Students Rally for Homecoming Parade Marches To Burn Jayhawk

Dance Climaxes Day's Activities

Homecoming celebrations will continue throughout Saturday with a parade in the morning, followed by a tug-of-war, football game in the afternoon, and Homecoming dance in the evening to conclude activities.

The parade will begin at the Union at 11 a. m. and proceed down "O" street. Each organized house will be represented with a float, which will be judged on the basis of originality. The band will be in uniform for the parade.

Returning immediately to the campus, a tug-of-war will be staged between freshmen and upperclassmen on the mall. If the freshmen are victorious, they will be permitted to throw their freshmen beanies away. Otherwise, beanies will be worn until the first snowfall.

Flash Cards Bring Back Old Tradition

"Flash" cards used during half-time of tomorrow's game herald the revival of one of the most colorful game traditions of the university's Homecoming celebration.

After the presentation of last year's pep queen by Chancellor C. S. Boucher during the half-time intermission of the game, most of the students will use the flash cards for the first time during their university career.

Plans Announced.

Plans for the card drill have been announced by Art Beindorff, cheerleader in charge of the card section. As students enter the student section of the stadium, they will find a set of colored cards in the slot directly below each seat. These are for use in the card stunts.

Stapled to one of the cards will be a small tally card telling which color card that particular student must hold up for each "flash."

Beindorff stated that all students should have their cards out, unfolded and in proper order for the stunts after the presentation of last year's pep queen.

The cards are 28 by 24 inches. When the card is flashed, it should be held directly in front of the student's face with the 28 inch (See CARD SECTION, page 6)

THANKSGIVING VACATION

All university students will be granted an extra day of vacation, Friday, as well as Thursday for Thanksgiving, according to an announcement made by university authorities. The committee met yesterday afternoon to decide the matter, and any other statements printed in The Nebraskan are to be disregarded concerning the matter.

Coeds Roam till 1

Nebraska coeds may make the most of the Homecoming week end and stay out Saturday until the wee, small hours of the morning, in fact the smallest hour, 1 a. m. But-tressed by the weighty authority of Dean Boyles and the AWS board, late roaming women need fear nothing until 1 a. m. from campus cops, ambitious BWOC, or low-flying P-38's.

Homecoming Traditions Pile Up During 33-Year Existence

Thirty-three years ago tomorrow, Kansas and Nebraska clashed in a gridiron battle that celebrated UN's first annual homecoming. In 1912, 500 alumni invaded Lincoln to pay tribute to their alma mater.

Nebraska won its first homecoming game against the Jayhawks with a 12-0 score. An in-

formal banquet was the only other festivity besides the game, to honor the first homecoming week end.

Mixer.

Fireworks and a band concert were instituted in the '15 UN homecoming mixer, held in the armory, now Grant memorial. Ne-

braska lost its first homecoming game in 1916, with Kansas State on the high end of a 7-3 score. Prof. E. M. Fling cheered the alums by declaring that "Kansas deserved to win at least once every ten years."
