

Iowa State Cyclones at Half Mark in Year's Wins, Losses

Ames, Ia., June 9.—Iowa State College sports statisticians checked the win and loss columns for all sports during the past year and found that the Cyclones were at the halfway mark in victories and defeats in 91 dual encounters with opponents.

The Cyclones chalked up 46 wins, 43 losses and a pair of ties in 91 contests involving nine sports.

Most Wins.

Basketball accounted for the greatest number of wins with 14 victories against nine losses. The wrestlers won five, lost five and drew one match. However, Glen Brand will be representing the United States in the Olympics in London, England, this year in the 174-pound division of the wrestling finals.

Under Coach Abe Stuber, the Cyclones won three football games and dropped six, scoring 111 points to 141 for their opponents and ending in fifth place in the Big Seven.

The cross country squad won

one and lost two of their jaunts. They, too, ranked fifth in the conference. The basketball squad counted 14 wins to nine losses and annexed fourth spot in the conference. The swimming team won four and lost two matches, then copped first place and conference championship in the meet at Nebraska.

Third Place.

The wrestling squad took third place in the conference meet in Boulder, Colo. They had a record of five wins, five losses and one tie for the year. The track squad romped to three wins, lost two meets and tied one for the year. Coach "Cap" Timm's baseball team won seven, lost 12 during the year and ranked fifth in conference standings.

Divot diggers went on this spring to win four and lose one golf match. They won the Iowa Intercollegiate Golf tournament and placed fourth in the conference meet at Lincoln, Neb. Tennis team members won five, lost four and placed fifth in the Big Seven tournament at Lincoln, Neb.

Clark Plans 'Fair Shake' For Freshmen

"A fair shake for every freshman reporting for football."

That has been Coach George (Potsy) Clark's aim since he took over the duties of coach and athletic director at the University of Nebraska.

In addition to an enlarged freshman coaching staff, Coach Clark announced today that 50,000 square feet of the practice field where the freshmen work out will be sodded this summer. Work of preparing the ground and grading has been started.

"The first-year men are not only entitled to more individual attention but a decent place upon which to hold their workouts," he said.

The varsity used the freshman field, which lies between the Field House and the Coliseum, this spring. Players were sometimes hardly discernible due to the clouds of dust.
