## Radio Commentator To Address Students

Cecil Brown, radio commentator and correspondent, has been named as speaker for the Honors Day convocation Tuesday, April 25, announced Dwight Kirsch, chairman of the Honors Day convocation committee.

Brown, who has been a radio commentator since 1940, recently returned from a trip to Europe which included stops in France, England, Germany, Switzerland, Italy, Spain, Portugal, Yugoslovia and Isreal. Upon his return Brown pointed out that if America wants results from the enormous aid to Europe, it will not find it in expressions of gratitude, but in the concrete fact that it topped western tide of communications. stopped western tide of commu-nism. "And," he continues, "after you've seen what communist Union Additions control does to a people and how it makes people outright slaves, stopping that tide is something

to be grateful for". Peabody Award

### **Alum Provides** ing seniors in the College of Agriculture who Scholarship Fund

Establishment of the J. A. Cob-bey scholarship fund with the University Foundation was an-nounced Wednesday by Perry W. Branch, Foundation director-sec-

retary.

The fund will provide a \$1,000 scholarship each year for a jun-ior or penior student in any school or college of the univer-sity who demonstrated out-standing scholarship, character

standing scholarship, character and temperament.

Recipients of the award will be selected by the University's General Scholarship committee. Cobbey, a Chicago attorney who graduated from the University in 1911, specified that recipients be selected without regard to "race, religion, sex or social affiliations."

The schelarship is the largest to be granted to undergraduate students in the University.

## Part of Increase

An all school vote will be taken April 26 to determine the question of raising tuition fees to \$80 per semester to provide funds for an addition to the city campus Union, building a new Ag Union, continuing the Daily Nebraskan in its present size, providing for an artist series, and increased funds for the Student Council.

Students will approve each issue separately. A majority approval will be necessary before the proposal can be brought before the Board of Regents for final approval. Ballots will be handed out in 10 a.m. classes on April 26. In addition a polling place will be provided in the Union, to be open for 50 minutes, for students who do not have 10 a.m. classes on Wednesday, Apr. 26.

\$76.50 Appr ed Already inaugurated is \$1.50 addition to tuition fees, to be used by Student Health. The Regents approved this increase at a meeting Saturday. The re-sults of the vote of April 26 will have no effect on this increase. Tuition fees for next semester will be at least \$76.50 as the issue now stands.

The remaining part of the pro-posed \$5 increase will be divided in the following way: \$3 addi-tion to Union fees, 50 cents for tion to Union fees, 50 cents for publications, 75 cents for an art-ist series, and 25 cents for the Student Council.

The vote will not be a deciding one but will simply show the Board of Regents and the administration how the students feel about such a plan. This is necessary before any further action will be taken by the Regents.

In regard to the Union addition, money which will be ac-cumulated from the date the higher fees go into effect until bonds are issued, will be used for

renovation of present facilities. Fine Arts Concerts.

A faculty committee headed by Dean Carl Borgmann, conceived the idea of presenting a series of fine arts concerts yearly, attend-ance to be limited to students and faculty members. Each student would pay 75 cents a semester, at registration time, and would be admitted to the concerts free of charge, upon showing an ID card. Administration of the fund, that is, the choice of the artists, would be by a joint faculty-stu-dent committee, chosen as the council sees fit to establish. It is felt that since the main bulk of the funds will be student-con-tributed, that students should compose the majority of the administering unit.

The additional \$3 Union fee would cover not only an addition to the city campus Union but would also provide for the con-struction of a new Ag Union. Within the proposed funds con-sidered, it is tentatively planned to construct a low ranch-type structure at Ag college. Subscription to the Daily Me-

braskan is new 50 cents per se-mester and is included in the tuition-fee paid by all students. The committee on Student Pub-
