

As I Was Saying . . .

This week-end will be a hey-day for party hoppers what with sixteen (16) noteworthy functions operating. Hay and celebrities, gay decorations and just plain house parties, all show the work of many ingenious socialites.

Going so far as to rent a hall for their actives are the Delt pledges who are holding the Squab Scramble at Boomer's. **Phil Neff** and **Lois Brown, Mel Engler** and **Lois Elwell** will attend.

Also on the list for tonight is the Sigma Kappa "Mock Wedding" party. All attending hill-billys are invited to watch 5-foot groom **Sharon Redfern** precede the shot gun down the aisle to 5-foot, 10-inch bride, **Pat Wiedman**—and bring a present.

It's still Friday and the Paladians are hayracking. On top of the mound are **Dean Morrison** and **Madge Mathews, Irvin Blish** and **Louise Metzger**.

Excitement—and I repeat—EXCITEMENT—is running rampant at the ZBT house this week-end. Several weeks ago, while at a meeting at Delta Omicron Nu, **Norton Garon** wrote to THE Elizabeth Taylor in Hollywood inviting her to the Zeta party Saturday—(they have mutual friends).

Thursday Nort received two telegrams; one that she would stop on her way to New York, and one that the plane is down at Cheyenne. Now Nort is madly hiring the ROTC to usher her in and is thinking of annexing the coliseum to accommodate the crowd.

The K Sigs are barn-dancing Saturday surrounded by hay, farm buildings, and little barn yard friends (compliments of the Sainted Six.) It's brother and sister night in the old barn, too. **Jack Brandt** is squiring **Auggie Diechler's** sister **Lou**, and **Larry Nordin** (of the local Herbarium) will take **George Wilcox's** sister.

The Alpha Xi house is going to look like hell Saturday night. Theme of the party, of course, is "Journey to Hell." Pondering on their sins will be **Marion Stapleton** and **Chuck Treman**, and **Marilyn Beyer** with **Keith Little**—maybe. He may go hunting instead.

Wearing gaily decorated garters, compliments of their dates, will be **Donna Meisinger** (with **Bob Chaney**) and **Willy Clark** (with **Bill Fankhouser**) at the KD Basin Street party Saturday.

Caught in a fish-net at the Phi Psi house tomorrow night will be **Gene Gilmore** and **Marge Putt**. Everyone plans to be shipwrecked in sarongs.

Off to the already sensational Club Francaise party will be **Dale**

Young and Jean Howe. Then there's the Phi Delt house party with **Al Potter** and **Ann Crawford**, the Ag Haydown, Rundle Hall supper, Canterbury dance, Delian party, Newman club deal—but you look them over. Will report later. That's that, Pat

C.U. Students On Field Trips

Many hundreds of specimens of plant and animal life were made available for study through the University of Colorado this summer when members of the biology, anthropology and geology departments headed field trips into surrounding areas of wilderness.

It is the plan of the museum to do a comprehensive study of Dinosaur National monument as a wilderness area including the study of its ancient history, geology and its plant and animal life forms.

Sabin Outlines UNESCO Plan To Chairmen

UNESCO house chairmen met in the Union last night to hear Shirley Sabin, pre-conference planning chairman, outline the structures and function of UNESCO.

The general program has three distinct parts:

The General Conference: Each house representing a country will send five delegates and alternates to the plenary session Feb. 16, 17 and 18. The remainder of the house will act as advisors to the delegates. Altho each nation has five official representatives, it has only one vote.

The Executive Board: This board acts as a controlling organ preceding and during the conference. The board is made up of one representative from each of the 18 countries which now com-

prise the international UNESCO executive board. The nations on the present executive board are: Egypt, Canada, Czechoslovakia, Greece, India, Belgium, France, Brazil, Turkey, Venezuela, Norway, United States, Poland, Mexico, Ecuador, China, United Kingdom, Australia.

The Secretariat: These activities will be duplicated by the pre-conference planning committee.

Hair's Breath

The lifespan of an average human hair is about three years, the maximum is four or five years.

Poor Dogs!

It is estimated that cats outnumber dogs in American cities by a ratio of four to three.

FRIDAY, DECEMBER 3, 1948 U. OF N. COLISEUM
