

UN Official Urges Group Cooperation

Community groups could do much to promote an understanding of the United Nations by pooling their efforts, according to Roger Albright, director of the education division of the Motion Picture association of America.

Speaking before a group of Nebraska community leaders Monday evening on this campus, Albright explained that his agency collects and distributes educational films to hundreds of film libraries throughout the nation. His address was part of Nebraska's three-day school on United Nations for Community Leaders.

Few Pooling Efforts.

Albright reported that many Women's Clubs, PTA, and AAUW chapters have "International Understanding" listed as a study topic for the year, but that few of them have thought of pooling their efforts into an all-community program, instead of just a club program.

He pointed out that United Nations is not merely a political organization. "The U.N." He said, "is an idea—it must have mass participation and mass education to succeed. Motion pictures can be a very effective means for mass education and there is no good reason why a picture can't be shown to the whole town instead of the whole club."

To Consider Radio.

At its Tuesday morning session, the school will consider the use of radio as a means of furthering the cause of U.N. Speakers will be Brian Meredith and Dorothy Lewis, both members of the U.N.'s public information radio staff.

G. Etzel Percy, Kansas City, Mo., system geographer for Trans-World Airlines will speak at a luncheon Tuesday noon at the Union. His topic is, "Aviation in a United Nations World."

Fallacy!

A modern fallacy: thinking that when the form of government is changed the heart of man is changed too.

Dimintry Markevitch to Appear In Union Ballroom Sunday at 8

Dimitry Markevitch, world-famed cellist, who will appear with the University Symphony Orchestra at 8 p. m. Sunday in the Union ballroom is touring the United States after one of the most successful European concert tours ever made by a concert artist.

This is borne out by the amazing list of reengagements he has been offered following his European recitals. Following a recital in Vienna, Austria, Markevitch was reengaged at once for an appearance with the Vienna Symphony orchestra and for an additional recital in 1949.

To Tour Spain in 49

A concert in Barcelona, Spain demanded immediate reengagement for a tour of Spain in 1949. At Santander his success was so tremendous that a second performance in the same city was given three weeks following his first performance.

The island of Madeira proved no different. Two recitals and Markevitch was reengaged for another series of performances and for an entire tour of Portugal in 1949.

In Holland, a critic on The Hague newspaper, "Nieuwe Courant," stated "I hope that Dimitry Markevitch may return soon to play for us again; it should be a genuine musical feast." He was engaged for a complete tour of Holland in 1949.

I. D. Cards Necessary

In Belgium after an appearance

playing the Dvorak Concerto with the Belgian National Orchestra, Markevitch had to repeat the same program six times and also had to repeat his performance with the orchestra in the nearby city of Gand. He was reengaged for 1949.

Tickets for the Union concert may be secured at either the Music School office or Union office. There is no charge but only two tickets may be had for each student I. D. card.

Nebraska's First Village

Nebraska's first incorporated city or village was Nebraska City. It was incorporated on March 2, 1855, by a special act of the Territorial Legislature.
