Young man with good connections

IN a Bell telephone central office, this Western Electric installer is connecting thousands of wires to new equipment to provide more and better service.

He's one of 18,000 trained Western Electric installers who do this job for Bell Telephone companies. Crews are working in some 1,600 central offices to connect new equipment which, like your telephone, is made by Western Electric.

• Western Electric is part of the Bell System—has been since 1882. This assures closest cooperation between people who design telephone equipment, people who make it and people who operate it. Their teamwork has given this country the best telephone service on earth.
