Students Blame Faculty

The blame for student cheating was placed at the feet of professors by students at Kansas State College. The students made recommendations to the faculty to minimize academic dishonesty.

Among the recommendations were that students not only sit in alternate seats, if possible, but also directly behind each other; and that blank exam forms be exchanged at the start of the examination.

Which career is the one for you?

Administration . . . Aviation . . . Communications . . .
Food Service . . . Personnel . . . Photography . . .
Statistics and Finance . . . Supply . . . Weather?

These are a few of the fascinating fields that beckon in the U. S. Army and the U. S. Air Force. Naturally, you will choose the career that holds the most promise for your abilities, education, and interests, but no matter which you choose in the Army or the Air Force, you will find opportunities unlimited.

The Women's Army Corps and the Women in the Air Force have only recently been established as permanent parts of the Regular Services, so many of the jobs are brand new! Income and benefits compare favorably with those of civilian life. Advancement of qualified, career-minded women is rapid, and women in uniform have the same prestige and privileges as Service men. Some highly qualified applicants may be sent directly to Officer Candidate School for officer training. Many will travel to exciting foreign places. All will work with our nation's men to keep our country secure in peace. For an interesting and rewarding future after graduation, check these distinguished careers.
