According to advance notices, Coach Harry Good's basketball team is not expected to set the world on fire this year. The Husker cagers will be pushing for second or third place, however.

Early predictions give the Oklahoma Sooners the edge on paper with Missouri or Kansas State giving them a hard time. Good says that, on the basis of returning personnel, the Sooners should be given the nod.

Good to Develop Ball Handling

The basketball tutor believes his greatest problem will be developing a good ball handler. He will probably form the nucleus of his team around Bob Cerv, Rod Cox, Claude Ketherford, Bus Whitehead, Dick Schleifer, Dick Srb, Paul Shields, Henry Cech and Anton Lawry.

Biggest question mark will be sophomores Bob Gates, Bob Malecek, Bob Pierce and Jim Walsh. How they perform under fire will have much to do with the team's chances.

The Huskers will get their first look at conference competition Dec. 27, when the Big Seven begins its annual tourney in Kansas City. Nebraska plays Kansas State in the first round of the double elimination tournament. The eighth team in the tournament will be Harvard University which will open against Iowa State.

Huskers to Play Sooners Saturday

Turning from basketball to football, it looks like Nebraska's Cornhuskers are in for a long afternoon when they play Coach Bud Wilkinson's Sooners at Norman next Saturday. The Okies are fresh from what some of the experts term an upset victory over Missouri, and they will not likely take any chances.

Coach Patsy Clark may have a few tricks up his sleeve by game time and the Huskers who regained some confidence last Saturday may do the unexpected. Oklahoma has never been too strong against Nebraska, having won only eight out of 27 games. We doubt if the score will be to high regardless of which team wins.

Fischer Captains Huskers Against Oklahoma Eleven

Coach Patsy Clark sent the Husker varsity through pass drills in Tuesday's practice session and then finished up with running plays through the Scout club's line.

Neal Mehring's scouts also demonstrated Oklahoma plays for the Cornhuskers. Patsy cut the practice session short because of stormy conditions.

Fischer Game Captain

Cletus Fischer, St. Edward back, was named to captain the Nebraska squad against the Oklahoma Sooners.

Kenny Fischer, Bob Ackerman and Frank "Dutch" Meyer were still sidelined with injuries while Tom Novak continued to practice without pads. George Bostwick watched from the side on crutches.

The Scarlet coach continued to stick by an earlier statement that he "would start the same eleven which went into the Kansas State game last week."

Same Eleven Starts

This means that barring injuries Howard Fletcher and Bob Schneider will be at the ends; Fred Golan and Jim Godfrey, tackles; Fred Hawkins and Mike DiBiase, guards; Bob Costello, center.

Junior Collopy, Del Wiegand, Bill Mueller and Phil Young will start in the backfield.

Patsy moved Bill Sloan, who played on his 1945 team, up from the scout squad. Sloan will be used as a place kicker.

Freshman player, Rick Yost, starts run which climaxed in 35 yard sprint as the varsity scrimmaged L. F. "Pop" Klein's frosh squad.

After two postponements, the intramural touch football finals will be played Wednesday evening at 4:30 on Ag College and Peter Pan fields.

Beta Theta Pi and Delta Upsilon will tangle at Ag College to decide first place in the Interfraternity loop, and Alpha Tau Omega and Beta Sigma Psi will meet at Peter Pan for third position.

Delta Tau Delta goes against Kappa Sigma in the other tilt at Peter Pan. This contest decides fifth place in the standings.

be posted on the intramural bulletin board Thursday, November 11, and all players should see their pairings and arrange matches at once.

Any man in the university may enter this singles event and matches may be played in the Coliseum basement, Room 105; the Phys Ed building, or in the student Union basement.

An official intramural medal and a merit certificate will be awarded to the champion.

Goetz Continues Assault On IM Swim Records

Paul Goetz continued his assault on intramural swimming records Tuesday evening.

The fast-moving record-holder of the 220-yard freestyle event added the 100-yard backstroke and 75-yard individual medley to his list of victories in the second day of preliminary action. Goetz churned to a 1:10.5 mark in the backstroke, breaking Bill Fenton's 1946 mark of 1:11.2. Chick Thompson, Beta Theta Pi, also cracked Fenton's time with a 1:10.7 clocking. Other qualifiers were Ted Huston (Phi Delt); Jim Woodworth (Phi Gam); Andy Miller (Sigma Nu); Tom Kokjer (DU); Jim Stoddart (Beta); Peters (Beta Sig); Dick Duxberry (Sigma Nu); Darling (Sig Ep); Hoffmeister (Kappa Sigma) and B. Hendrickson (Phi Psi).

Eicher Tops Freestyle

Don Eicher, Sigma Alpha Epsilon, led the qualifiers in the 100-yard freestyle with a 1:05.8 mark. Others who qualified were Eldon Able (Ind.); Jim Woodworth (Phi Gam); Don Smith (ATO); Don Heins (SAE); Bryce Crawford (Phi Psi); Alex Legge (Beta); Horstman (Sig Ep); Gene Everett (ATO); Bob Kinsey (Phi Delt); Brennan (Phi Gam) and Walt Gass (Phi Psi).

Goetz' time in the 75-yard individual medley was :48.9. Jerry

Seigel (Beta); Ted Huston (Phi Delt); George Andreeson (Ind.); Myers (SAE); Walt Gass (Phi Psi); Don Cook (ATO); Fritz Simpson (Phi Psi); Bill Pomeroy (Beta); Bill Morrow (Sigma Chi); Larry Bosley (ATO) and Paul Johnston (DU) were the other qualifiers for tonight's semifinals.

Semi-Finals At 8 O'Clock

Tonight's action begins at 8:00 and spectators are urged to use the center east-side door to the Coliseum for admittance.

The six events on the evening's agenda include the 50-yard freestyle, 100-yard breaststroke, 220-yard freestyle, 100-yard backstroke, 100-yard freestyle and the 75-yard individual medley.

Finals in the swim meet are scheduled for 5:00 p.m. on Friday of this week.

We've proved it!

Problem: To hold down costs, and speed the extension of telephone service.

Solution: High-strength wire whose use allows the span between poles to be increased from 150 feet to more than 300. One pole now does the work of two.

The problem, of course, is a continuing one for telephone people. High-strength wire with required electrical qualities is only one of many things they have developed to help solve the problem in these days of high construction costs.

In total, their developments are the reason why telephone service here is the best in the world—the reason why a telephone call costs only a few pennies.
