## Sports Arena Draws Crowd

The casual visitor to the new Sports and Physical Education Building last Saturday would have been convinced that this fine new structure, dedicated to the philosophy of Sports For All, had complete justification.

Beginning at 8:30 a.m. and continuing without interruption until 4:00 p.m., a steady procession of students used the facilities. Every 45 minutes another 100 men began a new shift, and an estimated total of 800 men enjoyed a fine workout and shower during the day.

This marks a new day in planning for the recreational and exercise needs of the male students on the campus, and is a great contrast over the days when students were constantly booted from the Coliseum on Saturdays because of a full schedule of outside and non-University functions.

The PE Building will be used for organized competitive league games every day starting at 5:00 p.m., but will be open to all students and faculty members before that time every day, including Saturday. During the recent Thanksgiving vacation the facilities were open to students and throngs made full use of the privilege.

Badminton courts are now available at all hours of the day until 5:00 for the use of students and faculty members. A new table tennis room also takes care of the many paddle artists.

Shower and locker facilities are available and this privilege may be obtained by calling at 102 Phys Ed Building.

This movement is being sponsored by the Red Cross. Looks like another rough season at Indiana.

### Classified
