## Over 2,000 Attend Union Open House

Over 2,000 students filled the Union Friday night at the annual fall open house held to acquaint students with Union facilities.

Competitive spirit of the evening was provided in the bridge and ping pong tournaments. Winning team in bridge was that of Joe Shenk and George Corey. Twenty-eight participated in the duplicate bridge tourney conducted by Dale Ball, official Culbertson instructor. All teams played duplicate hands.

Floor show in the ballroom included a ventriloquist act by Bud Levinson and a demonstration of Latin American dance techniques conducted by Miss Donna McCandless. Ed Trumble, dance chairman of the Union activities committee, served as master of ceremonies and co-ordinator of mixer dances. Donna Alfrey, general open house chairman, was presented a bouquet from the Union.

One of the main attractions of the evening were the puppet shows, "Dutchy," "Ballerina" and "Springerly" which were shown by Miss Marjorie Shanafelt. Each of the three performances were given before a capacity crowd. Miss Shanafelt, who has been with the university museum since 1916, displayed eight stunts with elaborately costumed puppets from 30 to 48 inches tall.

Miss Alfred was assisted by a committee composed of Walt Simon, Marl Ellen Schroeder, Bob Gillan, Bob Easter, Jeanne Kerrigan, Ed Trumble and about 40 hosts and hostesses who are Union committee workers.

The Union board plans to set up a booth on Tuesday and Wednesday of this week to recruit committee workers and chairmen for the activities committee.

## Gadget Sends Lincoln Girl To Hollywood

When Elizabeth Ames left the university six months ago for a vacation in New York little did she dream her one-handed purse-sized perfume atomizer would produce a three figure weekly salary and prospective thousands in royalties.

The aluminum gadget she thought up in a college physics class is the size of a small cigarette lighter, based, Miss Ames said, on Archimedes' principle that two things can't be in the same place at the same time. The trick, Miss Ames explained, is its three chambers—one for the plunger, one for air and one for one-half dram of perfume—which makes it leak-proof.

Miss Ames arrived in New York with the plans for the atomizer in her pocket. At a party, she said, she met a man who was looking around for something to sell. He is now president of Elizabeth Ames, Inc.

"What I really want is to be a movie star," she said. The business success is a means to the end—"at least I won't have to worry about eating."

In addition to the money the gadget already has got her one hope for Hollywood. Someone saw her picture in a trade magazine and offered her a screen test.

## Negroes, Foreign Students Hold Get Acquainted Party

The Newman Methodist church at 23rd and S sts., will hold a get-acquainted party for all Negro students Sunday evening at 6:30 in the church, Rev. G. W. Harper announced Saturday.

Reverend Harper also stated that residents of International House and any other university students interested in attending the social gathering are invited to attend. He added that the church social committee has a short program and refreshments planned.

*They're on their way up!*

*will you join them after you graduate?*

**Y**ou probably know a number of men in your class who were pilots in the wartime Air Force. They are the best advertisements for the Aviation Cadet program. Talk with them about it.

Chances are, they'll tell you their service as pilots was one of the most interesting and exciting phases of their lives. Fast action, comradeship, and the chance to serve their country paid them dividends they don't forget . . . added something to their stature and poise that they couldn't have gotten anywhere else.

Cadet life today is no different. As a potential pilot in the new U. S. Air Force, you serve at a time of equal importance to the nation. Freedom, responsibility, the chance to use your own initiative are all yours.

The training you get is the finest your government can provide — \$35,000 worth for every Cadet.

You're taught by skilled instructors, fly the best airplanes. Your living facilities are excellent.

Learning to fly today opens profitable fields to you in aviation — which is expanding more rapidly than at any other time in history.

Pilot training is open, now, to single men, 20 to 26½ years old, who have completed at least one-half the credits for a degree from an accredited college or university — or pass an equivalent examination. Cadets completing the course will be commissioned Second Lieutenants, ORC, and assigned to active duty as pilots with the Air Force. During their tours of duty they will be given a chance to qualify for Regular Air Force Commissions. This is *your* opportunity! Look into it today at your nearest U. S. Army and Air Force Recruiting Station.
