

# Nebraska Trackmen Win; Trounce Wildcats, 73-31

BY FRITZ SIMPSON  
(Daily Nebraskan Sports Editor)

Nebraska University's track team gained a decisive victory last night when it trounced Kansas State under the east stadium, 73-31.

Two meet records were broken during the evening. Don Cooper, Husker pole vaulter continued on his record-smashing way by vaulting 13 feet 8 1/2 inches. This mark eclipsed the old meet record of 13 feet 7 inches set by Hunt of Nebraska in 1942. Rodney McClay of Kansas State grabbed second in that event, and the Huskers' Jim Meyers took third.

Monte Kinder was the other Husker to break a meet record. The Cambridge athlete leaped 6 feet 3 1/8 inches to better his old meet mark of 6 feet 1 3/8 inches. Orville Glass broke the old record as he took second with a jump of 6 feet 2 1/4 inches. Ray Magsamen gave Nebraska a clean sweep in that event by taking third.

Bill Moomey romped home ahead of the crowd to capture the 60-yard low hurdles. His time of :06.9, although it failed to break the meet record, equaled the Big Seven indoor mark held by Joe Shy of Missouri, set in 1943. Bob Berkshire and Al Thompson took second and third, respectively, to give Nebraska another sweep in that event.

Loyal Hurlbert took a shot at the half-mile distance instead of running his specialty, the 440-yard dash, and managed to capture second place in 2:05.

# Water Cagers Will Invade Coliseum Pool

Intramural Director L. E. Means announced Tuesday that water basketball will be substituted for water polo this year when action starts, March 8, in the Coliseum pool.

Rules in the water sport are very similar to basketball with each team having five men. The ball used is a fully inflated rubber water polo ball. It may be held with one or both hands and may be thrown, pushed, dribbled between shoulders or carried on or below the surface of the water. Any man carrying or holding the ball beneath the surface may be tackled or held under water until he releases it.

The area of play in the pool will be from the west end to the 50 foot line. No goals will be scored beyond the 40 foot line and two points will be scored for a field goal and one point for a freethrow as in basketball.

Play will be divided into halves consisting of six minutes each. If the score is tied at the end of the regulation time, players must play two overtime periods of two minutes each, at the end of second overtime, if the score is still deadlocked both teams will shoot free shots to determine the winner.

NROTC units. Play will start February 26, with entries due at 207 Coliseum not later than Thursday, February 19 at 5 o'clock.
