Delegates Elect Four Officers

If you want to dance you must pay the fiddler—but you can't pay him too much, may well be the slogan of the Student Council's first committee. The Council's first active committee was set up at the council's initial meeting Wednesday. It will act on the number of all-campus dances, employing "big name" bands, to be held, maximum ticket price and organizations which may give dances.

The council swung into action with the election of four officers: Norma Chubbuck, secretary; Rob Raun, treasurer; Don Stern, judiciary chairman; and Shirley Allen, corresponding secretary. These officers and President Ros Howard and Vice-President Louise McDill will carry on the executive functions of the council.

Two-Fold Purpose.
"The purpose of the Council will be dual," said Howard. "The first will be to carry on the committee work of the old council and the second, and most important, to evolve a new plan for council election and representation."

The Council will currently operate under the constitution of the last year's group, according to Mary Mielenz, faculty advisor. Only the articles concerning election and representation will be void, she added.

Miss Mielenz called the council "one of the most important." "You should feel a deep obligation to the student body," she told the delegates.

Committee to Study Constitutions
The council decided to continue the work of administering parking areas and supervising the spirit committee. A motion to study the constitution of the old council and last spring's constitutional assembly was carried.

The council's one committee to survey the problem of dances will be headed by Gene Berg. Other members are Bob Raun, Ben Wall, Bruce Kennedy and Bob Parker. The committee will report when the council reconvenes Oct. 12.
