

Frosh Cindermen to Test Varsity Squad Thursday

BY BOB PHELPS.

Freshmen cindermen will test the varsity squad Thursday evening at 7 p. m. in the indoor track, according to Ed Weir, veteran track mentor. Doors will open at 7 p. m. and everyone is invited to attend.

This meet will give the varsity squad a little competition in preparation for the Texas Relays to be held April 1 and 2 at Austin, Texas. Following that the Huskers travel to Boulder for a dual with Colorado. Due to the early date, the Colorado meet may be indoors, depending upon the weather.

THE FIRST HOME meet will be against Kansas, April 16. The meet may be moved to the 15th because of spring vacation.

The meet will be complete except for the two-mile. The Husker two-milers, Esraf Aydin and John Morrison, will go along with Bill Mountford in the mile run.

The frosh will probably pick up their best points in the half-mile and the high jump. Jacobs, Robinson and Yelkin lead the frosh middle-distance men. Jacobs has had a timing of 2:01.7, which is very good for indoors.

THE BEST individual event will probably be the pole vault. Don Cooper will vault for the frosh against Big Seven champ Len Kehl. Cooper set the school indoor record last year with a 14 foot 2 1/2 inch endeavor. He also won the Texas Relays with 13 feet, 9 inches. Kehl won the conference event in Kansas City with a 13 foot, 11 inch vault.

Alexander will be the top frosh sprinter in the meet. He will go against the conference's three fastest men in Meginnis, Hutton and Thompson.

In the high jump, the frosh will bank on Downey and Rice for points. They will go against Orv Glass and Dick Meissner. Meissner, a sophomore who just came out this year, has been over six feet several times in practice and will help the Huskers when the outdoor meets roll around.

Weir feels that the team needs to be a little more rounded yet. The squad is still weak in the field events. Loss of two freshman standouts from last year hurt considerably. Fritz Davis, now at Annapolis, is throwing the shot-put over 50 feet.

high jumper, went 6 feet 4 and 5/8 inches in the NAAU held here this summer before last. He has joined the Navy. Coach Weir feels that Burney was also a potential 24 foot broad jumper.

A four-lap relay will also be run in the meet Thursday. They may set a mark that will give the intramural teams a mark to shoot at. Weir is using the four-lap relay to practice fast baton exchanges in preparation for the Drake meets. The Huskers were second to Texas last year in the sprint event at Drake.
