Theater Director Fort Worth Williams announced that the next year's performances will be staged on the fourth floor of the Mueller Carillon Bell Tower.

Grinning broadly, Dr. Williams commented, "We are just jumping with joy here at the Temple."

He then outlined next year's plans. "Next year," he stated, "we plan to stage just dozens and dozens of all sorts of pretty plays. Dozens of telegrams and cables are pouring in, congratulating us on our fine fortune."

When asked about specific plays, Dr. Williams babbled, "Oh, you just don't know how lucky we are. For our special guest star we've imported Lassie to star in "Petrified Forest,"

Dr. Williams was dubious as to the future use of the present Tem-ple auditorium. He stated, "Now that we have our nice, brand-new that we have our nice, brand-new limb of a tree outside Dr. Arndt's auditorium, I just don't care about room in Sosh, your reporter

As you know, the last issue of the Corn Shucks was three weeks late. ROG RITTER, sophomore board member, decided that there would be no need for re-filling the editor's post.

I have met with Ed Grumble and convinced him that we should appoint my fraternity brother. Thom Blomgren as head of the magazine. This action is very sensible, since Thom has really done all the work on all of the issues
