an error has been made on the part of the advisor, the dollar is not assessed from the student.

Greek Women Seize Gridiron, Men Cry For Mercy, Justice

With a record of three injuries, two victories (both debatable), and a full schedule, the sororities set out to prove their superiority in the last great sports field left, until now, to the male—football.

The first of the epic struggles was the game between the Sig Eps and the Kappas, played on the sorority's home field. With an audience wildly cheering their teams on, and colors flashing in the sun, the two teams tangled in touch-tackle football. No exact score was available, but a Kappa fan asserts that it was a draw.

Dixon Receives Injuries.

Ruth Korb, coach of the challenging Kappa team, used her star player, Mighty Mite Mary Jean Fisher, thruout the game. The afternoon was a quarterback struggle, with Sig Ep Gene Dixon injured when he landed in the driveway, having been tossed there by a violent Kappa charge around left end.

In another thriller, played on the Delta Gamma terrace, the Phi Deltas were whipped 17-0. That score is a scoop from the DG

Council Meets To Clarify UN Political Stand

Making one more attempt to clarify the university political situation, members of the Student Council will meet for their first fall session today at 5 p. m. in room 315 of the Union.

Political unrest, which has been smoldering since the spring elections, was brought into full flame in May when the 1943-44 Council voted to abolish recognition of Barb, Union and Independent parties after Dorothy Carnahan presented a plan for open primaries which was suggested by the Panhellenic council of presidents.

Members Dissatisfied.

Following the meeting several members announced dissatisfaction with the supposedly clarified political stand taken by the Council. If such an attitude still exists, it is probable that this afternoon's session will be long and stormy.

Harold Andersen, Council president, said Tuesday, "The subject of primary elections will be the key-note of the discussion."

WAA Entertain Entering Coeds Thursday Nite

Thursday night at 7:15 the Women's Athletic association will entertain all freshmen women at an informal get-together in Grant Memorial hall. The party will tend to acquaint the freshmen with the activities of this organization.

Games and entertainment will be provided under the direction of Mary Jo Gish and Fern Freeman. Midge Holtzschler will be in charge of the demonstration of W. A. A. activities.

Frances "Mickey" McPherson, secretary of the W. A. A., emphasizes the fact that the party is to be very informal. Girls will be comfortable in slacks, levis, or skirts and sweaters.

At the end of the evening refreshments will be served by a committee under Midge Holtzschler. The affair will be over in time for the girls to be in the residence halls by 9 o'clock.

As all girls are eligible for membership to W. A. A., every freshman is urged to attend this annual party.

house. Another scoop from the Phi Deltas reveals the score to be 6-0 in favor of the men.

Whatever the score, rough playing was evident as Betty Simodines and Heler Schroeder were not seen at their 8 o'clockers on Tuesday. The reason advanced by the Delta Gammas was that John Van Horn, Delt, somehow worked himself into the fracas. The DG's demand a return engagement with only genuine 14 carat Phi Deltas on the team. All 22 of the girls will meet the 12-man team any day the Phi Deltas wish to select.

Alpha Chis Join Spirit.

An interview with the Alpha Chis revealed that they, too, have joined in the football spirit and are scheduled for games with Sigma Chis, Betas, Phi Deltas and ATOs. They refuse to mention names of their star players, but it is rumored that their quarterback has had offers from several other universities.

Thursday night the Pi Phis will meet the Phi Deltas in a game to be played on the Pi Phi home field.

Tassels Sell Cornhuskers By New Plan

In accordance with an entirely new plan of business management, Tassels have been given exclusive salesmanship rights to the Cornhusker this year. This is the first time that any particular organization has been given such a job, free from other competition.

The Tassel campaign started Sept. 25th, and will continue thru Nov. 9th. The Tassel organization as a whole will get a commission on every book over 500 sold. Each Tassel who sells ten books will be given an invitation to the Cornhusker dinner, which will be held in May, 1945. Any Tassel selling 35 or more books will also receive a free Cornhusker.

November Deadline.

It is hoped that all orders for the Cornhuskers can be in before the 9th of November so that editor Myra Colberg, and business manager, Charlotte Hill, will be able to estimate accurately the number of covers to be bought. Due to war time conditions, these covers must be ordered early in order to assure an adequate amount.

Students are urged to contact any Tassel and place their Cornhusker order before Nov. 9th.

Directory Staff Finds Omission In First Lists

Every student must personally add his telephone number to lists for the 1944-45 student directory before Saturday night if he wishes to have his number in the directory. This announcement was made Tuesday evening by the editorial staff of the publication upon discovering that no telephone numbers appear on the lists.

Due to an error made in the printing of the blue directory cards which each student filled out during registration, the cards did not ask for students' telephone numbers. The staff has no means of gathering these numbers so it will be necessary for everyone to find his name on the lists and fill in the blank space.

