Alvino Rey & Co. On Deck Tonight

Guitar Virtuoso Plays in Union

Alvino Rey's orchestra, complete with singing guitar and the Blue Reys, is slated to appear tonight for an informal dance in the Union ballroom from 8 until midnight.

Risers built on the ballroom stage will afford dancers an opportunity to see the orchestras at work. Added attractions, besides the Blue Reys, will be vocalists Jo Ann Ryan and Jimmy Joyce. Miss Ryan has been featured with the orchestras of Gay Glaridge, Bobbie Sherwood, Al Donahue and Jan Savitt.

Platter Specialist

Rey and his electric guitar have appeared on Coca-Cola spotlight shows and on the Fitch Bandwagon. His recordings include, "St. Louis Blues," "Everything Happens to Me," "Cement Mixer," "That's How Much I Love You," "Sepulveda" and "Guitar Boogie." Tickets, selling at \$5.00 a couple, will cover the entire cost of the dance and may be obtained at both the ag and city campus Union offices. In order to assure ample space for dancing, ticket sales have been limited to 425 couples, Miss Patricia Lahr, Union director, has announced.

Cokes, brownies and popcorn will be sold in the main dining room during the evening, and no further charges will be made for tipping, cover charges or checking.

Sen. Wherry Adamant on AEC Stand

By Roger Moore and Jack Hill
Kenneth S. Wherry, Nebraska's republican junior Senator, said in Lincoln yesterday that his previous statements in connection with the nomination of David Lilienthal to the chair of the atomic commission "still stand."

The republican Senate whip, interviewed at a press conference in the Cornhusker hotel, grew vehement when reporters questioned him on his reaction to statements made by Leland Stowe, war correspondent who spoke in Lincoln Wednesday.

Stowe had said that the Nebraska representative's views on the Lilienthal question were similar to those of a "13th Century politician." The well-known international newspaperman condemned Wherry's attitude on both the Lilienthal controversy and on foreign affairs.

Replies to Stowe

Wherry heatedly answered that he could not understand Stowe's statements since he had never revealed his reasons for objection to Lilienthal either on the floor of the senate or in committee meeting. The republican said he not only had not revealed his reasons but that he did not intend to reveal them now or in the future.

Appearing at the Founder's Day banquet in Lincoln last night, Senator Wherry introduced Owen Brewster, republican senator from Maine and principal speaker at the banquet. Wherry and Brewster have been in accord on most foreign and domestic issues discussed in the senate during the present session.

YW Coke Hour

There will be no YW coke hour today because of the Estes Dance, Nadine Anderson, social chairman, announced.

Netherlands Will Bestow Fellowships

Three fellowships to American students for graduate study in the Netherlands during the academic year 1947-48, from Sept. 1 to July 1, are being offered by the Netherlands government.

These fellowships will be administered by the Institute of International Education and are for study at such places as the University of Amsterdam, Delft Institute of Technology, Universities of Groningen, Leyden, Rotterdam and Utrecht.

Funds.

Unmarried men and women, preferably under 28 years of age, may apply for the fellowships. Each one carries a cash stipend of 1800 guilders which will cover the cost of room and board. Tuition fees are waived by the university. However, appointees must have sufficient funds of their own to pay the cost of passage to and from the Netherlands, travel and vacations in Europe, and incidental expenses. The committee on selection will keep in mind the aim of the Institute to foster international understanding, and will select students who are qualified to represent the United States abroad.

Candidates.

Candidates for these fellowships must present proof of: 1. American birth; 2. A bachelor's degree from an American college or university of recognized standing (or meet this requirement by the summer of 1947); 3. Good academic standing and capacity for independent study; 4. Good moral character, personality and adaptability; 5. Good health. Some knowledge of the Dutch language is desirable but is not a prerequisite.

Neither ex-service men or women entitled to the benefits of the G. I. bill, nor persons who have been teaching for more than four years are eligible for these fellowships.

Panel Avers School Value To Nebraska

Three out of four speakers on the weekly veterans forum yesterday answered "Yes" to the question, "Is the University Meeting the Needs of the State?"

Only negative argument was presented by graduate student Robert Shasteen. As evidence he offered the point that many graduates leave the state when finishing school. He stressed the inadequate facilities and described the school as a "sprawling group of buildings."

Affirmative.

Arguing in the affirmative were Arlis Swanson; Dr. K. O. Broady, extension division director, and Dr. Floyd W. Hoover, assistant to the director of admissions. All three felt that the university was meeting the state's needs as well as possible on the limited budget allowed.

Miss Swanson stressed particularly the cultural advantages such as the speech department's clinics and debates, music choral groups and social welfare on both ag and city campuses.

Dr. Broady, while answering in the affirmative, pointed out several possible improvements, including a better understanding of people in small towns, and adult education through extension work.

Dr. Hoover mentioned handicaps with which the university was forced to work. Among these were the facts that the school is overcrowded and understaffed and that most students do not know what to expect from a university. However, he said, "The quality of the training has not deteriorated."

Gymnast Team Displays Skill In Calisthenics

Forty-two Danish gymnasts presented a spectacular display of rhythmic group calisthenics before an audience of 2,500 at the coliseum Wednesday night.

