LINCOLN, NEBRASKA

Thursday, November 8, 1951

Cobel, Willey To Represent NU At Big-Seven Convention

George Cobel and Miriam Willey will represent the University at the Big Seven Student Government association convention at Boulder, Colo., Nov. 30 and Dec. 1. The two delegates were elected Wednesday by Student Council.

The Council will try to obtain two University station wagons to provide transportation for as many Council members who can make the trip.

Four committees have been set up at Boulder on student affairs. These committees are the permanent organization and student government committee, athletic committee, student life committee and academic committee.

At the Big Seven convention at Kansas university last spring, Nebraska was assigned to discuss the problem of finance at the Big Seven convention.

Other Big Seven schools attending will be Iowa state, University of Missouri, Kansas state, University of Oklahoma, University of Colorado and University of Kansas.

New Council representatives are Joel Mead, Candidate Officers' association, and Ira Einstein, N-Club. These new members complete the Council membership.

The Council passed the corrected Engineer Exec board constitution submitted by the judiciary committee. It is now referred to a faculty sub-committee on general organizations for final approval.

The migration report submitted by migration committee chairman Jack Cohen was approved. The report stated that a net profit of \$177.05 had been gained from the sale of migration tickets. It

was also reported the 1951 migration ticket prices were the lowest in history and ticket sales surpassed those of previous years. Football ticket sales amounted to 259. Three hundred forty-nine train tickets were sold.

Half-time entertainment during basketball season was also discussed by the Council. Scheduled entertainment includes a square dance presented by the women's physical education department, the gymnastic squad and play-offs in the ping pong tournament. Possible entertainment discussed was the Pershing Rifle drill team and the winners of the 1951 Ivy Day sing.

Rex Messersmith, chairman of the student activities committee, reported that the parking prob-

lem has virtually been solved. He reported the crushed rock is going to be used to surface the Union parking lot and that motorcycles and scooters can be parked in lot C and in the corners of the triangle lot.

George Cobel, Council president, suggested that planning for future parking should be started. With the erection of new buildings in the next 10 or 15 years, the situation should be studied and the possibility of underground parking lots discussed.

Symphony To Present Fall Concert

The University symphony orchestra will give its sixth annual fall concert Sunday, Nov. 18, at 8 p.m. in the Union ballroom.

Admission to the concert will be free ticket. The tickets are available in the Union activities office. There will be only as many tickets given out as there are seats. Tickets will be honored from 7:30 p.m. until 7:50 p.m. At 7:50 p.m. the general public will be allowed to enter.

Sorin began studying piano at the age of six. Since then he has won many prizes in music including the Schubert Memorial award. His first tour included 72 concerts in cities throughout the country. He has toured for three seasons and has appeared as soloist with many symphony orchestras. Before entering the army he played in Carnegie Hall with the Philadelphia orchestra.

After his release from the army he devoted two more years to intensive study. He spent the next three years touring in over 60 cities each season with a piano-violin duo.

The concert is under the direction of Emanuel Wishnow. The concert will be sponsored by the Union music committee. Sara Devoe is sponsor of this committee and Barbara Reinecke is chairman. Other members are Virginia Cooper, Bonnalynn Eilers and Kathy McMullen.

"Idiot's Delight" is a comedy by Robert Sherwood, and will be presented by the University Theater Dec. 20 and 21. Max Whittaker is director of the play.

According to John Tolch, technical director, crews will be completed by Friday evening and those chosen will find the announcement posted on the experimental theater bulletin board in the Temple building. The new members will hold their first meeting on Saturday morning at 9 a.m.

26 Finalists Vie For Roles In 'Idiot's Delight'

Twenty-six finalists for "Idiot's Delight" tried out Wednesday night at the Temple building. Hopeful stars are:

Marvin Stromer, Don Lewis, Jack Chedester, George Hancock, Don Clifford, Richard Marrs, Milt Hoffman, Henry Gibson, Bill Burke, Charles Hogstis, D. K. Smith, Dave Sisler, Raymond Nasr, John Sinclair, Arnold Otto and Les Mathis.

Diane Downing, Mary Sidner, Marian Uhe, Marty Miller, Marilyn Lehr, Betty Lester, Sue Neuwander, Mary Kay Tolliver, Nancy Widener and Janet Peterson.

Rex Knowles To Address Counselors

"Friendship" will be the theme of the Coed Counselor mass meeting Thursday at 7 p.m. in Union Parlors XYZ.

Speaking on the topic will be the Rev. Rex Knowles, pastor of Presby house. In his talk he will explain how Coed Counselors, through their little sisters, can be the nucleus of a friendlier University.

After his talk, a forum consisting of seven Coed Counselors will discuss attitudes of counselors and their little sisters.

