Griswold to Address First Convocation

... In Union Tuesday

Dwight Griswold, former governor of Nebraska and recent chief of the American aid mission to Greece, will address the opening all-university convocation in the Union ballroom at 11 a.m. Tuesday.

Griswold, who graduated from the University in the class of 1914, will give a first-hand report on Greece. He will be introduced by Dr. Carl W. Borgmann, dean of the faculties.

Stabilized Government.

One of the first problems Griswold faced in Greece was stabilizing the Greek government. He played a major role in the difficult task of inducing the Liberal and Populist parties of Greece to form a coalition cabinet.

Griswold directed the entire AMAG program, a 350 million dollar effort. Some of the AMAG's accomplishments included strengthening the Greek national army, blocking a spiral of inflation which threatened to destroy the Greek currency system, reconstructing roads and clearing ports.

Ancient Canal Opened.

It also reopened the Corinth Canal, and helped the Greek Gov-

ernment institute tax reforms and civil service.

Prior to his assignment in Greece, Mr. Griswold served with the U. S. Military government in Germany as director of the communication and public welfare division.

Faunce's Aerials Wreck Huskers

BY HAROLD ABRAMSON.

Minnesota's height proved too much for a stubby Nebraska backfield as the Gophers took advantage of a weak Husker pass defense to beat the Scarlet and Cream 39-13 in Minneapolis Saturday.

Both Fischers, Ken and Cletus, suffered injuries.

Jean Blaha Chosen '48 'Hello Girl'

Jean Blaha, Ord junior, was presented as the 1948 "Hello Girl" Friday night at the annual BABW Hello dance. Miss Blaha is in Teachers college; she is a member of Tassels and a dorm counselor at the Women's Residence hall.

The new "Hello Girl" was chosen from representatives from 19 independent organizations on the campus. Miss Blaha represented the Women's Residence hall in the contest.

Lois Gillett, last year's winner, made the award and presented Miss Blaha with a bouquet of roses.

A large crowd filled the Union ballroom for the dance. Streamers of crepe paper were strung across the ceiling but were pulled down before the evening was over. Free cokes were served during the intermission.

This dance was the sixth annual dance since the affair was started back in 1943. The first dance was put on for the soldiers stationed at the Lincoln Army Air Base and members of the ASTP unit at Nebraska.

Thompson Throws Damper On Student Parlay Players

The football parlays that for the last two weeks have been heavily distributed on the campus may have met their Waterloo.

Dean Thompson, dean of student affairs, has revealed that he has already halted the flow of parlays to the campus from two sources.

Parlays are not new on the campus. Last year parlays of

all type were distributed with the heaviest gambling done during the football season.

The dean said, "I am against gambling of any type for students, and I will try to stop anything that will take their money from them."

"The two sources of parlays that were stopped were run by persons outside the university," stated Dean Thompson.

The Huskers gave Coach Bernie Bierman's squad some bad moments in the opening half and even managed a 13-12 lead for awhile in the second quarter.

Nebraska's first touchdown came in the first quarter when Ev Faunce, Minnesota backfield ace, fumbled a bad pass from center on his own nine-yard line. Faunce evidently didn't see the ball or couldn't find it. Bob Schneider was alert to the situation and scooped the ball into his arms to tie the score at 6-all for the Cornhuskers.

Another fumble in the Minnesota backfield set up the only other Nebraska score. Field fumbled when Tom Novak hit him and Novak recovered on the Minnesota 25. Dick Hutton scampered to the 19 on a pass from Ferguson and Novak hit the center of the Gopher line to rack up a first down. With first down and 18 yards to go for paydirt Novak faked the ball to Hutton and then handed it off to Cletus Fischer who skipped around right end for the touchdown.

Pass Defense Weak

The Husker pass defense was very weak. They allowed the Gophers to complete seven out of eight passes during the first half and Minnesota piled up 161 yards through the air lanes. Minnesota's line was not all it was touted to be however. Nebraska plays through the line gave them four first downs and 60 yards through rushing in the opening half.

The sky above Minnesota's Memorial stadium was filled with footballs and Ev Faunce had plenty to do with it. Faunce opened the aerial attack early in the first period when he flipped a pass to Bud Grant on the Nebraska 37. Faunce had plenty of protection

AWS Board Will Explain UN Activities

Freshman women who are wondering when they may participate in campus activities will have their questions answered at a meeting Wednesday in the women's dorm ballroom.

Beginning at 9:15 p. m., the meeting will be sponsored by the AWS Board to orientate freshman women with the names and purposes of all campus activities. The AWS Board will also point out how freshmen can get into these activities.

This meeting will be the first of two meetings to be held before the annual Activities Mart, also sponsored by AWS, which is scheduled to be Oct. 25. The second meeting will be held Oct. 13, when the presidents and heads of all organizations will speak for their own activity. This is the first year that such meetings have been held prior to the Mart.

Since freshmen women cannot participate in activities for the first six weeks, the Mart is planned to follow immediately after six weeks exams. It will be held in the Union ballroom from 5 to 6 o'clock on Oct. 25. At this time, all women's organizations will have booths and members will explain the details of each activity. Freshmen will then be able to sign up at the booths of the organizations of their choice.

Notice to Premed Students. All premedical students who apply for entrance to a medical college in September, 1949, must have taken a medical college admission test (commonly called aptitude test). During this school year, such tests will only be given October 30, 1948, and February 7, 1949. Students are urged to take the first of these tests since many medical colleges are making an early selection of students for the class entering in 1949. Applications to take the October 30 test must be sent by the students to the Educational Testing Service, P. O. Box 592, Princeton, N. J., before Oct. 16, 1948. Since students may not register for the test after this date, it is urgent that they immediately see the premedical adviser, 396 Bessey hall and obtain the necessary forms and information.
