

## Water Polo League Set For Opening

Pairings for the water polo tourney, scheduled to start today, find one independent and eight fraternity teams entered and ready for competition. The teams have been divided into two leagues, four in one and five in the other.

### Playoffs Slated.

Each league will play a round robin of contests, and then the two winners will meet in a play-off session to determine the university champ. A consolation series among the second and third place teams in each league will produce third, fourth, fifth, and sixth place winners.

Water polo is well known as an exhausting sport; therefore, in consideration of the contestants' questionable stamina and the probable resulting wear and tear on the lifeguards, the matches are limited to five minute halves. Other than this, regular water polo rules apply.

Each pair of teams plays half a match, then retreats to the sidelines for rest while halves of two other matches are played. Then the second half of each game is completed.

### Two Infields.

Coach Smagacz has two infield combinations clicking in practice. One has Boch at third, Mazar at short, Bob Rubino at second, and Frank Rubino on first. Frank Brown holds down third on the other quartet, with Fritz Hegwood at shortstop, Joe Brown on the keystone, and Joeekel and Baum alternating at first. All the pitchers have been working on the mound, with Bill Kinnamon doing most of the receiving.

A project to fill and level the infield leaves the squad with only two more scheduled sessions this week, but intrasquad games are on the docket for both afternoons, provided the weather is favorable.
