VA Issues Vets Leave Pay Rulings

Two rulings of importance to all veterans under Public Law 346 (the G.I. bill) have just been released by the Central Office of the Veterans Administration in Washington, D. C.

Ruling No. 1

Students under Public Law 346 who plan to attend summer school will not be paid subsistence through the nine-day interim period between the end of the second semester and the beginning of summer school unless they specifically ask for it. The Veterans Consultation Board had previously been informed by the Veterans Administration that the payment of subsistence through the interim period would be automatic, but under the more recent ruling such is

not the case. Therefore, all veterans under Public Law 346 who will attend summer school and who wish to have their subsistence continued through the interim period should report to the office of the Consultation Board, Room 101 Me-chanics Arts Hall, to fill out the proper government form. If a veteran asks for and receives this interim subsistence, his time entitlement will also be charged the corresponding amount which will in turn be deducted from

his leave account. Ruling No. 2

All veterans under Public Law 346 who are completing their courses through graduation ARE NOT ELIGIBLE TO RECEIVE LEAVE SUBSISTENCE which has accrued to their credit. Such leave subsistence, however, may be collected if that veteran reenters training at some later

date following graduation.

Professor Colbert, Director of the Veterans Consultation Board at the university, commented as follows on these two rulings: "Based on past experience, I am fearful that Ruling No. 1 will result in a delay of subsistence checks to those attending summer school. Such students will be taken off the payroll by the Veterans Administration at the close of the second semester, and will then have to be put back on again at the beginning of summer school. I sincerely hope, however, that my fears prove to be unfounded.

"As to Ruling No. 2, I find myself in disagreement with the Veterans Administration, I have read the Veterans Administration directive covering leave subsistence, and I cannot understand how they interpret that ruling to mean that graduating veterans are not eligible to receive accrued leave subsistence as provided under the law."

To Show Interest In Uni Magazine

A campaign to prove to university officials that there is student interest in a campus magazine is being carried on by Jerry Johnston, Jo Fankhauser and John Slothower, committee for the proposed magazine.

Petitions are being circulated throughout the organized houses for student signatures. There will be a petition posted on the buloffice for those students not living in an organized house who wish to sign.

Sigma Xi Observes Semi-Centennial

The University of Nebraska chapter of Sigma Xi, national scientific research society, ob-served its fiftieth anniversary at a banquet Wednesday night in the Union.

The Nebraska chapter was the ninth in the country to be organized by the national society which now has 99 local organizations. Since its founding it has had 886 members and 776 associate members. Nearly 100 on its membership roster have been listed in Who's Who of America, and 35 of them have become "starred members" in American Men of Science. About 145 faculty members of the letin board in the Daily Nebraskan university are now Sigma Xi members.
