Military Ball Tickets Again Sell For \$3

Military ball tickets will cost \$3 again this year despite expected increases in ball expenditures.

The ticket price was determined Thursday night, following the Honorary Commandant tea, by members of the Candidate Officers Association.

Although a popular name band has been hired for the dance, according to Darwin McAtee, the name of the band will not be released for two weeks. Tickets will go on sale immediately before Thanksgiving vacation, Nov. 21, and continue to be sold until shortly before the ball.

COA officer, John Sinclair, emphasized the importance of purchasing Military ball tickets for the success of the Mortar ball, scheduled for the week following. The more girls invited to the COA dance, he said, meant the more reciprocal dates for the Mortar Board ball.

Although the ball will open the University's formal season, ROTC students are urged to wear uniforms.

Ben Rudinkow Experiences American Freedom After Wartime In Europe

By CONNIE GORDON
Feature Editor

First war, then peace and now freedom.

These words could almost describe the conditions under which Ben Rudinkow has lived most his life. Rudinkow, a Polish refugee is now a student in the engineering college at the University.

Rudinkow spent the first 17 years of his life in Poland. He became interested in the field of engineering and studied a year at the Haifa Technological college in Israel.

After his year of study in Israel, he returned to his homeland. In 1939, the Russian army entered and occupied the eastern portion of Poland. He remained in his western sector home until the Polish-German war broke out.

At the outbreak of the war, he escaped to the southern part of the Persian border by bicycle and then into Russia by train. Rudinkow stated, "I rode 700 miles in three days in order to get a train into Russia."

Rudinkow found the general conditions in Russia fairly poor. Banditry was common at that time. He was attacked and robbed by a group of Russian bandits. He was hospitalized 6 months as a result of the attack.

After his recuperation, he ob-

Panhellenic Plans Dinner Wednesday

Loyalty to the fraternity will be stressed by Mrs. Julia Fuqua Ober, Kappa Delta national president, at the Panhellenic banquet Wednesday.

The banquet, which will climax the Panhellenic Workshop week for all 14 sororities, will begin at 5:45 p.m., Wednesday at the Student Union.

Listed in "Who's Who in American Women," Mrs. Ober has served as president of the National Federation of Music Clubs

MRS. OBER

and as a national officer of Sigma Alpha Iota, professional music sorority.

During World War II, she received an award from the war and navy departments for helping to organize musical entertainment for servicemen.

Entertainment for the banquet will include musical numbers by the Delta Gamma combo. Pledges class presidents will give a skit pertaining to Panhellenic activities.

The Elsie Ford Piper award for the most improved sorority will be presented.

Tickets may be purchased from Shirley Ransdell or from each house representative. The price is \$1.25.

Pledges Assigned 'Hollering' Task

Attention all pledge classes! Cobs and Tassels have a job for you.

It's simple. You just have two things to do. . . .

Go-o-o, Nebraska! Be-a-4 Kansas!

Now count to ten. Put the two together, and all day Thursday and Friday you will be stopping at every ten steps to cheer for the Cornhuskers at the top of your lungs.

Don't worry about being unconventional. This chant is just part of the "all-out-for-Homecoming" campaign. If you do your job well, the whole campus will be hoppin' and hollerin' by game time Saturday.

Moyer's Combo To Play At Post-Rally Pep Dance

A Homecoming pep dance will be held in the Union ballroom after the rally Friday night.

Jean Moyer's combo will furnish dance music, and several University students will perform during intermission.

Tickets will cost 44 cents per couple.

turn to Poland, not by bicycle this time.

Devastated is the only word to describe Poland after the war. Rudinkow had learned from a friend that his family had been killed in a Polish ghetto during the war. He remained in the war-torn country for more than a year, then left for Rome.

In Rome, he obtained a secretarial position with the American Joint Distribution Committee, a refugee welfare organization. During this time, he met Arthur Greenleigh, president of the United Service for New Orleans and Rabbi Joseph Laskstein of the United Jewish Appeal. Both men became interested in Rudinkow and helped him obtain an American scholarship. The scholarship was for the University of Nebraska.

Rudinkow arrived after the University had officially opened. He began his studies here in late September.

One of the things that impressed Rudinkow the most was the friendliness of the University students and "authorities." He commented that the students don't get "excited easily." Rudinkow stated that all in all, he thought the U.S. was "wonderful."

The reason? First war, then peace, and now freedom.

it happened at nu...

It did! The improbable actually happened at the University. The sorority house was serene and quiet until a terrifying scream suddenly resounded through the house.

Was it possible that a man was actually hiding in the closet of one of the girls?

It can't be said that it is impossible, but one of the pledges of the sorority can give the answer.

A store mannequin, dressed in men's apparel, would look like the real thing to any girl who unsuspectingly opened her closet door.

All organized men's houses are eligible to enter one freshman and one sophomore representative in the tug-of-war before the game Saturday afternoon.

Delegates will meet on the 50-yard line at 1:30 p.m. All freshman competitors will wear their beanies.

Communists Increase Air Attacks

KOREA—Constantly increasing air activity by the communist air force has been reported by American Fifth air force headquarters. Red planes are flying closer to UN lines than at any time since we gained air superiority early in the war. American bomber formations are flying more night missions under fighter escort to avoid attacks by red planes. We still have air superiority, but it looks more and more like the communists are preparing an all-out air offensive.

Debaters Oppose KU At Omaha

Six members of the University debate squad Wednesday presented several exhibition debates at Omaha high schools. The exhibition tournament included competition with Kansas University debaters.

Nebraska's teams were Joan Krueger and Doris Carlson, Wayne Johnson and Dale Johnson and Charles Rosow and Reed Belden.

According to Don Olson, director of debate, who accompanied the students to Omaha, the trip is part of "an extensive exhibition program for the year."

Later programs will include trips to Kearney, Grand Island, Wayne and Norfolk.

The question debated at Omaha Wednesday was the national high school question. It is "Resolved: That all American citizens should be subject to conscription in time of war."

Wednesday morning Miss Krueger and Miss Carlson upheld the negative side of the question against Kansas University at an exhibition debate at Benson high school.

The team of Johnson and Johnson and that of Miss Krueger and Miss Carlson debated against each other at South high school Wednesday afternoon.

Rosow and Belden opposed Kansas University debaters at Technical high school Wednesday afternoon.
