

Announce Ag Schedule for Registration

Dean Burr of the Ag college announced that the registration procedure for ag students will differ from that used on the city campus.

In the new procedure, no "permits to register" will be issued. Students must arrange their own conference with their adviser, at which time the worksheet will be filled out. Conferences may be scheduled for any time after Dec. 8 and must be completed before Dec. 20.

After the worksheets have been carefully filled out, students will personally present them to an assignment committee which will have its headquarters in room 105, Plant Industry. Schedule for presentation is as follows:

Seniors and Juniors, Dec. 15 to 20, inclusive.

Sophmores and Freshmen, Jan. 5 to 10, inclusive.

All Junior Division students will be required to return to their adviser's office after Jan. 5 to pick up their worksheets and take them to the assignment committee.

Pre-registration will not be completed until the final check on program and section schedules is made by the assignment committee. The committee will assume