Members of the forum are Beth Ropers, Marilyn Irwin, Molly McCoy, Pat Patterson, Imogene Vickers, Jo Legge and Norma Engle.

TNC Candidates, Scripts, Participants Due Dec. 10

AWS board has notified women's organized houses that scripts and lists of participants for Coed Follies and candidates for Typical Nebraska Coed are to be turned in before Dec. 10.

Although the final production is not scheduled until Feb. 26, the board has begun work early in order to give every house a fair chance in tryouts, according to Jean Loudon, chairman of Coed Follies.

In case two houses have similar themes, the last house to hand in their idea may have a chance to organize a new skit before tryouts.

The scripts must be censored by the Coed Follies committee. With the early date changes may be altered in time to compete for a spot in the final performance.

Eight minutes will be allowed for skits and five minutes for curtain acts.

At the same time that skit themes are turned in to AWS the list of participants and the candidates for Typical Nebraska Coed are due.

Participants in acts must have popular vote taken at the door, Friday, Nov. 16, will determine the 1951 winners. They will be announced at a special presentation during the Revue.

This year's show will feature a "Hello Hollywood" theme. This is the second year that a definite theme has been chosen for the revue. Last year's subject was "A Mythical Tour of Broadway."

Six fraternity skits will be selected from a field of twenty routines for the final competition in the 1951 revue.

The candidates for Nebraska Sweetheart are: Mary Lou Flaherty, Alpha Chi Omega; Marilyn McDonald, Alpha Omicron Pi; Norman Lotrop, Alpha Phi;

AWS Originates New Appeal Board For Hearings Of Overpointed Coeds

Activity women overpointed in activities may take their cases to Associated Women Student's new appeal board.

The board will meet every Monday at 5 p.m. in Ellen Smith hall. The first meeting will be Nov. 19.

AWS has been checking the activity points of University women. Overpointed coeds will be contacted when the new system is announced Friday.

Appeal application blanks may be picked up at Ellen Smith Hall. These blanks must be returned to the AWS drop box in Ellen Smith hall by Friday, Nov. 16 for the applicant to appeal at the first hearing.

No grade average is needed for appeal. The applicants will be judged upon health, scholarship and non-pointed extra-curricular activities.

Members of the appeal board are Miss Gertrude Knie, AWS sponsor and assistant professor of commercial art; Mary Guthrie, AWS sponsor and assistant professor of home economics; Nancy Button, AWS president; Marilyn Moomey and Sharon Fritzer, senior board members; Ginny Koehler, junior and point system chairman and Janet Steffen, sophomore.

AWS discovered one big weakness in the system. Seasonal work overlapped in positions. For instance, a woman working in AUF may find the work concentrated in one season of the year and lax in another. Because of the heavy seasonal work, the coed may have to drop other activities. The appeal board will hear such cases and try to find a fair solution.

Point distribution under the new system has not changed radically. Eleven points is the maximum rather than 20, but the activities have been evaluated to meet the "half" cut. The smaller number of points will simplify record keeping for coeds and AWS board.

Under the new system, organizations will benefit by having

freshmen debate squad will debate at the Kansas State conference for beginning college debaters at Manhattan, Kas., Saturday.

Ten students, comprising five teams are: James Adams and Allen Lozier; Doris Billersbeck and Joyce Laase; Joe Whiteman and Kenny Philbrek; Jack Rogers and Charles Gomon; Paul Means and David Gradwohl.

They will debate four rounds. The question which is being debated by colleges throughout the country will be: "Resolved: That the United States should adopt a permanent program of wage and price control."

About 23 midwestern schools are expected to have representatives at the conference.

Bruce Kendall is debate coach.

Jack Davis, Kappa Sigma; Harlan Wiederspan, Beta Theta Pi; Chuck Anderson, Delta Sigma Phi; Louis Simon, Theta Xi; Wayne Handshy, Phi Gamma Delta; Marshall Kushner, Zeta Kappa Psi; Don Pieper, Sigma Chi; Andy Bunten, Sigma Nu; Marty Lewis, Sigma Phi Epsilon; and Don Lenkuhl, Tau Kappa Epsilon.

It is expected that the Russians will talk at the inspection clause in that it would result in a virtual lifting of the iron curtains.

Over northwest Korea 114 communist jets and 30 American planes toyed with each other's formations, but neither side, according to eighth army headquarters, scored any hits.

WASHINGTON — Republicans gained one congressional seat in Tuesday's bye-election and maintained their incumbents in two other contests. Democrats elected a mayor in Philadelphia for the first time since 1884, while a republican soundly beat the democratic candidate for mayor in Indianapolis, home town of the democratic national chairman, Frank McKinney.

