

Council Coordinates Religious Work

The co-ordinating body of religious work on campus is the Religious Welfare Council.

This council is composed of members of all denominational groups, including the YMCA and the YWCA. Rev. Richard Nutt, Methodist student pastor, will head the Council during the coming year.

Each year, the RWC sponsors

Religion in Life week, which will fall on Nov. 5 to 9 this fall. All activities on campus are centered around religion during the four days, and speakers lecture in classrooms and organized houses. One or two all-university convocations are also held.

This year, Religion in Life week will be under the direction of the United Christian Missions, and

organizations which travels to various universities, sponsoring such events. It will supply its own speakers and line up a program for the entire campus. Main emphasis, however, is placed on having qualified speakers talk to groups in classrooms and organized houses.

Keith Stevenson and Patricia Weidman of Lincoln will be in charge of Religion in Life week on the campus this fall.

Another phase of work done by the RWC is the sponsorship of Displaced Persons students on the University campus. The job was given to RWC last year by the Student Council.

Frosh Beanies? They're Tradition

For y'ars and y'ars and y'ars they've done it.

That makes "beanie" wearing a TRADITION.

"Beanies" mark you as a freshman—they identify you with the class of 1954.

They're the colors of old NU—scarlet and cream. They fit snugly on the head of the smallest, the biggest, the youngest, the oldest, the meekest, the ornriest frosh.

They'll look good on you! "Beanies" sell for fifty cents and will be available when and where you register.

Remember to get your fresh-

man "beanie"—after all, you're a frosh—advertise!

Don them the first day of school—doff them when the first snow falls—and then put your "beanie" away with the "strictly college" stuff you'll want to look back on in the y:ars to come.

Key to Campuses—

Know your way around campus?

If not, try studying the maps on page 2 and page 13. They give you a complete picture of all buildings on city and ag campuses with the buildings numbered to match the keys.

YW CHAPEL WORKSHOP—YWCA members above are putting the finishing touches on equipment that will be used in their chapel. The YW program includes an emphasis on every-day spiritual matters.

Church Plays Important Role In University Student's Life

Religion plays a big part in the lives of the students at the University.

In almost every phase of student life the work of University pastors and religious organizations on campus are prevalent.

Religious work among students is carried on thru the various church student houses on campus, denominational student work thruout Lincoln, and thru the Young Men's Christian association and Young Women's Christian association.

THERE ARE nine ministers carrying on religious activities and services on the campus proper. Included in these nine, are five pastors who live in and manage student houses.

Student houses include the

Presbyterian student house, the Lutheran student house, the Baptist student house, the Methodist student house, and along this line, the University Episcopal chapel.

The doors of these houses are open to students at all times, and along with the religious activities are social and cultural events.

EACH STUDENT house has it's officers and directors, and some even publish monthly newspapers.

One of the religious clubs located on campus is the Newmann club for Catholic students. Meetings are held in the Temple building.

Other denominational student groups which hold meetings on campus are United Bretheran, YMCA, and Lutheran.
