

Delta Theta Phi Wins Independent Playoff

BY ED BERG Sports Staff

Intramural bowling focused on playoff activity as all teams finished up their regular season play last week. The top four clubs in each league qualified for the "roll off."

Delta Theta Phi became the first team to notch a playoff victory when they blasted the Methodist House 228 to 198. It was independent league warfare in the Tuesday loop. Ward Zimmerman paced the winners with a outstanding 520 series. Best for the Methodists was R. Richards who chalked up a 426.

The final Tuesday league standings are:

Delta Theta Phi	14-1
Methodist House	7-8
Alpha Kappa Psi	7-8
ISA	2-13
Phi Gamma Delta, Sigma Alpha Epsilon and Sigma Mu	rolled up three wins apiece in the final firing of the Monday loop. The Phi Gams, paced by a scorching 375 by Sev Harkson, swept aside the Beta Theta Phi's. Neil Weddle's 500 series helped the Sig Alphas trounce the Delta Tau Delta quintet. Sigma Alpha Mu gained their three triumphs at the expense of the Sigma Chi's.

The final Monday night standings are:

Phi Gamma Delta	17-4
Sigma Alpha Epsilon	17-4
Zeta Beta Tau	14-7

Sigma Nu 12-9
Sigma Alpha Mu 12-9
Beta Theta Phi 5-13
Sigma Chi 4-14
Delta Tau Delta 0-21
The battle for the third and fourth places in the Wednesday league highlighted play as the Theta Chi, Kappa Sigma and Phi Delta Theta teams tossed for playoffs positions.

John Morehead's lusty 561 which included 212 and 201 games proved the difference that sunk the Kappa Sig hopes and moved the Phi Deltas into the number three rung. Theta Chi with Jack Fuller showing the way powered past the Delta Chis.

The final standings for the Wednesday action are:

Delta Upsilon	12-3
Tau Kappa Epsilon	8-6
Theta Chi	7-8
Phi Delta Theta	7-8
Kappa Sigma	6-9
Delta Chi	5-10

In Friday night activity the Beta Sigma Psi keglers upset the Delta Sigma Phi crew two games to one. The wins were doubly important in that they threw the clubs into a first place tie. Pioneer Co-op escaped from the cellar by nosing out the Sigma Alpha Mus.

The final Friday night standings are:

Delta Sigma Phi	11-4
Beta Sigma Psi	11-4
Pioneer Co-op	3-9
Sigma Alpha Mu	2-10

Wes Santee Tops Teammate Semper; Easton Lauds Soph

The stream of great Kansas distance runners never runs dry, it seems. The Jayhawkers will swing their latest endurance engine, Wes Santee, at Big Seven foes during the approaching track season.

The long-legged cowpoke from Ashland is a worthy successor to the strain originated by Poco Frazier, now curator of the Oklahoma City Art museum, and maintained by the likes of Glenn Cunningham, Ray Harris, Bob Karnes, Pat Bowers and Herb Semper.

Semper, as a junior last year, was regarded as the finest two-miler in K... annals. He ran 9:05 to place ... in the N.C.A.A. last June. He won the N.C.A.A. cross-country derby at Michigan State. He holds both conference indoor and outdoor marks for the distance. Yet he hasn't beaten Santee in a meet this year.

Unrelenting a blazing pace from the opening race this year ... a 9:14.7 against Oklahoma A & M ... Santee reached a fantastic 9:07.2 last Saturday as Bill Easton's crew won its 19th consecutive dual meet over a five year span.

This is believed to be the swiftest autumnal two-mile ever spun

Singles Bowling Tourney To Begin This Saturday

The intramural singles bowling tournament will be held Saturday at 2 p.m. at the Lincoln Bowling alleys. The tourney will be open to all students of the University who are interested in entering.

The cost for entering the meet will be 90 cents. All that is necessary for one to enter is to be at the bowling alley at the above specified time.

There will be no handicap. The tournament will be scratch competition. A trophy will be awarded the winner of the tournament. Medals will be given to the second and third place winners.

Sportscaster

LOST CAUSE . . . Bill Stern, noted football broadcaster and expert on national football problems, doesn't think too highly of the ten man committee of college presidents investigating collegiate football.

Are You Confused About The Present Status Of Football? So Are We!!

BY ARLEY BONDARIN Sports Staff Writer

In the past few months, many sports scribes have attacked anything and everything connected with the game of football in the recent landslide of over-emphasizing football over-emphasis.

For the most part, many of the arguments have been about as logical as blaming the pigs for donating their hides for the making of such an immoral thing as a football.

Thousands of words and ideas have been written and spoken attacking and defending the game of football as it is organized today in the universities throughout the nation. In order to somewhat clarify the whole situation, the following review of recommendations and actions taken throughout the land is presented.

Football has become big business. It is apparent that no university competing in so called big-time football can ignore the monetary issue involved. The sport has proven to be a great source of income to the schools. Therefore, the question arises, by what means and to what end should our higher educational institutions be allowed to operate in quest of a winning football team.

