An About Face . . .

Whenever editorial writers ran out of things to say in the past, it was always a pretty safe thing to start throwing brickbats at the Student Health Service. We're doing an about face on the subject today and are directing a "Well done" to Dr. S. I. Fuenning and the rest of his staff.

As recently as a year ago, common word on campus went something like, "If you have anything wrong with you, don't go to Student Health." The entire system had fallen into disrepute with doctors being seriously overworked and treatments being necessarily sketchy.

Arrival of a new director in Dr. Fuenning, coupled with Chancellor Gustavson's active interest in student medical care has brought about an astounding rejuvenation in one of the more dilapidated branches of the university.

Fuenning, young, capable and energetic, has evolved a close-knit, efficient staff which is demonstrating its ability at the present time in connection with the many cases of flu flooding the Student Health offices. The doctor's main task now, after reorganizing procedure, is to regain the confidence of the student body.

While physical equipment in the Pharmacy building is not of the highest caliber, Student Health is managing to surmount this handicap. With prospects of a new building becoming increasingly bright, a new day in Student Health service can be anticipated.

Let's be practical about this fee we pay every semester for Student Health. There's no sense in paying for something you don't take advantage of when you need it. Give Student Health a try. We don't believe that you'll be disappointed.

J. H.

Sanroma, Puerto Rican Pianist, To Appear Here on March 12

Jesus Maria Sanroma, piano virtuoso of Puerto Rican birth, Catalan background and New England upbringing, will appear here in a recital on March 12 at 8:30 p. m. in the Stuart theater.

His name is a common one in Latin countries where the first-born is often called "Jesus." When Sanroma was a child, the government of Puerto Rico sent him to the New England Conservatory of Music in Boston. At sixteen he was graduated with honors, winning the Mason and Hamlin prize of a grand piano. Later he studied in Boston with Antoinette Szumowska, one of Paderewski's few pupils. He also studied with Artur Schnabel in Berlin and with Alfred Cortot in Paris.

Debut.

Sanroma made his recital debut in 1924. Two years later he first appeared with an orchestra, playing the Rachmaninoff Second Piano Concerto with Serge Koussevitzky and the Boston Symphony.

Since then he has appeared all over Europe, including London, Paris, Berlin, Vienna, Madrid, Barcelona, the United States, Canada, Mexico and Cuba. In the spring of 1945, he enlarged his concert field with an extensive tour of Canada and South America. He was featured at the first Pan-American chamber music festival in Mexico City, at Washington's Library of Congress, at the Pittfield, Worcester and Berkshire music festivals, and at a series of Gershwin concerts in San Francisco, Los Angeles, Pasadena, Washington and New York.

Soloist.

In addition to having played with the Boston Symphony as soloist more often than any other artist, he is the only pianist ever to have recorded with both the Boston Symphony and the Boston "Pops" orchestra.

He has given the first American performances of such works as Honnegger's "Concertino," Stravinsky's "Capriccio," Piston's

"Concertino," Ravel's "Concerta," with Koussevitzky and the Boston Symphony Orchestra and of Hindemith's "Third Piano Sonata."

Foundation Needs Student Workers

Students who wish to apply for work on the Student Foundation may fill out application blanks March 10, 11 and 12 in the Student Foundation office, Room 306, in the Union.

Since only a few openings are left, persons interested are urged to leave their names as soon as possible. The application blanks will include signing for newstep writing to the counties in Nebraska and working on the bulletin which is sent to all state high schools.

NSO Schedules . . .

the election of a permanent regional chairman to serve on the executive committee of the NCC and to administer this region.

Voting representation was allowed on the following basis:
Student Body No. of Delegates
Under 1,000 one
1,000-5,000 two
5,000-10,000 three
Over 10,000 four

There is no limit on the number of observers that are allowed.

Representative.

Students all over the world are faced with certain responsibilities, and it is believed that one way in which these responsibilities of the American student can be realized is by the establishment of a non-partisan organization representative of all students in the United States, democratic in principle and practice, and devoted to the needs and problems of students.

PARTYPLANS

Party . . . party . . . party . . . things are looking up lately and not only are things looking up, but people are looking at . . . all the SIGMA NU's who have been trudging around the campus looking like the original Homo Sapiens with their beards, moustaches, and even a few brave souls who've grown sideburns . . . party sounds intriguing, and it's gonna be at the chapter house Saturday night. LYNN REED will lead the boys in their rush for . . . gold (they say) at the annual GOLD RUSH party.

THETA kites will be flying high among balloons 'n things as social chairman COLL QUIGLEY wears the garlands for the evening at their SPRING FESTIVAL formal Friday. Although it's getting to be a habit, Jean Moyer will furnish the notes for the couples . . . at the Cornhusker.

Just to get out of character and become long-haired for a minute, like to mention the

CHARLES WEIDMAN performance at Irving Junior High Monday nite . . . believe me, in case anyone is interested in dance, music or art, it's worth seeing . . . despite the jokes floating around about modern dancers . . .

Highlighting the weekend is the famed BLUE PARTY of the heart boys . . . SIG EPS, that is. Favors for dates, dinner at the Husker, and Dave Haun to play for them at the Turnpike . . . it's an annual party, and a very lovely one. I might add . . . this year, the boy with the plans for Saturday nite is social chairman WALT DOROTHY.

The PM for the week (meaning undetermined, but either Party Missed, or Post Mortem . . . take your choice!), goes to the FIJI ISLAND party of Saturday night last . . . decorations and dress both proved to be extremely . . . interesting, shall we say? Hiding behind a psuedo-palm we

found head islander for the evening, chairman, JEERY JOHNSTON.

Comes Saturday night next, and we have the SIG ALPHAS again . . . they're the "party-in-est" boys . . . and this time it's the annual BOWERY PARTY . . . at the house. They tell me all the antique shops and second-hand stores in town are being raided in search of proper attire . . . strictly formal, of course!! Don't know who the queen will be, but Bowers King, for an evening, anyhow, is BILL SCHENCK, social chairman . . .

Well . . . see you all at a party . . . any party . . . maybe even skiing somewhere . . . BY WY.

Luscious Voluptas Vikingdatter, Nordic beauty starred in the MGN epic "Unfettered," was off the set for three days last week when she contracted a virulent form of von Recklinghausen's disease.

Boxing Bouts Hilite March IM Activities

Intramural activity will step up during the week of March 17 with three big nights of boxing matches culminating several weeks of preparation on the part of some 50 students who will vie for honors and gold medals in the eight weight divisions.

Preliminary bouts will be held on March 18 and 19, with all finals scheduled for March 21. All matches will be held on the main floor of the Coliseum, on the raised platform, and all will be open to the public. Several thousand watched the two nights of boxing last year. With the interest developed in amateur boxing, and the addition of one more night, good crowds are expected for this year's event.

The other test of physical fitness and competition at its best will be water polo. Possibly 40 teams will start regular schedules on March 17 in the Coliseum swimming pool. Games will be only ten minutes long, but those who play will find this time schedule very exacting on stamina and condition.

Badminton will also get under way immediately following the boxing championships, with some 250 men expected to participate in the game. Two tournaments will be held, the team tournament and the all-university individual championships.
