H-Hour . . .

With Publications Board meeting next week to appoint the second semester Daily staff, the office in the Union basement has taken on all the aspects of A-1 efficiency. What with very little time in which to recuperate after vacation, it's rather amazing, to say the least.

The managing editors have taken the whip in hand and are vainly trying to retain some sort of order out of general chaos. The news editors, all five of them, were on hand for the first time this semester. Hopeful reporters flocked to the desk begging for stories, rewrites, anything. Almost too much for the blood pressure!

The office received a thorough cleaning, and even the files are in order, for the first time this year. The only familiar sight was the editor drinking coffee and not being appreciated in the least.

But seriously, Publications Board will be ready, willing and able to interview all interested applicants for staff positions, who feel qualified to fill positions of editor, business manager, managing editor, news editor, sports editor, ag editor, society editor, assistant business manager and circulation manager.

Applications may be obtained the early part of next week, and additional information will be carried in the Daily this week.
