

Council Seeks Group to Head DP Activities

The sponsorship of DP activities on campus is still undecided. No organization has yet been officially named to the position of sponsoring DP students at the University.

Vladimer Lavko, DP committee head on the Student Council in making his committee report at the council's meeting, announced that very few house representatives and organizations attended the meeting last week to determine sponsorship.

At the present, the council has jurisdiction over the displaced person students, but has decided to place the responsibility with some other organization on campus.

Three organizations have already applied for sponsorship—Red Cross College unit, All University Fund and Religious Welfare Council, but these and all other interested groups are asked to appear before the council at next Wednesday's meeting.

The group that takes over this sponsorship will handle all problems of DP's on this campus including new entrants, housing, board, clothing and other essentials.
