

Huskers And Air Base Start Local Cage Season Saturday

... Nebraska vs. Iowa, 7:15

Cornhuskers Tackle Iowa, Open Season

BY DICK DILSAVER.

Probable starting lineups:

Nebraska.		
No.	Player, position	Height
15	Hahn, forward	6 ft., 0 in.
8	Dedrick, forward	6 ft., 4 in.
21	Peterson, center	6 ft., 6 in.
13	Koenig, guard	6 ft., 11 in.
7	Hollins, guard	6 ft., 3 in.

Iowa.		
No.	Player, position	Height
7	Ives, forward	6 ft., 1 1/2 in.
12	Postels, forward	6 ft., 3 in.
11	C. Wilkinson, center	6 ft., 4 1/2 in.
20	Spencer, guard	6 ft., 3 in.
28	H. Wilkinson, guard	6 ft., 3 in.

Starting off university basketball, Nebraska and Lincoln Air Base quintets take to the court floor Saturday night against the University of Iowa and Fort Riley, respectively. The Husker and Hawkeye encounter will be the curtain raiser beginning at 7:15.

The new starting time for the university games will require the headlining Wings-Centaur tussle to start at 8:30. Reason for the change in starting times is that the Wings have been the main drawing card in court displays and the early starting time inconvenienced fans who came only for the Wings event. However, none should feel that the university games will be uninteresting.

Most of the Husker players are inexperienced in college play while the Hawkeye squad will contain three members of their last year's squad and two squadmen from the national champion Utah team. In the Nebraska probable starting line-up only Guard Buzz Hollins is listed as having previous experience. The other four likely starters include Bob Hahn and Jack Dedrick, forwards; Bob Koenig at guard, and high pockets Art Peterson at center. All of the latter are freshmen. Dedrick, Hollins, and Koenig have all been recent stars on the Nebraska gridiron.

Other Husker hopefuls are Jim Strahan, Harlan Heigerson, Bob Costello and Dale McCracken.

The three veterans on the Hawkeye squad are Dick Ives and Ned Postels at forwards and Jack Spencer, guard. Clayton and Herb Wilkinson are the former members of the championship Utah team.

Former Teacher Receives Position In Washington

Mrs. Clarence McLaughlin, the former Dorothy Zimmerman, UN graduate and member of the physical education staff until two years ago, was appointed assistant chief of the National American Red Cross recreation unit in Washington, D. C. headquarters, according to Mabel Lee, chairman of the university department of physical education for women.

Her duties will consist of interviewing all returning club personnel from foreign theaters. Mrs. McLaughlin returned to the United States this fall after spending two years in England, where she was assistant director of the American service club in London. She will take over her new assignment in Washington on January 1.

Phi Gams Cop Intramural Handball Title

Phi Gamma Delta copped intramurals honors, topping Beta Theta Pi in the finals of the handball competition. Altho competitors were few, the Phi Gam's showed enough strength to be undisputed champions.

Semi-finals in the table tennis competition resulted in finding Alpha Tau Omega pitted against the Beta Theta Pi team in the finals. The ATO's dropped the Xi Psi Phi team and the Betas decisively dumped Zeta Beta Tau, three matches out of five. The results in this match must be turned into Gordon Ehlers by Dec. 19.

Several teams have turned in their basketball entries. Other teams that desire to enter in basketball competition must have their entry turned in not later than Dec. 19. No teams will be included in the schedule if entered after then. Games will begin with the resumption of school after Christmas vacation.

Fraternities haven't shown expected interest in the intramural contest to date. All should remember that the team with the most earned points wins the Jack Best trophy. Fifty points are garnered, at least, regardless whether winning or losing. If competition is entered, practice beforehand develops a team up to intramural standards. The intramural schedule will include practically all sports. If any one house desires a certain sport, get in touch with Gordon Ehlers as soon as possible.

In warplanes, the present type of engine is twice as efficient as jet propulsion at 150 miles an hour; the two are equal at 300 miles, and at 550 jet propulsion is twice as efficient.

Iowa State Drops Tilt To 'Hawks

Iowa Seahawks took their fourth straight victory of the season Wednesday night as they dropped their highly rated Big Six opponents, the Iowa State Cyclones. The Seahawks took the Iowa Staters by a 49-39 score in the Iowa City tussle.

The Iowa State road squad included starters Jim Myers, Orlyn Feuerbach, Bill Mailey, Bob Petersen and Bill Block. Also making the trip are Ted Chamberlain, Merl Kleen, Sam Deal, Gene Phelps, John Pflum, Dana Omer and Student Manager Don Jensen.

Coach Menze used the same starting lineup against the Seahawks that started against Minnesota last week. That combination paved the way for a 42-41 victory over the Gophers.

The Seahawks, already winners over Bunker Hill Navy, Ottumwa Naval Base and the Minnesota Gophers, pushed to make it a fourth straight win. They are a fast, rangy outfit, with considerably more experience back of them than the Cyclones.

Last year the Cyclones handed Pre-Flight one of its three defeats in a 21-game schedule, winning on the Ames court 31 to 29. Later in the season the Seahawks retaliated by defeating the Iowa Staters 33 to 27 at Iowa City.
