## Weir Works Two-Milers

While thoughts around the campus have been focused on Patsy's eleven, the fall track squad has been working diligently to make a good showing in the autumn two-mile meets.

Coach Ed Weir is having quite a problem as two of his veteran two-milers are missing and a third is not up to his previous form.

The squad lost its opener at Colorado last weekend, and were hampered by the wintery weather of the previous week. This week they have been taking advantage of the break in the weather and have been working outdoors every afternoon.

Monday and Tuesday workouts were mainly concerned with over-distance work while Wednesday and Thursday were devoted to pace work. The tracksters ran under-distance, concentrating on holding a ten-minute pace. Today a time trial over the full route will be held.

Next meet on tap for the Huskers is a dual with the perennially strong Kansas two-milers at Lawrence, Oct. 23, before the gride game. Coach Weir is hopeful of an improved showing over the Colorado dual, as this and next week's work should give his green squad a chance to iron out the kinks.

Coach Weir is still calling for more freshman candidates, as the first postal meet is less than a month away. A few freshmen have come out and shown promise, but more or urged to try. He also hopes that candidates, freshmen and varsity, who plan to come out later in the year will start now as the workouts will aid them later on.
