

MB's Award Scholarship To Colbert at Tea Sunday

Charlene Colbert, Arts and Sciences freshman, was the recipient of the Mortar Board scholarship presented at the Mortar Board Women's annual scholarship tea March 20 at Ellen Smith hall.

Miss Colbert is a member of the freshman planning board in the women's P. E. department.

HONORABLE MENTION went to Gwen McCormack. Miss McCormack is a sophomore in the School of Music. She is a member of Sigma Alpha Iota, national music sorority, Guild of Organists, and Christian Student Fellowship. She has received the Sigma Alpha Iota scholarship and the Theodore Presser scholarship and award.

THE SCHOLARSHIP, valued at \$75, is presented by the Black Masque chapter of Mortar Board on the basis of University record, recommendations and potentialities.

The scholarship is given in conjunction with the annual scholarship tea which is intended to en-

Photo Winner Will Work for Nat'l Magazine

The grand prize in the fourth annual Collegiate Photography exhibition sponsored by Kappa Alpha Mu will be a complete picture assignment on Science Illustrated. W. J. Bell, executive secretary of Kappa Alpha Mu, has announced.

The grand prize will be awarded to the college photographer whose entry is judged the best. To be eligible for this award, the photographer must enter from six to ten prints, in at least three of the five classes. Prizes, to be announced later, will be given in the following classes: News, Pictorial, Feature, Sports and Industrial. Deadline for all entries is April 30, 1949.

The Science Illustrated assignment will be handled in the usual magazine fashion. Staff researchers and reporters may accompany the photographer, depending upon the nature of the assignment. Constructive criticism of the work will be made when it is completed, and the winner will be able to see how his work is dummed and prepared for publication.

The prize winner will be paid regular publication rates for his work in addition to the express account. Entry blanks may be had by writing Kappa Alpha Mu, 18 Walters Hall, School of Journalism, Columbia, Mo.

Tri-K Initiates 25 Members

Tri-K, honorary agronomy club, initiated 25 men at a recent meeting, according to Dwight Kaster, president.

Men are elected to membership in the club on the basis of scholarship and an interest in the field of agronomy.

The men initiated were Gilbert Bauermeister, Owen Brainard, Bryce Chilquist, Richard Crom, Robert Dyer, Waldo Elwonger, William Eyth, Keith Frederickson, Eugene Heuermann, Mark Johnson, Alvin Lidolph, Walter Long, Walter May, John Overing, Paul Pumphrey, John Putman, Robert Raun, Armond Regon, Adrian Remington, Leland Skalberg, Bertrand Sommerhalder, David Sullivan, Frank Wahl and John Wilkinson.

Professor Elvin Frolik, associate professor of agronomy, was guest speaker at the meeting. He told of the University's experiments on genetic variation in corn caused by subjecting the plants and seed to atomic radiation.

courage high scholarship among University women. Approximately 400 women maintaining a six average for the school year 1947-48 attended the tea Sunday.

Building Starts On University's Carillon Tower

Add to sure signs of Spring: work is beginning on the Mueller Carillon tower!

University workmen began on Monday to build a wooden fence around the site of the proposed structure between Bessey and Morrill halls on the north-south mall.

AS WARMER weather approaches, construction will begin on the \$85,000 80th anniversary gift. Ralph S. Mueller of Cleveland, O., donated money for the tower last fall.

Contracts for construction were let in January to the Olson Construction company of Lincoln. Completion is expected about mid-summer this year, when the tower will be presented to the University by the University Foundation.

TO BE KNOWN as the Ralph Mueller Tower, the structure will be octagon of buff Bedford stone and will stand 83 feet high. Its chimes will operate by means of electronics and may be played manually or automatically. The sound will be amplified to cover a wide area.

Mueller was a graduate of the University in 1898 and is a native of Council Bluffs, Iowa. He received a bachelor of science degree in 1898, and since 1904 has resided in Cleveland where he is president of the Mueller Electric company.