Performers exhibited muscular flexibility and co-ordination which showed the effectiveness of Danish fundamental gymnastics. The troupe performed to music with grace and precision.

Directing the gymnasts were Eric Flensted-Jensen and Mrs. Lind Boerup.

The team is composed of Danish men and women, 18 to 22 years of age. All members of the group were active in the Danish underground movement during the war, and are students in Copenhagen and other Danish cities.

Crib Faces Intermittent Sugar Grief

Sugar and coke lovers must reconcile themselves to the fact that complete reconversion of the two items has not as yet been effected in the post war world according to Patricia Lahr, Union director.

In the way of an explanation of the current and recurrent lack of commodities, Miss Lahr pointed out that in both cases the Union still is subject to rationing by the government and individual producers.

Quota Recommended.

The Union quota of sugar is recommended by the sugar office in Omaha and that decision is based on a bi-monthly report originating in the office of the director. This report is a compilation of food and refreshment business figures regarding the amount of sugar consumed by customers during the allotted period.

After scrutinizing these figures, the sugar office sends an allotment check which is placed in a local bank and drawn on in the ensuing two months. This report is submitted the first of each month, and the check is received about the tenth. The "in-between" period is often a sugarless one in the event of an unforeseen jump in business, Miss Lahr stated.

While the coke supply is free from government restrictions, the Coca-Cola company still finds it necessary to ration the syrup due to depleted and small reserve stocks of sugar used for coke syrup. The amount of coke which the Union received each month is based on a percentage which the customer used in a corresponding month in 1942. "This, of course, is a figure that is far inadequate," Miss Lahr asserted, "since we are handling ten times the business we did during any month of 1942."

"Until these controls are removed, the Union will operate to please the students to the best of its ability and will ask only that students in turn consider the problems that still confront the management and bear with these inconveniences," Miss Lahr said.

Women's Pep Organizations To Hold Meet

The first convention since 1942 of Phi Sigma Chi, women's pep organization, will be held on the university campus Saturday, with the local Tassel chapter acting as hosts.

Schools represented will be Omaha university, Kansas university, Kansas State, Washburn college, Iowa State and the university. Delegates are to be housed with university Tassel members.

Assemblies scheduled are a breakfast at 9 a. m. Saturday in parlors XYZ of the Union, followed by a meeting in the ballroom. The afternoon meeting will be preceded by a 1 p. m. luncheon in the XYZ parlors.

Reports of delegates concerning rally suggestions are to be exchanged at the conference.

Prom Girl

All unaffiliated girls wishing to apply for Prom Girl may leave their names in the office of the Dean of Women by next Tuesday, Dina Buckingham has announced.

Playing the part of Newsie, a newspaper boy who interrupts the characters and the plot to explain the show to the audience, will be John Carson. Lynn Reed and Doug Peters will portray Yorlick and Schultz, two schemers from the "deep south" intent upon ruining the morale of Aksarben U.

20 in Pony Chorus

Dugie Doyle will be seen at the college president, Al Sage as Prof. Meek, Paul Weltchek as editor of the college newspaper and Tom Cornish, Harold Marer as Ama Love. Willis Jahde will perform a featured vocal solo.

The chorus will consist of 20 men who will sing, dance in the pony chorus and double in minor speaking parts. Fifteen of these parts have been filled, and Whittaker requests that anyone interested in one of the remaining five parts report to the Temple at 7 p. m. Monday.

Those already selected for the chorus are: Rod Franklin, Herb Spence, Jerry Johnston, Dick Beattie, John Anderson, Frank Mann, Knox Kuppinger, Dick Mauch, Hub Rosenblum, Marv Cavender, Rockne Holmes, John Lilly, Bill Campbell, Jack Anderson, Jerry Thomas and Fred Dickinson.

Assistant directors for the show will be Kosmet Klub members Av Bondarin and Bill Palmer. Dance director for the musical will be Donna McCandless.

Dave Haun and his orchestra will play for the show. Tickets will go on sale Monday, March 24. Only 1,650 tickets will be sold for the two evening and one matinee performances of the musical. All seats for the play will be reserved.

Health Clinic Treats 250 Flu Victims

Approximately 250 cases of mild flu have been treated by the Student Health Service, Dr. S. I. Fuenning reported to the Daily Nebraskan yesterday. This figure includes treatment of patients on campus since the end of last week when first signs of flu appeared in Lincoln.

While the campus is far from the epidemic stages, Dr. Fuenning voiced the hope that all students who are feeling ill will go to the Student Health department for a check-up. He stated that prompt care is one of the best defenses against such an epidemic.

Urging strongly against any type of home treatment attempted by the student, Dr. Fuenning asked that the student feel no hesitation in coming to Pharmacy building. "Self-treatment can prove very dangerous," Fuenning commented, "as is any attempt to give instructions thru the Daily Nebraskan for treatment."

The doctor concluded his statement by saying, "the best way to be sure and play it safe is to come directly to us at Student Health."

YW Will Sponsor Estes Park Dance

To acquaint students with the Estes Park Conference, and to explain its purpose, an Estes Dance will be held in the Union ballroom from 4 to 6 p. m. this afternoon.

Pictures of Estes and of what is done there will be shown. A juke box will furnish music for the dance.
