## NU Prays for 'No Wind'

 As Landscaping DevelopsIt's all over the campus now! to sulfer, but now everyone is praying that there will be no wind days, course we're talking about the landscaping process now being carried out. Before long the Nebraska campus will take on a

new look, with trees, flowers and grass replacing the weeds and dust of past years.
Even roses will grace the cam-

the opinion of one woman psychologist.
These and many other campus activities are detrimental to the welfare of the student, Mrs. Ruth
O. McCarn said in an address at the annual conference of the Council of Guidance and Personal Associations, recently held in Chicago. THE PSYCHOLOGIST told the conference:
"It should be a matter of concern to us that a large number of the activities that go on in our colleges are concerned with trivialities, are leader-centered
rather than group-centered rather than group-centered, and
may actually undermine the mental health of our students by increasing their competitiveness, as well as by overtaxing their strength and distracting their at-
tention from the serious issues tention from the serious issue
before us today. "Instead of letting our time and energy be used up supervising dances, teas, queen contests rushing, campus politics, infractuons of petty rules for dormitory
living, pajama races and date bureaus, we could, with the help reaus, we could, with students, find out what are their serious concerns about the meaning of life and help them relate themselves to the causes in
which they believe," whicn they believe.