Hardin to Speak At Community Y

Dr. Clara Hardin, secretary for the economic education and a member of the national staff of YWCA, will speak to all campus YW and YM members on March

WORKING ON A PATIENT at the College of Dentistry clinic is Ed Seewale. Students begin treating minor difficulties there in the second semester of the sophomore year. By the end of their junior year they are able to handle a majority of the cases. Detailed records of the patients are kept by each student. These indicate what work needs to be done, a procedure to be followed over a period of time, and the accomplishments to date. Above Seewale's head can be seen the shadowless operating lights which were paid for about six years ago by the students themselves. A temporary increase in fees, at their own request, covered the cost. The convenient new operating stools were installed last summer. The well-equipped clinic is planned for greater efficiency and to give students the best possible practical training.

Block and Bridle Will Give 'Corn--ation' Dance Friday

Calendar-Spring! Weatherman-Nix!

Spring, according to the almanacs, reached Lincoln at precisely 4:49 p. m. Sunday.

It was in the air—windy though the outdoors was—and it stuck around for a couple of hours. During the brief time drug store owners dug out last year's supply of sun-tan oil in preparation for the annual run . . . English profs winked and resigned themselves—perhaps not too regretfully—to 12 weeks of combined romantic poetry and physiology . . . Even the sower, in his limited space atop the capitol, did setting-up exercises.

Then something goshawfully powerful and peculiarly Nebraskan interfered. Monday when morning came in moist and misty, weather-weary people wondered just what was happening. The pessimists croaked, through reoccurring colds, "When'll it ever be spring now? NOBODY knows!"

High Average Student Groups To be Honored

Student organizations which have 33 percent of their members included in the honor roll may be listed in the program for the honors convocation.

Organizations must submit the following information to be checked for eligibility: (1) full name and home town of each undergraduate member (no graduate members except those who graduated in January, 1949, to be included); (2) name of faculty sponsor, if there is one.

The information should be sent to Dean T. J. Thompson, Room 104, Administration building.

Removal of incompletes, change in grades, or clearance of old reports must be in the Registrar's office by noon, March 26, in order for the individual concerned to be considered for the honors convocation list.

The honors convocation committee has asked that all prizes and awards which are being given for the first time this year be reported to Dean Thompson's office.

23, 7:30 p. m., at the Community Y. Her topic will be "The Public Affairs Program" as determined at the National YWCA convention. Cabinet members and members of the political effectiveness commission will meet with the B and P Girls club for a dinner preceding the talk.

Ball to Mark Beginning Of Junior Ak-Sar-Ben

Ag campus will go "royalty happy" Friday night when members of the Block and Bridle club present their "Corn-ation" dance, styled after the annual Ak-Sar-Ben festivities held in Omaha each year.

The dance, to be held in the College Activities auditorium will mark the opening of a week end of festivities centering around the annual presentation of Junior Ak-Sar-Ben by Block and Bridle, Ag animal husbandry honorary.

Advanced ROTC Applications Due

Applications for the advanced course in the University Army ROTC may now be obtained at Room 110 in the Armory, according to Col. Howard J. John, professor of military science and tactics.

Students who complete the two-year advanced training, including a summer camp at the end of the junior year, get commissions as second lieutenants in the reserve corps.

Commissions may be obtained in the following branches of the Army: Infantry, Artillery, Engineers, Ordnance and Military Police and in Administration and Communications in the Air Force. The Medical Unit of the ROTC is open only to students enrolled in the College of Medicine in Omaha.

In order to qualify for advanced ROTC training applicants must satisfactorily pass the army general classification test; a physical examination; two years of basic ROTC training, of one year of continuous service in the armed forces and approval by a board of officers.

The first AGC test will be given Friday, April 1, at 2 p. m. in Room 206, Armory. Others will be given later in the semester and will be announced from time to time.

