State and Local

LINCOLN—The controversial question of public housing in Lincoln reached a new height when the burden of providing when the burden of providing relatively low-cost housing for 800. Huskerville families was thrown on the city council by R. E. Campbell, Lincoln Housing authority. The housing authority had backed a plan to build 700 low-rent dwellings in Lincoln. The construction of the houses would have been paid for by the federal government. Efforts of the housing authority backfired when the Lincoln city council voted 5-2 to kill the proposal. Heal estate interests argued that there was no need since private there was no need since private nterprise in Lincoln could do

Mr. Campbell now has thrown the question of 800 families liv-ing in Huskerville right up to the city council, especially those who have taken the responsibility for blocking the Housing authority in their program to re-lieve on a long range basis the temporary and emergency situa-tion at Huskerville.

Certainly University students living in Huskerville could detail

to the city council its present situation and force the city council to take action in a matter now thrust in their laps. More information from your reporter later on this controversial

The ingenuity of college stu-dents showed up again recently in an NU classroom. The class was a two hour session, and the instructor was not succeeding in holding the attention of the stu-Of 15 students (the name may

be misused), sitting in three rows, 15 different activities were noticed. No one appeared to be listening to the lecture. The minds and hands of the people in class were occupied by the following "busy-work"; playing with a gum wrapper; drawing maze puzzles; working crossword puzzles, studying notes; coloring cartoons; sleeping (the snore was audible); reading a news magazine; reading Hamlet; reading the newspapers; staring at the ceiling; drawing pictures (of pretty girls); drawing optical illusions; dozing; staring out the window (it was a night class); and draw-

ing cartoons.

The climax came when, according to a few students who listened, the instructor commented that he just couldn't understand why the class had no questions to ask.

### Kenton to Enter Movie Production

Stan Kenton, who, is claimed by many to be the strongest force in modern music, today an-nounced his plans to produce a series of authentic movies about the music business.
"Up until now," Kenton has

explained, "the motion picture industry has never pictured a band or the band business in its true light. Consequently, the public has a rather warped conception of what it's really like."

The 6 feet 5-inch band leader, who has been mistaken many times for Movie Star Dan Dailey, has stated that he doesn't have

any acting aspirations himself, but will write and produce the films which will explain every phase of the business. Kenton, along with his 40piece concert orchestra, will present his "Innovations In Modern Music for 1950" at the University Coliseum Wednesday night, Feb.

22, at 8 p.m.

June Christy, one of the nation's top vocalists, will be fea-tured along with some of the world's greatest instrumentalists.

### Union to Sponsor Square Dancing

Square dancing will highlight the evening at the Union ball-room, Saturday, Feb. 11.

Music will be furnished by the "Texas Stars" with Walter O. Ernst doing the calling. Sara Devoe, chairman of the dance, said that instructions will be

Refreshments will be served and checkered table cloths will decorate the tables. Twenty hostesses have been selected to serve during the evening.

Tickets will be sold at the door, at 44 cents apiece. The dance will last from 8:30 to 11:30.

# Hayseed Haywire

The big feature on Ag this week is Thursday, Feb. 9, when Dean W. V. Lambert discusses his recent trip to Africa.

As you know, the Dean re-cently completed a 21,000-mile tour through the British colonics of Africa as part of a three man expedition working with the Economic Co-operation adminis-Economic Co-operation animins tration. A large crowd is expected in the Ag Union at 7:30 p. m., according to Miss Wheeler of the Dean's office, as students, faculty, friends, and all people interested are invited. Alpha Zeta, men's scholastic honorary, is sponsoring the event.

DESPITE REPORTS that the members of the livestock judging team which traveled last week to the Fort Worth Livestock exposition were carrying a "bug" prior to departure, they came through in fine shape. "Alex" Alexander, team coach, left a note on Professor Leoffel's desk thing like this: "The whole team is exposed to the mumps; they'll probably have a swelled time." The men took three individual firsts but ended seventh in the contest which isn't bad consider-ing the "bug."

FOR THE first gripe . . . you probably know that the Ag Union is now remaining closed at night except for special occasions, I guess too many people are dieting . . . or something. Already certain parties, as reported to me, have indicated that the Union on Ag isn't necessary at all. This raises my Irish! I, for one, rather like the expression, "Meet ch' at seven for a coke." (Call 6-2436 and ask for reserva-

Why not support your Ag Union? It is now closed at night because of lack of patronage. That means from you and me, We're letting the people down who several years ago put forth great effort to have this Union in the first place. Now we take it all for granted. We're losing interest in Union committees and student affairs. And we're liable to lose the Union . . . which sounds radical but is possible.

AGGIE ATHLETES seem to be doing their bit toward helping Ed Weir's Cornhusker track team win meets. The squad which de-feated Minnesota U. last Saturday included at least three men. They are Harold Kopf, half mile: Robert Sand, high jump, and Eugene Robinson, mile.

GREAT INTEREST is annually aroused among the student body in Home Ec. 191 marriage course to you that have forgot-ten. Louie Rudman said the only trouble is the "dang thing has no lab." I guess that's supposed to be on Saturday night, Louie.

I AM terribly ashamed of my-self. For days I did not understand the scientists' theory of the hydrogen bomb. But it is now crystal clear. What puzzled me, until I read an explanation in the Life magazine, was the relation: Hydrogen (1 proton), hydrogen plus neutron forms heavy hydrogen, heavy hydrogen plus neutron forms tritium, and that tritium plus proton forms helium in all indices. Now that all this is satisfactorily explained, I can sleep nights.