The first list, containing names from A thru D were distributed to the Union check stand, in Sosh, and in the home economics building at ag on Tuesday. The sheets with E thru H will be available today; I thru M, Thursday; N thru R, Friday; and S to Z, on Saturday.

Students will be able to check for corrections on names, addresses, telephone numbers and affiliations. One member from each organized house is asked to check names of the members within that house.

Advisory Council Gains Four New Student Members

New and holdover members of the Advisory Council to the dean of Teachers college were announced recently. New members are Dorothy J. Theissen, Anna W. Birdsall, Mildred Wagers, and Frances (Mickey) McPherson. Holdover members are Irma Fittle and Jean Larson. The president of the Graduate club, who is yet to be elected, is also automatically a member of this committee.

The function of the Advisory Council is to advise the Dean, from the student's standpoint, as to schedules, policies, and classes in the Teachers college.

The first meeting of the year will be held Thursday, Oct. 5, at 5:00 in the outer office of 322 Teachers college.

War Council Asks More Participation By Male Students

War Council members urged Tuesday in their first meeting of the year that more men be brought into the organization. Before the next meeting, all organized men's houses will be contacted in an effort to secure more representatives.

Fred Teller declared that since War Council promises to be one of the most active groups on the campus this year, it would be advisable to have two or three representatives from each of the fraternities and men's Co-op's, instead of the customary one, to make up for the man shortage.

85 Air Corps Reserves Start Classes at UN

Classes for eighty-five air corps reservists began Sept. 1 on the university campus, according to Col. J. P. Murphy, commandant of the university military units. Training in this course is similar to that of the AST reserves, with special emphasis placed upon physics, mathematics, chemistry and rigorous physical training.

Increments of from 50 to 75 are expected at the beginning of each month until the 275-man quota is reached. Students begin this course at the age of 17 years, three months and remain until they have completed approximately five terms or till they reach 18 years, six months. After this training, they will be sent to classification centers.

Eleven AST reserves have applied for transfer to the air corps unit and will begin classes the next term.

"Appropriate college credits will be given to students completing the five term course, which will place them, in most cases, with a sophomore standing in an accredited university," stated Col. Murphy.

Interfrat Council Schedules Dinner Tonight in Union

The Interfraternity Council dinner, sponsored by the fraternity advisers council, will be held in Parlors X and Y at the Student Union tonight at 6:30 p. m.

Members of the Interfraternity Board of Control, Dean Thompson, Assistant Dean Harper, and one officer from each active chapter, preferably the president, is invited. Chancellor Boucher was also invited, but will be unable to attend.

The purpose of the dinner is to gain a better understanding between the fraternity advisers council and the active chapters, and to discuss the functions of the board of control.

Churches Plan All-University Worship Services This Week

Churches of all denominations are collaborating in plans for All-University church night to be held Friday, Sept. 29, with special services on the following Sunday, Oct. 1, in the various churches.

"The idea of equality placed in our Declaration of Independence," according to Chancellor Boucher, "is essentially of religious origin—that men are 'sons of God' and are endowed by their creator with certain unalienable rights. The moral basis of democracy must be maintained if it is to have any chance of success. The best agen-

In the discussion following Teller's suggestion, the consensus of opinion was that the men students should be given a more definite part in such an important organization, and an appeal is being made for their co-operation. All men's houses will be called this week in regard to this matter.

Forty-Five Attend.

Forty-five students, representing all the sororities and fraternities, BABW, WAA, AUF, AWS, YWCA, the Nebraskan, the Cornhusker, and Towne Club, were present at the meeting.

According to the constitution, the vice president automatically becomes president in case of permanent withdrawal of the acting president. When Roberta Burgess, former president, resigned her position and transferred to Michigan law school, Ghita Hill assumed the title and responsibilities of president. She presided over the meeting, with Marilyn Behm acting as temporary vice president until the formal election next Tuesday. Margaret Beede, secretary, gave the summer War (See WAR COUNCIL, page 2.)

New Nutrition Building Goes Partly Civilian

For the first time since its completion in March, 1943, one floor of the Foods and Nutrition building on ag campus will be occupied by civilian personnel.

The STAR unit formerly used the building as a barracks. After being re-decorated in soft tones of rose and green, the third floor of the structure will become headquarters for Dr. Ruth Leverton, head of the research group and staff. However, in all probability, equipment will be unobtainable for the rest of the building and it will remain unoccupied for the first semester.

Miss Doretta Schlaphoff has been appointed research assistant to Dr. Leverton. She is a graduate of the University of Nebraska and received her master's from Michigan State College. Miss Schlaphoff has taught at the University of Arizona, and is a member of Omicron Nu and Phi Upsilon Omicron.

man has ever conceived for the development and maintenance of high moral concepts and standards is the church."

Emphasis will be placed on the social aspect as church thruout Lincoln entertain university students at open house, parties, recreation, dances, musical programs, and similar activities. Invitations will be extended to the students of the various denominations.

Because of the significance of this night, all other university activities have been cancelled.