Ag College to Hold Two Hour Dances Each Week

Starting this week there will be two hour dances at the Ag college instead of the usual one dance each week.

The dances will be from 5 to 6 p. m. on Wednesdays and Thursdays. The reason for this change was to enable more students to attend.

Music will be furnished by Muzak.

Show Will Review Books On KFAB-FM Tuesday

Lanes of Literature will review outstanding books each Tuesday at 5 p. m. over KFAB-FM. The show is presented by the University of Nebraska radio section.

Student staff members will read and review current best sellers. The program is designed to acquaint students with good books that are neglected by busy college students.

UNESCO Seeks Money For Convention Delegates

UNESCO executive council members report progress on their drive for funds to send several University student-delegates to the national convention in Cleveland, March 31 to April 2.

The planners of the recent UNESCO conference on the campus are soliciting financial assistance from University houses and clubs in order to send "at least two" delegates to the meet. A national round-up of UNESCO activities in the United States, the conference will be designed to discuss opportunities for world and community activities concerned with UNESCO.

DELEGATES FROM at least 280 universities and colleges are expected to attend. They will visit schools, libraries and museums to observe community organization in action, in addition to small section, group and assembly meetings.

According to Milton S. Eisenhower, chairman of the United States Commission for UNESCO, the conference "will be helpful to those who provide leadership to the millions of individuals in the country who are eager to give their efforts to UNESCO's goals." The executive council of Ne-

FOR THE FIRST time in the history of Junior Ak, the show will feature all the pomp, color and style of the parent presentation. Intermission activities will be highlighted by the entrance of the entire court of Junior Ak-Sar-Ben. The court will be selected from outstanding students on Ag campus, in a manner different from any previous royalty selection.

Other pageantry, rivaling even the big show itself in splendor, is on the bill to fill out the intermission period. Bobby Mills will furnish music for the informal dance, to be held from 9 p. m. to midnight.

THE "CORN-ATION" dance is the first of two big events of the week-end sponsored by the club. On Saturday night, the 15th annual Junior Ak-Sar-Ben show will be held in the 4-H arena at the state fair grounds beginning at 8 p. m.

Features of the show will include performances by "Applejack," national winner for jumpers at the National Western Livestock show for three years; a coed riding contest; a cow cutting contest and a sheep cutting contest, starring "Susie," Ag college educated sheep dog.

Grads Schedule Annual Banquet

All graduate students may attend the annual Graduate club banquet Friday, March 25, at 6:30 p. m. in the Union parlors ABC.

Dean of Faculties Carl W. Borgmann will speak after dinner on the subject "Reminiscences of Graduate Study in Europe." A special short piano recital will be given by Mary Louise Boehm, graduate student in music. Hal Scheidt will serve as master of ceremonies.

Tickets may be secured from any Graduate club member for \$1.25 each. They may also be bought at the dinner Friday night, but the Graduate club would rather know in advance so that the proper amount of food can be ordered.

Nebraska's organization was asked by Chancellor Gustavson to consider sending delegates to the meet. They are to act as representatives of the University to carry on UNESCO activities, as well as report to state groups and communities.

AT A MEETING last Tuesday of the council, a committee was chosen to select delegates and make plans for raising funds. The committee named was Dr. Frank Sorenson, Dr. L. T. Laase, Don Kline, Marion Crook, Eloise Paustian and Shirley Sabin Quisenberry.

They were to name two or more delegates from this list of eligible UNESCO participants: Sue Allen, Tony Eistetter, Lynn Hutton, Dale Flowerday, George Wilcox, Irene Hunter, Clause Ugly, Adolfo Arrocho, Paul Rider and Bill Edmondson.

AT THE MEETING, Norwegian delegate, George Wilcox, reported that his house, Kappa Sigma, had already expressed interest in the national meet and would give \$10 for expense of a delegate. Dr. Sorenson said that "a friend" had donated \$100.
