Goodmen Hit Buffs, 63-61 **Buchanan, Fredstrom, Seger** Lead NU To Conference Win

Sports Staff Writer

The University of Nebraska Cornhuskers opened up their Big Seven conference activity with a 63-61 squeeze past the Colorado Buffalos Saturday night at the Colliseum.

A successful stall in the last three minutes provided the scrappy Huskers with the win. The victory, a fine team effort, snapped a seven-game Nebraska losing streak.

Jim Buchanan led the Husker scoring with 15 points but he had able assistance from Paul Fredstrom, who racked up 12 while playing his best game at home. Also deserving special laurels were Charley Ott who dropped in 10 tallies, and the always mov-

ing Fred Seger who added 11. Frank Gompert paced the Buff scorers with 14 markers, while John Amaya chalked up 12. Amaya also turned in an excellent floor game before fouling out in the closing minutes.

Buchanan opened the scoring with a free toss but Bruce Con-way, and Omaha Creighton Prep grad, put Colorado ahead sec-oud- later with a drive in. Fredstrom hit for NU before Ken Koop notched a one pointer and Art Bunte hooked in a fielder for Colorado. Buchanan tied it at six all with a gratis toss and a slick one handed jump shot.

Amaya put the Rocky Mountain boys out front with a basket and pert drove through for his first bucket of the evening. Fredstrom cashed a free toss and then dropped in a two pointer for the Huskers. Gompert sandwiched in a basket between a pair of successful Buchanan specialties and the score stood 13-12 Nebraska.

A tip in by Seger and another Fredstrom archer shot the Huskers into their biggest lead of the opening quarter. Free throws by Bob Stewart, Gom-pert and Bob Lawson moved the Buff total to 15. For Nebraska Seger collected three points and Fredstrom scored on a follow in as the quarter ended.

Granted, football might be getting a little out of hand. But let us not completely sacrifice the many beneficial attributes of the sport that many or the de-emphasizers" are entirely over-looking.

the sport that many or the de-emphasizers" are entirely over-looking. The Big Seven officials got together and decided that they could help in this, what is practically, "junking" of the gridiron sport by placing a damper on conference teams to compete in any form of post season activity. post season activity. .

For football teams, this means no more bowl classics; For baseball teams, there will be no more NCAA tournaments; and basketball teams belonging to this conference won't be playing in Madison Square Garden for the National Invitational tournament and the NCAA.

All Kansas State Coach Jack Gardner could offer was a barrage of adjectives describing his disgust with the action that would not allow his Wildcat cagers to journey to New York to play in the big tournaments if they could go.

Action, not words, is the battle-cry at Oklahoma where recent reports have it that the Sooners are mighty provoked about the ruling that stands between them and playing in a New Year's day bowl classic.

. Personally, the Sooners are not so unjust; at least not as bad through the nets as the men who are tearing down the sport with uncompromising rulings. How can anyone blame the Oklahomans or the Kansas Staters?

Application of some rational thought seems to be the answer to the complex football puzzle. If the men who have the power to apply it would use it, the solution might be close at hand.

COMPROMISE is the word that advocaters of both schools of thought must practice.

Instead of doing away with post season competition entirely, the legislatures governing the sportsland should not abolish bowls because they are too numerous. Let them abolish the "Salad Bowl," the "Dust Bowl" and these little bowls that are constantly running in the red.

Let conference officials retract their radical bowl ruling for the good of the conference. No other major conference has taken upon them to stick their necks out as far as the Big Seven. If other conferences find that it isn't such a satisfactory set-up, which they undoubtedly will, then the Big Seven will find themselves out in the cold year after year, tournament after tourna-

Georgia Tech tackle, Lamar Wheat says, "I think it's a fine honor to play in a bowl and a reward for a team that's done a good job."

### The advent of the New Year could not dim the resounding shouts of protests leveled against the current avalanche of action In Fairbury Defeat By RON GIBSON Sports Staff Writer Big Don Muenster scored 13 left in the opening period. oints and was the guiding light the Nebraska "B" Team's 56-48 in over Fairbury Junior College pair of fielders, which, added to

The former Omaha Benson star used his s perior height and re-bounding skill to make things tough on the visitors all evening.

Other standouts for the Husk-ers were Pat Mallette and Sam Colton, who tallied eight points aplece for the winners. Chuck Jensen aided the home team's cause with seven points and a

Jerry Grancer carrying the scoring load. Lowe scored 16 points and Grancer dropped 13 points

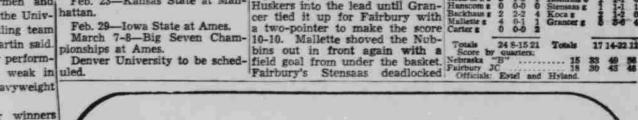

But the Bombers had little scoring punch behind Lowe and Grancer, a fast which proved costly when Grancer picked up four fouls and was taken out of the game.

