EDITORIAL COMMENT

'Academic Bad Boys' . . .

As debate on loyalty oaths for public teachers progresses in state legislatures throughout the country an interesting bit of evidence comes from Cambridge, Mass. Harvard university has appointed to its faculty Harold Winkler, former assistant professor of political science at the University of California.

Winkler is one of the instructors fired last July when he refused to sign an oath demanded to crawl upon his knees." j.w. by the California Board of Regents, He also refused to take part in a compromise oral interview regarding communistic tendencies. (The California in the Nebraska legislature in that the Nebraska pledge does not include the word communist).

Had the expelled teacher consented to the interview with the California Academic senate committee, he would have lost his job in August anyway. Then a majority of the regents voted to fire even those who submitted to an oral review of their loyalty.

The Daily Californian report Winkler to be a member of Americans for Democratic Action, "an organization of anti-communist liberals." He is also former research director of the Council for Democracy, an organization whose money came from the Luce and Rockefeller interests and whose executive secretary was president of Life magazine. In addition to this he received the Bronze Star for his Navy service during World war II.

"This, however," the Californian remarks editorially, "would not satisfy the regents; they had to have his signature under a mass of nonsensical mumbo-jumbo or he was 'unfit to guide the minds of our gullible youth. . . "

As a result of the suspension of Winkler and his non-signing colleagues, the Californian reports, "at least 23 courses and sections, orginially scheduled for this semester, have been cancelled . . . " These same "academic bad boys" had been thoroughly investigated and cleared of commu-

nistic leanings by a faculty committee-and then fired by the regents.

The Californian ends its editorial with this reflection: "So Winkler left the University of California, where he had been one of the most pop- tions and individuals who have ular and stimulating members of his department; contributed help toward educatnow Harvard has him. Harvard, in contrast to California, is still willing to judge a man upon his own merits rather than upon his willingness

Men on Trial ...

A mob of boys crashed the coed convent Tuesoath differs from the one now under consideration day night. They had no trouble scaling the walls and pouring through the iron gates. They were met with little opposition except that of a few buxom girls and shocked ladies who murderously glanced at the intruders. Most of the coeds enjoyed the excitement caused by the invasion, as normal convent girls should.

Shouting "Male Suffrage," the boys squeezed into empty chairs and packed the aisles, Girls twittered.

AWS board members scurried around the corridors and ran up and down stairs in double file. One was heard to comment, "You boys have no sense of decency."

She added that it was a demonstration of mobsters, of boys taking the law into their own hands. He is ample proof that you do "University males are on trial, on probation,"

Yes, the boys are on trial. The judges of the case, the AWS board will undoubtedly be forced be an anto pass down a decision before the next Coed Fol- no uncer over lies rolls around. They will have to decide wheth- your univerer the boys are guilty or not of invading the convent-like seclusion of the Follies show and what shall be their punishment.

AWS board members must reach a decision. Arts and Should the Follies show be opened peaceably to Science. His boys, or should the boys be allowed to crash the convent walls again.

Campus males are on trial. g.r.

Personal Opinion Out...

The Legislature Monday revised a resolution on televising University home football games. The senators then adopted the resolution after a 40 minute discussion on, according to the Lincoln Journal, "the merits of television and allied subjects from Bobby Reynolds to bicycles."

The resolution which orginally asked the University to "do everything possible to have its games televised" now requests a "review of findings of the Big Seven conference" on the question

It is doubtful that any definite stand will be taken in favor of television at the Big Seven meeting in Kansas City this week end. Any policy formulated at the conference meeting would have to be in accordance with the ruling of the National Collegiate Athletic association which voted to forbid live telecasts for a year.

ager of athletics, when queried by the Journal taking the right path.

inquiring photographer said, "It is not a question of personal opinion now . . . we must follow the intercollegiate ruling to ban television for one year. I think television would definitely cut down on game attendance." That is the opinion of a man who is an expert on attendance and conditions affecting attendance.

Some solons suggest sending a copy of the resolution to legislatures of other states in an attempt to make the issue one spreading over the entire conference. They would ask the legislators to require their respective schools to televise home games.

If the senators of this state really believe it is more important for a few constituents in the area surrounding Lincoln and Omaha to view Husker football games on video than it is for the University and its parent Big Seven conference A. When you listen to "Pop Shop" you can hear a man that is well versed in putting over a disc show. For recorded music at its best, with an announcer that really puts his all in a show, hear "Johnny's Pop Shop" every Wednesday and Thursday at 3:45 over your university radio station, KNU.

This week's presentation of "Authors of the Ages" is Hedda Gabler, by Henrik Ibsen. When show was first given in 1891, it created quite an uproar.

This is the plot of a woman who wants to be a master of men. The star Hedda Gabler, who is portrayed by Jan Crilly, Miss Dame Fashion of the University, is the daughter of a military man. Hedda has had a

very unhappy marriage.

During the performance you might grow to dislike Hedda. For it is she that mechanically brings about the downfall of her former lover. The lover, Eilert Lovborg, is a man who at one time freed himself of the wrath of Hedda.

Other members of the cast are other new member to the Authors cast, Joan Cutler.

For a half hour of pleasant listening hear "Author's of the Ages" at 9:00 Thursday over KFOR, or 3:30 on Monday over
