

G. M. Research Consultant Tells of Job Opportunities

Industrial, engineering and research organizations want young men, T. A. Boyd, General Motors Research Consultant, told the members of the American Society of Mechanical Engineers, student branch, Wednesday evening.

Mr. Boyd was head of the fuels division of the GM research laboratory from 1923 to 1947. Together with Charles F. Kettering and the late Thomas Midgley, Jr., Mr. Boyd was responsible for discovery of the effects of liquid compounds of lead on "knock" in engines. Out of their research came tetraethyl lead used in Ethyl gasoline.

"IT IS OF the highest importance that the foundation laid in college be just as broad and firm as possible. That is why your education should preferably not be specialized training for some particular job. Success in life demands that your education be fundamental enough to give you versatility," he said.

Mr. Boyd pointed out that one of his collaborators in the development of Ethyl gasoline, the Thomas Midgley, Jr., was trained as a mechanical engineer. But Ethyl development was a "chemical job."

"AND SO MIDGLEY turned chemist," Mr. Boyd related. "He did it so thoroughly that when he died he was president of the American Chemical Society."

Invention and research are in major a young man's game, Boyd declared. "From the U.S. Patent

Office it has been shown that the peak of inventiveness comes at the age of 35, and that most great inventions have been made between the ages of 25 and 45." This is one of the reasons why we try so hard to keep infusing new blood into our engineering and research organizations."

Mr. Boyd also traced the automobile's history, citing examples of how technical improvements resulted from hundreds of intensive research projects with both engines and fuels.

Young Democrats To Hold Charter Banquet Tonight

The Young Democrats of Lancaster county are having a charter banquet Thursday at 6 p.m. at the Lincoln hotel.

The celebration is for the awarding of a new charter to replace the one that was revoked last January.

The main speaker for the evening will be Nelson Kraschel, ex-governor of Iowa. Also speaking will be Clayton Shroul of Omaha, state chairman, and James C. Quigley, Valentine, national committeeman.

Tickets may be purchased by calling 5-5936. They are two dollars per person.

AGR's Elect Raun

Robert Raun of Minden has been elected president of Alpha Gamma Rho. Other officers are Bob Sim, vice-president; Lloyd Wirth, secretary; and Don Lawson, treasurer.

Correction

The story in the Wednesday edition of The Daily Nebraskan headlined "Council Movie Will Answer D. P. Question" was incorrect in stating that the Council will show a movie on displaced persons Thursday evening in Love Library auditorium. This happened last week. The Council is planning another program this Thursday.

Professor Would Revise Language

There is one University professor, Dr. T. M. Pearce, head of English at the University of New Mexico, who thinks it should be perfectly proper to say, "It is me."

Further streamlining and liberalizing our spoken language, Dr. Pearce would eliminate "whom," the objective pronoun. Thus it should be correct to say: "Who do you want?" Other expressions that have come up from the common man and not down from university professors are "Drive slow," "none are here" and "I don't care for these kind of apples."

"English teachers are behind their time teaching text-book grammar when they should work for a standard nearer the common speech of everyday man," said the doctor.

"When Winston Churchill said 'it is me' in a speech he delivered in 1945, he was widely criticized, but what spokesman is more widely recognized as an exemplar of speech in the English speaking world than Churchill?"

Kestenbaum Will Address Vespers

Rabbi Jerome Kestenbaum will be the guest speaker at Vespers Thursday, 5 p.m., at the Episcopal chapel.

His subject will be "Passover—Festival of Freedom." His appearance will mark the last vesper service until after Easter vacation.

Rabbi Kestenbaum is student pastor for Jewish students on the campus and counselor for Hillel, an organization for Jewish students. He belongs to the Congregation Tifereth Israel, the largest Jewish congregation in Lincoln.

Raggi Kestenbaum received his bachelor's degree from Yeshiva university in New York City, his master's degree in French from the University of Illinois, and his Rabbonacle degree from the Jewish theological seminary of New York City.

He is now working on his doctor's degree at this University. This is his second year, and he plans to finish his work next June.

High School Girls Get FHA Awards

High school students from four Nebraska high schools were awarded achievement degrees at the annual Future Homemakers of America convention on the University campus.

The highest honor of the Nebraska Association of FHA went to Peggy Nelson and Pearl Teegerson, both of Stromsburg; Jane Ramsey, Seward; and Joan Sokolovsky, Fremont. The girls were selected for their outstanding records in home economics work.

Neligh and Stromsburg were selected 1949 honor chapters from among 54 chapters in the state. Chief speaker on the day's program was Miss Helma Schiedler, home economist from Stuttgart, Germany.

Classified

WANTED—A ride west and/or south toward Albuquerque, N. Mex. Share driving and expenses. Leo J. Aibel. Ph. 5-9685.

Ag Honoraries Plan Joint Meet

Alpha Zeta and Phi Upsilon Omicron, Ag men's and women's honoraries, respectively, will hold a joint meeting Thursday evening at 7:30 in Foods and Nutrition building.

Dean Emeritus Burr will show slides and give a short talk concerning his recent trip to Europe at the meeting. A short program and refreshments will follow.

How much FUN can you cram into a record?

Hear *Ray McKinley's* musical kidding in "SUNFLOWER" (an RCA Victor Release) and you'll know!

You'll have a lot of fun with Ray McKinley, his band and his vocalist serving up a platterful of "corn" for your listening and dancing pleasure. Yes! Ray knows about musical pleasure—and smoking pleasure, too! As Ray beats it out on his drums—"Camels are a great cigarette—they're mild and full-flavored!"

How MILD can a cigarette be?

Smoke Camels for 30 days—and you'll know!

In a recent coast-to-coast test of hundreds of men and women who smoked only Camels for 30 days—an average of one to two packs a day—noted throat specialists, after making weekly examinations, reported

NOT ONE SINGLE CASE OF THROAT IRRITATION DUE TO SMOKING

Money-Back Guarantee! Test Camel mildness for yourself in your own "T-Zone." T for taste, T for throat. If, at any time, you are not convinced that Camels are the mildest cigarette you've ever smoked, return the package with the unused Camels and you will receive its full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Company, Winston-Salem, North Carolina.

THE MILDEST CIGARETTE? WHY, CAMELS, OF COURSE! I LEARNED THE ANSWER WHEN I MADE THE 30-DAY TEST!

30 DAYS? I'VE SMOKED CAMELS FOR YEARS. I KNOW HOW MILD CAMELS ARE. AND WHAT RICH, FULL FLAVOR THEY HAVE!

Drummer Ray McKinley talks it over with his featured vocalist, Louie Friley.