The visiting Bombers made their free shots count, hitting 14 out of 22 attempts from the charity line. Coach Tony Sharpe's charges hit 8 out of 15 free throw attempts.

Fairbury jumped to an early leady in the contest on two baskets and a free throw by Jim Lowe plus a two-point effort by Jerry Grancer. With eight minutes remaining in the opening canto the score was Fairbury 7, Nubbins 0.

Sam Colion started Huskers on the scoring trail with a pair of buckets, one a tip-in of a missed free throw and the other a one-hander from the right side. Lee Dobler tipped one in and Don Muenster made good on an underbasket effort to knot the count at 8-8 with 3:15

zone in the first quarter. A long shot from back of the keyhole by Pat Mallette put the Huskers into the lead until Gran-cer tied it up for Fairbury with at up for Fairbury with the states of the the states of the Backhaus z

heads-up floor game. For the visiting Fairbury buckets and a perfect three-for-Bombers, it was Jim Lowe and three from the free throw.

The Huskers began creeping up on Coach Red Grovert's Bombers after Grancer had shoved them into a 20-15 lead with a layup two-printer. With 4.08 gone on the second period Don Muenster flipped two points through the nets to give the home five a 24-23 lead.

In the third quarter the Huskers used a team effort to put space between themselves and the scrappy Bombers. Pat Mallette, Murry Backhaus and Don Muens ter each scored four points, and Renzelman and Jensen each had two. For the invaders it was Grancer showing the way with four, and Lowe and Hoeffer following three apiece. The score at the end of the third quarter was Nebraska 49, Fairbury 43.

In a fourth quarter which was shortened by time limitations, the Sharpemen were able to tally only five points, all on free shots. Fairbury got seven, but that was not enough, as the Nubbins took a 56-48 victory.

# for MASTER of SCIENCE DEGREES

### PURPOSE

To assist outstanding BS graduates in obtaining their Master of Science Degrees while employed in industry and making a significant contribution to important military work.

### ELIGIBILITY

June 1952 graduates receiving BS Degrees in the following fields:

> **Electrical Engineering Electronic Engineering** Physics

Mechanical Engineering Aeronautical Engineering

Those chosen to participate in this plan will be from the upper portion of their graduating classes or will have evidenced unusual technical ability. They must also have evidenced imaginative ability and possess personality traits enabling them to work well with others.

### CITIZENSHIP

Applicants must be United States citizens who can be cleared for "Secret." due to their work at Hughes Research and Development Laboratories being of a classified nature.

PARTICIPATING UNIVERSITIES The University of California at Los Angeles and the University of Southern California will participate in this program, and candidates for Master of Science Degrees must meet entrance requirements for advanced study at these schools.

#### PROGRAM

Under this Cooperative Plan, starting June 1952, the following schedule of employment at Hughes is arranged: Full time-from June 1952 to Sept. 1952 Half time-from Sept. 1952 to June 1953 Full time-from June 1953 to Sept. 1953 Half time-from Sept. 1953 to June 1954 Under this arrangement it is possible for a recipient to receive 3/sth of a normal year's salary each year and to attend

a university half time during regular sessions working on his Master's Degree.

#### SALARIES

Salaries will be commensurate with the individual's ability and experience and reflect the average in the electronics industry. Salary growth will be on the same basis as full-time members of the engineering staff. In addition, the individuals will be eligible for health, socident, and life insurance benefits, as well as other benefits accruing so fulltime members.

TRAVEL AND MOVING EXPENSES For those residing outside of the Southern California area, actual travel and moving expenses will be allowed up to 10% of the full starting annual salary.

#### TUITION

Tuition at either UCLA or USC, covering the required number of units necessary to obtain a Master's Degree, will be paid by Hughes Research and Development Laboratories.

NUMBER OF AWARDS Approximately one hundred Cooperative Awards shall be made each year, if sufficient qualified candidates present themselves.

SELECTION OF CANDIDATES Candidates will be selected by a committee of representation composed of two each from the University of California at Los Angeles, the University of Southern California, and the Hughes Research and Development Laboratories.

DATES FOR APPLYING Informal applications should be mailed prior to January 30, 1952. The Laboratories will then forward formal applications, which should be returned. accompanied by up-to-date grade transcripts, by February 15, 1952. Selections will be made during the month of March.

ADDRESS CORRESPONDENCE TO Hughes Research and Development Laboratories Engineering Personnel Department Culver City, California
