

### Straight Skinny

BY MARY SUE HOLLAND

Best excuse yet for breaking a date to the Homecoming Dance came yesterday when DG Jo Van Horn very apologetically called TKE prexy Bob Atwater and told him she was so sorry. Jo is the proud wearer of a diamond, received last weekend from Ralph Sponberg. The girl is happy, but what about poor Bob, who is now really worried about that phrase, "Don't be lonesome, dance with Olson." (Plug).

Last weekend was a big one with Halloween and migrations to Missouri taking top honors. If you had looked Friday night you would have seen Bob Walters and Dick Russell, Phi Delt, running from door to door with threats of "tricks or treats." Boys will be boys!

D. G. pledge Kay Menke and Sig Alpha Harry Galloway (they drive by night) made the trip down and brought Pat Gaddis and Norm Walt back with them after their busy weekend.

A.T.O. Jerry Jacupke has that age-old problem—Is he in love or was his spirit a little high when last out with his mystery girl. Who can she be Gerald old boy?

A.T.O. Warren Jacobsen and Alpha Phi Jo Weatherbee are a well known duo about campus. However, it's been rumored that there is one little gal who would like to see this affair busted, not to mention Jo, who is never at a loss for offers.

Phi Delt Don McKay was seen dancing at the Pike's Twilight dance Sunday night with an old friend, Theta Sally O'Shea. Also enjoying the evening were Delta Gamma Mimi Smith with that dapper A.T.O. Don Bergquist and Kappa Delta Arlene Peterson with ever-jolly Dugie Doyle.

If Pi Phi Fran Copsey and Sig Alph Archie Merhoff are seen smiling broadly from ear to ear, and seemingly in another world, it's not because their six weeks reports were what they wanted, it's because these two have called it a steady deal.

## UN Extension Enrollment Sets Record

A new high has been reached with this year's enrollment in the university's off-campus classes held in 22 Nebraska cities, according to Dr. Merle Stoneman, assistant director of the university extension division. The number of students, over 90 percent of them public school teachers, is expected to exceed 1,400 this school year.

Coming to classes from all parts of the counties in which the cities are located, these students work to secure bachelors degrees or advanced masters degrees, or fulfill the study requirement needed to keep state teaching certificates in force.

Courses include English, social sciences, speech and art for those seeking bachelors degrees, and public school law, educational psychology, guidance and audio-visual education for those seeking advanced instruction. Regular university faculty members teach the courses.

Enrollment this fall totals 486 students, Dr. Stoneman said. Registration the second semester is expected to exceed 800, which when combined with last summer's enrollment of 86 will boost the total over 1,400 for the current school year. In 1946-47 enrollment totaled 970. In 1945-46 when the program began, enrollment was 400.

## Nebraska Weed Man to Survey Hawaiian Isles

An outstanding Nebraska weed expert, Noel Hanson of the Ag College staff will leave in the near future for the Hawaiian Islands, it was announced Wednesday. Hanson will be on leave from the university to consult with the Hawaiian Sugar Planters' Association on weed control.

Assistant agronomist at the station here, Hanson has conducted extensive experiments on controlling weeds with chemical herbicides. He is the secretary of the Nebraska War on Weeds committee.

The Nebraskan will confer with the Association's officers in regard to experimental work being conducted on the mainland and report progress on the use of new herbicides.

The first two weeks will be devoted to a survey of the weed problem on the islands. Small plot work and field demonstrations will be done, and, if possible, the information will be embodied in a report to the experiment station in Honolulu.
