

Big 6 Champ Unheralded In Tryouts

AMES, Iowa, March 5—George Bretnall, Iowa State track coach, had already picked his varsity track squad for 1946 when the shy, slender, and slightly wide-eyed youngster asked for a tryout early in January.

"What do you do, son?" "I jump a little," was the reply. "About 6 feet," was the reply to the next question.

First night out Dwayne Feegen, Omaha, Neb., Central student, jumped about 6 feet 1 inch. A night or so later he topped that by an inch. He could "high jump a little."

In dual meets against Minnesota, Nebraska and Drake he won his event at an even 6 feet—failing all efforts to go higher. Along the way he picked up points in the hurdles.

Wins Big Six Title.

At Kansas City last Saturday he found that a 6-foot leap would not be enough. He cleared the bar at 6-1, then at 6-2. He and Scofield, defending champion from Kansas, were still jumping. Feekin missed his first shot at 6-3, Scofield cleared and made the mistake of under-estimating Feekin. "Feek" cleared the height on the next jump and then wasted no time when he set the mark for a new record of 6-4, clearing the height on his first try.

He was the champion and new record holder—Dwayne Feekin, the G.I. who could "high jump a little."

Student Affairs Office Requests Men for Positions

University men who have a special skill and wish a job should file with the office of Student Affairs in the Administration building because calls come in continually for students to fill part-time positions, according to Dean T. J. Thompson.

A letter or contact with the office of employment by a student stating his skill and experience in a certain line of work will enable the office to make record so that such a student may be called when an employer asks the office for help.

Party Registration

Political party registration will be held March 14, announced the Student Council this week. Party constitutions must be handed into the Student Council office in the Union by March 7, according to Edith Pumphrey, council president.

Phi Gam Quint Takes 'A' Title Over Phi Deltas

Phi Gamma Delta took first place honors in the intramural Class A basketball competition by beating the Phi Deltas Monday afternoon, 28 to 24, in a closely contested battle.

Jim Myers was a ball of fire for the winning Phi combination, as he rolled in 15 points; more than half of the team total. With the towering Schleiger brothers controlling most of the rebounds the iron-men kept ahead of the fast closing Phi Delt team.

Cady paced the losers with ten points before he was banished from the game via the five foul rule. The Phi Gams had a ten point lead at the end of the third quarter, but a spirited bid by the Phi Deltas cut the lead to four points as the game ended.

Rise Seen In Foreign Enrollment

The university's present enrollment of 15 students from foreign countries is expected to be greatly augmented in the post-war years, according to George W. Rosenlof, director of admissions.

Students now come from Canada, Panama, Honduras, British West Indies, Argentina, British Guiana, Costa Rica, Norway, Egypt and India. Many of them are enrolled at Nebraska by arrangement between the U. S. government and other foreign countries.

Enrollment Declines.

During the past 17 years, Mr. Rosenlof said, 259 foreign students have attended school here. Highest average was from 1928 to 1932, with 44 to 49 students attending each year. Since then, enrollment has declined steadily. Most foreign students have en-

rolled from Hawaii, Canada and the Philippines, while considerable numbers have come from China, Japan, Germany, the West Indies, and the Canal Zone.