Some people have closed their eyes to the situation and declare that the evils which are said to exist are greatly exaggerated. They say that athletic scholarships, bowl games, spring practice, expense money, attractive offers to high school boys, etc., are all an integral part of the game and that no harm is being done.

There are those who take the opposite view and call for the complete abolition of football on an intercollegiate basis. These extremists point out over thirty schools who have dropped the pigskin sport, with no apparent revolt on the part of students or faculty.

The most reasonable viewpoint is that football is a great game but that regulatory measures must be taken to erase many of the faults which have arisen as the financial aspect of the game has gained momentum.

One fault is athletic scholarships, or rather, the basis on which they are awarded. The problem of grants to unwarrentable individuals and under-the-table subsidization must be corrected.

However, a scholarship awarded to an athlete who can meet entrance requirements, sustain a good scholastic standard, and shows sufficient need for financial assistance is being considered an acceptable, if not desirable arrangement.

Abolition of spring practice and the bowl setup has been advanced as a corrective measure. Already Yale University and several smaller institutions have eliminated spring practice as a step toward de-emphasis.

The most reasonable viewpoint Coach Charles Caldwell of the undefeated and untied Princeton Tigers, has stated that what needs correction is not football preparation but its objectives. He has called for the complete elimination of all bowl contests.

In contrast, Jim Tatum, coach of Sugar Bowl bound Maryland, has come out against the anti-bowl and spring practice advocates. A definite weakness in such policies is shown by the fact that Maryland accepted the Sugar Bowl bid despite a 13-1 recommendation of Southern conference presidents which called for a boycott of bowl games by the conference's members.

Recently, a nation-wide committee of ten college presidents began hearings in order to reach some definite conclusions on the football situation.

However, Bill Stern, prominent sportscaster, feels that no definite recommendations will come from the hearings. He points to the fact that several large schools, such as Notre Dame and Michigan State, are represented on the committee and, therefore, would not jeopardize their positions as major football powers.

Another point under scrutiny is that of allowing players to take easy courses to maintain a suitable average. In line with this is the problems of manipulation of grades. The truth of these charges is very difficult to determine.

Herein lies what many people believe to be a chance to return to normalcy. In the hands of the college administrator lies the authority to determine the policy of the athletic department.

If a uniform practice of letting the president run the school, including the athletic department, can be established then a big step will be taken to relieve the tension of big-time football.

Arguments pro and con as to the relative merits of the two-

platoon have been advanced during recent months.

Those in favor of the system argue that it gives more players a chance to participate and earn recognition. Those against say that the emphasis on specialization is a bad influence on that game itself.

It should be pointed out that the preceding facts and arguments present only a minute portion of the many factors which have become involved in the situation. In the eyes of the public football has assumed the proportions of a huge machine, grinding up men and money to produce a satisfactory product, acceptable to the fans.

This picture is the result of unfavorable generalizations which have been leveled at the entire field of intercollegiate athletics because of particular instances of underhanded practices.

No one can deny that good sound athletics play an important role in the educational program of our universities. However, danger arises when colleges think they have the job of entertaining the public to appease certain individuals who may hold the purse strings.

What is the answer? How can a suitable solution be reached? But more important, what is the question? It is very difficult to determine just where the faults lie and what they are. Vague pictures have been presented to the public of the procedures by which football teams are assembled.

The answer might lie in a standardization of regulations regarding the whole scheme of intercollegiate athletics. However, to reach this point full cooperation on the part of all schools must be had, thus far an impossibility.

There it is. What do you think?

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

SHEEDY looked bird-seedy with his ruffled hair. He didn't know feather to bury his head, or go on a wing-ding! "Owl I ever get a date for the prom?" he asked his two roommates. "You're robin yourself of popularity, birdbrain," they chirped. "Better be cagey and get Wildroot Cream-Oil! It's non-alcoholic! Contains soothing Lanolin! Grooms your hair neatly and naturally. Relieves dryness. . . removes loose, ugly dandruff!" Now Paul's flying high! The sweetest little chickadee on campus has him out on a limb. So get a bottle or tube of Wildroot Cream-Oil at any drug or toilet goods counter tomorrow. And next time you see your barber, ask him for a professional application. Then you'll really be in there pigeon!

Campus Interviews on Cigarette Tests

No. 28...

THE OVENBIRD

I don't go for these half-baked claims!

Past Grand Master of the Royal Order of Gourmets and Raconteurs—our outspoken friend knows how to find the proof of the pudding. Especially such a thing as cigarette mildness! A "quick puff" and a "single sniff" left him hungry for facts. Smokers everywhere have tried the same tests and discovered the one true test of cigarette mildness!

It's the sensible test . . . the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke, on a day-after-day, pack-after-pack basis. No snap judgments. Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why . . .

After all the Mildness Tests . . . Camel leads all other brands by billions
