

## UN Air Forum Celebrates One Year on KFAB

The University Forum of the Air will celebrate its first anniversary on KFAB this Saturday at 5 p. m.

The anniversary program will be opened with an interview between Mr. Hugh Feltis, general manager of KFAB, and Dr. K. O. Broady, chairman of the university radio committee.

This week's panel discussion will concern the place of the humanities in professional education.

Linus Burr Smith, chairman of the department of architecture, will act as moderator. Panel members will include K. O. Broady, professor of school administration; John D. Clark, dean of the Bizad college; O. J. Ferguson, dean of the college of engineering; Roy M. Green, assistant dean of the college of engineering, and Charles H. Oldfather, dean of the college of arts and sciences. The entire group attended the regional conference on the humanities which was held in Denver Dec. 1, 2 and 3.

## Ralph S. Mueller, Grad, Establishes Foundation Fund

Ralph S. Mueller, '99, has established a \$2,865 fund to help defray operational expenses of the Nebraska Foundation, according to Perry W. Branch, Foundation director - secretary. Mueller received a bachelor of science degree from the university in 1899, an electrical engineering degree in 1936 and an honorary doctor's degree in 1943.

The fund is to be known as the Ralph S. Mueller fund and Mr. Mueller reserves the right to direct that any or all of the fund be used for one or more special purposes which are within the scope of the Foundation activities.

Previous to the establishment of the fund, Mueller set up, through the Foundation, a student loan fund at the university amounting to \$9,000.

"At California U. Christmas vacation will extend from December 22-27 this year."

"Louisiana markets 7,500,000 pounds of moss annually, used in mattresses and for upholstering furniture and automobiles."

"The cost of informing 127,000 Americans about rationing changes average two cents a person, Price Administrator Chester Bowles has reported."

A human being attains maximum height between 35 and 40 years of age.

## Early Engineering Grad Dies in East

K. C. Randall, one of the earliest graduates of the University of Nebraska college of engineering, and a prominent electrical engineer, died Dec. 4, in Edgewood, Pa., of a heart attack, according to word received by Dean O. J. Ferguson, of the college of engineering.

Randall received a degree in electrical engineering in 1897, and in 1941 was given an honorary doctor of engineering degree by the university. He has been manager of the switchgear engineering department and of the transformer

engineering department of the Westinghouse company. Surviving him are his wife, the former Leola Vancil, who graduated from the university in 1899, one daughter and three sons.

## Have a "Coke" = On with the dance

...or keeping the younger set happy at home

Hot records and cold "Coke"... and the gang is happy. Your icebox at home is just the place for frosty bottles of "Coke". Your family and all their friends will welcome it. At home and away from home, Coca-Cola stands for the pause that refreshes,—has become a symbol of gracious American hospitality.
