

THE NEW—Today the Department of Home Economics has grown and been modernized beyond all expectations of its founders 50 years ago. Laboratories have become examples in modern scientific methods. The department now includes seven buildings, three for classes and laboratories, two home management houses and two cooperative living halls. Courses are now offered in food and nutrition, housing and equipment, clothing and textiles, institutional management, child development and vocational education.

Home Economics Program Includes Guest Speakers

Two outstanding Home Economists will be guests of the fiftieth anniversary of the Home Ec department. They are Miss Hazel Stiebeling, chief of the Bureau of Human Nutrition and Home Economics, and Dean Grace Henderson of Pennsylvania State College.

Miss Stiebeling spoke at an all-Ag college convocation Thursday and will be the dinner speaker at the banquet at the Union tonight. Her topic will be "Research in Home Economics — A National Concern."

MISS HENDERSON is a graduate of the University of Nebraska Department of Home Economics and is now dean at Pennsylvania State College. She will speak at the luncheon Saturday noon in the Food and Nutrition building dining room.

Miss Margaret Fedde, chairman of the department for the past 30 years, will act as toastmistress. During her 30 years the department has continued to grow, having been built on a solid foundation by Miss Rosa Bouton, first head of the department, and Miss Alic M. Loomis.

In the 50 years of Home Economics at the University of Nebraska, the department has grown from the original 11 young women who enrolled in the School of Domestic Science in 1899, to the 300 modern college girls who through Home Economics use the seven buildings now provided for the six courses of study offered.

CLASSES WERE first conducted in a chemistry laboratory in the Mechanic Arts building. An allowance of \$15.00 was given the department to equip the labora-

tory. Courses in food economics, household economics and advanced cookery were offered, although extension courses in general cookery were soon added for persons not regularly registered.

In 1904, the Regents reported the organization of a four year course in Home Ec leading to a bachelors degree. Four years later, in 1908, the department was moved to the newly completed women's building on Ag campus, to become a part of Ag college. Home Economics had found a home at NU.

Now, since 50 years of progress, the department boasts an enrollment of 300 and a list of 1500 women who have been granted degrees in Home Economics.

Home Ec Plans Golden Anniversary Celebration

Fifty years of Home Economics at the University of Nebraska—this is the theme of the weekend at the Home Economics department on Ag campus.

Friday and Saturday are days set aside for all connected with the 50-year-old department for an anniversary celebration. Including a banquet tonight at the Union, open houses and exhibits in all parts of the department and a luncheon at the Food and Nutrition building Saturday, the golden anniversary will mark a half century of progress in Home Economics at NU.

Program

Friday—6:30 p. m.—Banquet at Union. Speaker, Dr. Hazel Stiebeling.

Saturday—9 to 12:30—Registration. Open House.

12:30 — Luncheon, Ag college cafeteria.

THE OLD—The first classes in Home Economics, then called the School of Domestic Science, were held on the city campus at the Mechanic Arts building. This class in food study was held in a chemistry laboratory where Bunsen burners were used for cooking. Courses were offered under the headings of food economics, household economics and advanced cookery, supervised by Miss Rosa Bouton, first head of the Department of Home Economics. The year was 1899.

Who will she be on this campus?

Send in your ballot today for

"MISS FASHION PLATE of 1949"

Which of these ten girls is the **most beautifully groomed**, the **best dressed**, the **most poised**...the girl with the **most personality**?

What excitement! Revlon is sponsoring a contest to determine who's the fairest of them all on your campus. You vote! You choose "MISS FASHION PLATE of 1949!" You give your candidate a chance to win the *Grand Prize*—one week expense-free trip to New York plus thorough Revlon training—or one of the nine runner-up prizes—a once-in-a-lifetime opportunity to represent Revlon on campus next fall, plus a whole year's supply of cosmetics!

What should she be like to win? 1. She must have faultless grooming from the top of her shining head to the tips of her bright fingernails.

2. She needn't have a million dollar wardrobe, but she must have a flair for clothes and accessories.

3. She must have the poise that enables her to talk engagingly to anyone of any age, anywhere or time.

4. And above all she must be brimming over with that elusive thing called personality!

Of course you know her! Your campus abounds in candidates for "MISS FASHION PLATE of 1949!" That's why Revlon asked your news-

paper to *preselect* 10 girls! Look over their names! Who deserves to win the title "MISS FASHION PLATE of 1949?" Remember, she must excel on four counts: *grooming, dress, poise, and personality!*

What more natural sponsor than Revlon? Isn't it just like Revlon, foremost name in cosmetics, to dream up a contest to choose the loveliest girl on your campus? Revlon named this thrilling contest after its own product "FASHION PLATE"...the one and only *cream wafer face make-up* in the world! Because Revlon believes that the most beautiful women have skin that lights up and glows...skin touched with the magic of "FASHION PLATE" itself!

Important: The candidate you select will compete against nine other candidates selected by 9 other colleges and universities! Watch the papers in June for the *Grand Prize* winner... the lucky girl who wins a week's expense-free whirl in New York! *Plus* a chance to *model!* *Plus* thorough training in Revlon products and their use! A panel of beauty authorities will choose her! *Look what the runners-up get:* All local winners will be Revlon campus representatives next semester and will receive, free, a year's supply of cosmetics. Make sure the best girl wins! Get your ballot in today.
