

### Easterner Club Selects Cohen New President

New officers for present year were elected at Wednesday's Easterners' Club meeting. Art Cohen, founder of the organization, was unanimously elected to the post of president; Peter Bee-lak, assumes the posts of vice president and treasurer; and Bill Boydston became the organization's secretary.

Bill Boydston, Transportation Chairman, outlined the full schedule of the "Student Special," consisting of private, specially-equipped coaches, running on the Burlington Railroad to and from Chicago for the purpose of making satisfactory connections leaving and returning to Lincoln.

#### Train Time.

The train leaves Lincoln at 7:30 p. m. December 20 and arrives in Chicago at 8 a. m. on the 21st. Returning, the "Student Special" becomes a part of the "Advanced Flier," and leaves Chicago at 12:30 p. m. January 5, arriving in Lincoln at 10:40 p. m. on the same day.

The Burlington officials have informed the Easterner's Club that all reservation trains leaving and returning to Lincoln on these days have been sold out, and that the "Special" is the only hope for the eastern students who have not as yet made reservations to return east. All those students, whether members of the Easterners' Club or not, who are interested in taking this train either or both ways are requested to contact Bill Boydston.

Besides notifying Boydston, interested students are requested to purchase coach tickets at the Burlington ticket office before the 15th of this month so the railroad can make appropriate arrangements for the number of people going.

#### Hanging of Greens.

A Christmas devotional program and the Hanging of the Greens will highlight Baptist student activities this week end. A lunch will be served Sunday at 5:30 at the Student center. Dec. 14 is the date for the Backwards Christmas party. Mr. and Mrs. Duane Wil-mot are in charge.

Regular Sunday morning services at the University Episcopal church will be at 8:30 and 11 o'clock.

### Civil Engineers See Construction Film at Meeting

"Bridging a Century," a movie depicting the development and construction of the Golden Gate bridge was shown at a recent meeting of the American Society of Civil Engineers.

Additional comments on the subject were made by Prof. R. E. Edgecome, ASCE faculty adviser. Plans were discussed for the Engineers Week program and inspection trips for the coming year at the meeting. Members were reminded of the Engineers Convocation on Tuesday when John Cramer will speak.

The next meeting of the ASCE is planned for January 15.
