

Convocation, Field Day, Dance Conclude E Week Activities

Engineer's Week plans for Friday include a convocation, field day and a dinner-dance.

William A. McConnell, head of the engineering test section of the Ford Motor Company, Dearborn, Mich., will discuss the testing of automobiles in his talk Friday morning. The convocation, which is scheduled for 11 a. m., will be held at the Nebraska theater.

THE FIELD DAY, with its inter-departmental competition and faculty-student bull sessions, will begin at 1 p. m. in Pioneer's park. Baseball games, a sack race and other contests will be the order of the day. Points earned by the winners in each event count on the special award presented at the evening banquet.

William Raines will act as toastmaster for the traditional dinner, at which scholarships and honors will be announced. Dean Roy M. Green will present the O. J. Fee award; Kent Tiller, the Sigma Tau scholarship key; and Temple Neumann, the Blueprint Key award.

ANNOUNCEMENT of departmental awards will precede the presentation of the winner of the Engineer's Week contest by Bob Bottum and the Field Day prize by Meno Wilhelms.

The banquet will begin at 6:30 p. m. in the Union ballroom. Dancing will follow, to the music of Johnny Cox's orchestra.
