Naval Reserve Seeks Recruits For Radio Unit

The Lincoln Naval Reserve Unit needs men with radio training to qualify for radio rates in the reserve. Men with former radio experience may enter the radio program immediately, but those with little Navy experience must take recruit training before they can qualify for the radio program.

Naval Reserve meetings are held from 7:30 to 9:30 on Monday through Wednesday evenings. Men with former navy experience will be paid a day's pay for attending the meeting, according to their former rates and will be eligible for the naval reserve retirement program. Men entering as recruits will receive \$2.25 for each two hour meeting attended and will be issued uniforms and will be eligible for the retirement program.

It appears that men taking active part in the naval program may possibly be exempt from the draft. The Ninth Naval District has issued ten ham radio sets to the Lincoln Reserve Unit, and will loan out sets to men participating in the radio training.

THE EAST Stadium will also accommodate an N Club section on the 35-yard-line, Innocents, Mortar Boards, Corn Cobs and Tassels on the 50-yard-line and free tickets for players on the 50-yard line. Faculty will be seated in the East Stadium.

A new type of student ticket will be issued. The ticket will be a billfold-size card containing the students' signature and will be punched at the gate. Lewandowski has asked that members of the council be posted at each gate to see that student tickets are used by students only.

The council approved the seating arrangement.

VICE-PRESIDENT Jack Selzer submitted an unofficial estimate of a financial report of the Military ball. The report stated that the Military department realized a net profit of \$383. Expenses included federal tax, \$964; Coliseum rental, \$876; permanent decorations, \$226, and invitations, \$236.

Expenses were met from sale of 596 tickets at \$3 to men in uniform, 708 tickets at \$4 to civilians and 758 tickets at \$.75 to spectators.

SELZER also asked that the Council adopt a resolution that budgets for all social functions for which tickets are sold to persons outside the membership of the organization concerned be submitted for council approval. The plan as approved requires each organization to turn in an anticipated budget two weeks before tickets go on sale. A second and complete financial report must be submitted 30 days after the event.

The council also approved a proposal by Bob Wallace to request students who have classes in Burnett hall to use the west and south as well as the east door. There is serious congestion at this door, especially between 10 and 12 a. m. The crowded situation presents a serious fire hazard and causes delay.

The Judiciary committee approved a request by the Mortar Boards for a women's election in the spring.
