

Callopy Fills Vacant Place

Lady Luck turned a frown on the Huskers Monday, giving Kenneth "Buzz" Hollins a boil on his elbow. Hollins, first string full-back, leaves a vacant place in the line-up that will be filled by Junior Callopy, who has been holding down the center post.

In the event Hollins will be available Saturday for the Gopher-Husker game, Callopy will return to the pivot position.

Movies and light workouts to polish over rough spots were the only activity in workouts during the earlier stages of this week,

leaving bumps and bruises from Saturday scrimmage to heal. The squad will leave Thursday morning for Minneapolis and will arrive in time to go through a workout in the Gopher's stadium Friday. The trip home will be made Saturday night, bringing the Huskers in Sunday morning to tell the tale of their grid battle.

Monday's lineup:

First.

Ends—Koenig, Dedrick.
Tackles—Kops, Pollat.
Guards—Kasdan, Hazard.
Center—Doyle.
Quartermaster—Kessler.
Halfbacks—Knight, Betz.
Fullback—Callopy.

Huskers Go to Minneapolis; Other Big Six Squads Play

BY DICK DILSAVER.

Taking a look over games played by Big Six teams last Saturday and the games to be played this weekend shows that the conference is getting into full swing. Kansas, first to venture into the 1944 grid season by trouncing Washburn two weeks ago, was upset by Texas Christian in a 7-0 air battle at Kansas City. Missouri also lost in a thriller against Arkansas by a score of 7-6. The Tigers outgained the Razorbacks but a blocked punt was the deciding factor for the mountain boys to cut loose and score.

The schedule for this week finds all the teams on the field in out of conference games. Nebraska and Missouri engage the Big Ten when the Huskers venture to Minnesota and Ohio State plays host to Mizou. KU Jayhawks, desperately trying to get to the front in the Big Six, journey to Colorado to engage Denver university. Kansas State will entertain youthful Wichita as the Wildcats put their team of inexperienced lads to the battles. Oklahoma, conference champs last year and again favored to hold the upper hand, will tackle the Norman navy Zoomers. Iowa State start their V-12 gridders against Gustavus Adolphus in their opener at Ames.

Just how the Big Six season will wind is known to none, but

all teams will be on the field keeping the game going until once again all will have a chance to put the mighty powerhouses of yesterday back on the gridiron.

Limelight from the baseball world has shifted from the National league where the Cards copped the pennant last week to the American league flag-race. Detroit and St. Louis are chief contenders but New York is still in the do or die stand. Monday the Yankees took a double header from Chicago to remain in the race but the big news of the day came when the Browns copped their game from Boston while Detroit lost to Philadelphia, thus leaving the Tigers and Brownies deadlocked for first place.

The Tigers hold the edge in the fast moving contest for two distinct reasons. First, still going strong are 27 game winner Hal Newhouser and Dix Trout, victor in 26 contests, backed by the big bats of Rudy York and Dick Wakefeld to bring the runs across the plate. Second, the Tigers wind up the season with cellar-dwelling Washington and Philadelphia while the Browns must face their first division mates, New York and Cleveland. It will take a lot to stop the Tigers now.