Rudolph Halley, chief counsel for the Kefauver crime investigation in New York, was overwhelmingly elected president of the New York city council. Running as an independent, Halley made an issue of corruption in government. His election, taken with similar campaigns in Indiana's large population centers, indicates that crime and corruption will play an important part in the 1952 elections.

Chi Omega's, Alpha Chi's Rated As Second, Third

The Elsie Ford Piper Achievement award was presented last night to Alpha Phi for "perfection in scholarship, cooperation, social observances and good citizenship during the past year."

President Shirley Ransdell accepted the cup for her sorority from Miss Piper. Winning second and third were Chi Omega and Alpha Chi Omega, respectively.

A new award, the Panhellenic Scholarship award, was given to Kappa Kappa Gamma. Marlene Mooberry accepted the award which was presented to the

house attaining the highest average during the past year.

Mrs. Julia Fuqua Ober, national president of Kappa Delta, an officer of Sigma Alpha Iota and president of the Board of Directors of the National Federation of Music Clubs, was the main speaker.

Mrs. Ober stressed the fact that there is a reason for everything in sororities. Each is a small democracy where members exchange ideas, live together and learn teamwork and sharing.

Fraternities were the first student groups on any campus and Panhellenic was the first inter-student group. So sound were their ideals that colleges now imitate them by having deans, personnel consultants, scholarships and even rushing.

Mrs. Ober went on to say that a sorority woman owes her first responsibility to her community. The University and then her sorority must be her other loyalties.

She also brought out the fact that Greek women have a duty as well as a right. They learn to give to others through philanthropies and live a kind and considerate life without snobishness.

Only in a democratic country are fraternities, of any nature,

officers with sufficient time to fulfill their duties. Activity offices will be distributed among many students capable of handling responsibility. Individuals will have a check to protect their health and scholastic responsibility.

AWS compiled its point sheet with the recommendations of an organization's president and committee hearings to judge the activity. Activity heads were consulted in approving the new point system.

Other members of AWS board are Marilyn Bamesberger, Sue Holmes, Marilyn Clark, Mary Jane Barnell, Pat Wiedman, Poochie Rediger, Jean Loudon, Hester Morrison, Harriett Wenke, Gertrude Carey, Phyllis Kort and Sally Hall.

Situated directly behind the Corn Crib the nook is maintained by the Union House committee, according to Bev Mann, chairman. The committee keeps a constant check on the book and magazine suggestion sheet hung in the room.

Approximately 2000 books and 25 selected magazines are available for reading. The publications may not be checked out. They are to be read in the nook and must not be removed.

As a result of a poll the subscription list was broadened this fall to include the following magazines: Newsweek, Look, New York Times, Popular Science, Theatre Arts, Metronome, Etude (kept in the music room), Vogue, Photography, Atlantic Monthly, New Yorker, Colliers, Saturday Evening Post, Better Homes and Gardens, Ladies Home Journal, Esquire, Holiday, American, Ebony, Life and Reader's Digest.

The collection of books is kept up to date through membership in the Book-of-the-Month club. In addition to the club releases the committee buys quantities of new books yearly. Short stories, plays, novels, biographies and autographies are all on the nook shelves.

Junior and senior class officer candidates who turned in pictures to Don Noble may now pick them up at the Corn-house business office in the Union.

There are three classes of women: the intellectual, the beautiful, and the majority.

Generally fair weather will prevail today with a high of near 55. Light to moderate westerly winds.

"Darling, I could sit here and do nothing but look at you forever."

"That's what I'm beginning to think."

Paris—in his first personal appearance at the current Paris general assembly session, Russian Foreign Minister Andrei Vishinsky announced that his government would give serious study to proposals for a meeting between Marshal Stalin and western chiefs of state to discuss settling the

cold war. Vishinsky denied that Stalin had agreed to come to Paris for a meeting of this type, and chief Russian U.N. delegate Jacob Malik spiked rumors that his delegation and the Americans had been holding secret preliminary meetings in Paris.

WASHINGTON — President Truman fired the opening gun of a new peace offensive sponsored by the western countries when he addressed the nation Wednesday night. The president offered a three point program in an effort to take the initiative from the Russian propaganda machine.

The new peace bid included an international census of arms including atomic weapons; inspection of land, sea and air installations by teams of U.N. investigators; and a percentage limitations of armies, navies, air forces and armament industries.

It is expected that the Russians will talk at the inspection clause in that it would result in a virtual lifting of the iron curtains.

KOREA—Communist and U.N. negotiators at Panmunjom rejected each other's latest offers for a cease-fire line. The Reds want the line where the front is now, and the allies want it to be established where ever the front happens to be at the time the actual armistice is signed.

American Maj. Gen. Henry Hodes stated that the "defacto" cease-fire proposal made by the Reds is unsatisfactory because it made no provision for the thousands of allied prisoners in communist hands. If the Reds were certain that we would advance no
