Convo Schedule For '48 Told

Speakers Include Alaska Governor, Louis Adamic

University convocations are scheduled to begin early in October according to Dr. Karl Arndt, faculty chairman of the university convocations committee. Commitments have already been made to bring six outstanding speakers to the campus during the fall term.

Convocations will be scheduled during class hours, at times when the greatest number of students can attend without missing class periods. With few exceptions general dismissal of classes will not be granted.

KK Workers Meet Monday

Organization of Kosmet Klub workers has been scheduled for 5 p. m. Monday in the Kosmet Klub room of the Union, Av Bondarín, business manager, announced today.

Each organized men's house may send a maximum of two representatives or sophomore standing. Unaffiliated men of sophomore standing interested in working for the Kosmet Klub may also attend.

This year the Kosmet Klub will sponsor the traditional Interfraternity Sing, the spring musical comedy and the fall revue at which the Nebraska Sweetheart and Prince Kosmet are presented.

New Student Health

Most of the speakers can be accommodated in the studio union ballroom. The only exception to date is the convocation opening the new student health building. This will be held in the coliseum and feature Dr. Harold Diehl, director of student health at the University of Minnesota.

Gov. Ernest Gruening of Alaska will speak early in the fall. Gruening is one of the outstanding proponents of statehood for Alaska, and has since assuming office in 1939 led the territory in the development of its economic and military potentialities in the modern air age. Previous to his appointment as governor of Alaska Gruening had had an extensive career in journalism.

Noted Liberal

Other convocation speakers this semester will include Louis Adamic, noted liberal author; Viljalmur Stefansson, early Arctic explorer and authority; John T. Flynn, conservative author and economist; Charles Phelps Taft, liberal republican who served under both Roosevelt and Truman; and Carey McWilliams, outstanding liberal spokesman.

Additional speakers will be announced at a later date by the faculty committee in conjunction with the convocations committee of the student union board.

The convocations, which are free to all university students, are financed by funds thru the above two organizations.

Sorority and fraternity pictures will be taken Monday, Tuesday, Wednesday and Friday between 5 and 9 p. m.

Nadine Anderson, managing editor, asks that all unaffiliated students who desire their pictures in the yearbook make appointments immediately in the Cornhusker office.

All pictures will be taken at the Warner-Medlin studio in the Federal Securities building. Each person should pick up his own proofs three days after the sitting and return them again within three days.

Students whose pictures will appear in both the organized house section and the class section should order two pictures. Only those students who are members of honorary societies should order three pictures.

Ag Union Asks Student Help

Ag union officially opened for the fall term on Wednesday with a plea for more help.

Students interested in working part time should contact Mrs. Richard Hiatt at the union office. Waiters, cashiers, bartenders and janitors are needed.

The union will be open daily from 7:30 a. m. to 10:00 p. m., with the exception of an hour and a half between 6:00 p. m. and 7:30 p. m. Saturday hours will be from 9 a. m. to 1 p. m. and Sunday's schedule is from 5 p. m. to 10 p. m.

Mrs. Hiatt suggested that students submit suggestions as to future activities that the Union should sponsor. Suggestions need not be signed and should be turned in at the office.

Yearbook Sets Schedule For '48 Pictures

All organized students on the campus will receive a schedule for photographs to be used in the 1948 Cornhusker, according to Joanne Ackerman, editor.

Student Health Service Program Newly Outlined

A special booklet outlining the revised student health program is being prepared by Dr. S. I. Fuening, director of the service, for issue to all entering students at orientation lectures after October 1st.

All phases of the expanded program cannot go into effect until the student health service has moved into its new building on the Mall early in November. Until that time the health service will continue to serve the students to the limit of the restricted facilities and staff in its old location on the second floor of pharmacy.

Appointment System

"Limited facilities by necessity require us to take students by appointment except in the case of emergency," Dr. Fuening stated. Appointments may be obtained either by phone or by stopping at the student health office.

Limited personnel prevents staff calls outside the office except for emergencies on the campus proper. If medical service is needed by students within residence houses they may obtain at their own expense, the services of staff doctors through the health service.

24-Hour Service

When the new building is opened student health service will be available 24 hours a day at the medical center. Until then the department offices will be open on the city campus from 8 to 12 a. m. and 1 to 5 p. m. weekdays, and from 8 to 12 on Saturday. Service is available at the Ag Campus in the Student Activities building two hours daily, from 8 to 9 a. m. and 1 to 2 p. m. excepting Saturday.

Treatment of bed patients will be possible with the new program when the additional facilities are completed. Until that time the University will reimburse hospitalized students with \$2.50 per hospital day, not to exceed 7 days time for non-contagious confinement, or 21 days in the case of contagious diseases during one semester.

Special diagnostic and laboratory procedures will continue to be offered the students at cost when required. Such things as X-rays, photographs, basal metabolism tests, electro-cardiographs and routine hospital tests are thus available to the student at less cost than outside the university.

Tryouts Slated For First Play Of '48 Season

Tryouts for University Theatre's first production, "Joan of Lorraine," by Maxwell Anderson will take place in room 201, Temple building, from Tuesday, Sept. 23 to Thursday, Sept. 25, from 7 to 9 p. m. An additional tryout period will be held from 4 to 6 p. m. Wednesday.

All regularly enrolled students are invited to try out. Students should plan to attend at least two of the four tryout periods.

The play will be presented Oct. 29, 30, 31, and Nov. 1. "Joan of Lorraine" is the story of one of history's most controversial figures. The story is told by famed playwright Maxwell Anderson, who has brought the Maid of Orleans to the stage in a vivid and interesting style.
