Engineers! This is your last chance to get banquet and field

Tickets for both events go off sale at 5:30 p.m. tonight, April 26. The banquet tickets, which sell for \$4.80, entitle each en-gineer and his date to a meal at the Union and admission to the dance following. The banquet also includes the presentation of

eah engineer a picnic lunch at the field day to be held in Pi-oneer park Friday afternoon. These tickets are 60 cents each. Since all engineers will be present to watch the athletic endeavors of their departments, and will all become hungry and tired either watching or participating, it is strongly urged that they purchase a ticket in order to ward off starvation.

Just as a reminder, "E" rib-bons are also off sale after this time. For purposes of the competition, all ribbons or money must be turned in by that time. Ribbons will gon on sale again Thursday at open house, but these sales do not count in the contest. Sell them now!

Students not yet advanced from Junior Division may register Thursday, April 27.

Official registration for classes will take place during the week of May 8, and will go according to ticket numbers. After receiving ticket numbers,

students are asked to make appointments with their advisors to prepare their class schedules. The class schedules are then left with the advisor for signatures to be affixed, and will be re-turned to the student when he

finishes registration.

Dr. Floyd Hoover, assistant registrar, reminds students they may also register for summer chool work at the same time they register for the 1950-51 term. Two summer sessions are being offered this summer—one from June 6 to July 14, and one from June 6 to July 28.

prospects. Legal training also is becoming helpful in many types of business, and government ad-ministrative positions, and is also a great help to people seek-

ing public office. Best opportunities usually lie in smaller towns with probability of economic expansion, state captials and county seats. Large cities and Washington, D. C., are especially overcrowded.

Vets Slight Edge

A recent B'nai B'rith vocational service bureau survey showed veterans to have only a slight advantage in finding jobs. The survey also showed that women find positions with relative ease, took much longer to find legal

positions than men. The smaller number of law graduates during the war and the relatively favorable employment situation made job hunting rather easy for law classes of 1946 and 1947. Since 1947, competition has increased and will probably become keener in the next year or two.

### Retail Employees Subject of Study

The men and women who stand behind the counters of retail stores comprise the biggest group of workers in Nebraska communities.

According to a study made by he University of Nebraska Business Research Department, headed by Dr. E. Z. Palmer, retail trade employs about 30 percent of the working force in an average city in the state.

The averages are based upon the study of nine cities, Lincoln, Grand Island, North Platte, Fremont, Kearney, Norfolk, Mc-Cook, Nebraska City and Fairbury.

Dr. Palmer's study also shows that 27.2 percent of the working people in the average Nebraska community hold clerical and
