Leaders' Agenda Announced

Six Techniques To Be Discussed

The first annual leadership training conference for all University students will be held Saturday beginning at 9:30 a.m. in the Union.

The conference will deal with problems concerning types of leadership and leadership techniques and will feature a speech by William B. Bogar, principal of Lincoln high school.

The conference will begin at 9:30 with registration and Bogar's speech on the value of extracurricular leadership in the field of human relations. At 10:30 coffee hour discussion groups will discuss the qualities needed for good leadership and at 1:30 students will divide into six groups to discuss leadership techniques.

Leadership types and qualities to be discussed during the coffee hour sessions are the "policeman," "we-must-get-results," "politician," "good-fellow," and the "democratic" type. Leading the discussions will be Sharon Fritzler, Peggy Mulvaney, Gene Robinson, Dee Lovegrove, Don Noble, Jerry Johnson, Shirley Ransdell, Wayne White, Mary Hubka, Elizabeth Gass, Gene Johnson, Al Blessing, and Dean Linscott.

Faculty members who will help with the discussions are Royce Knapp, Curtis Elliott, Norman Thorpe, Willard Leeds, Henry Holtclaw, I. L. Hathaway, Mary Guthrie, David Sander, William Hall and Helen Snyder. Also helping will be Ruth Shinn, YWCA.

BIG SISTERS

CC Board Applications Begin Today

Filings for 1952-53 Coed Council board will open Tuesday and close Saturday noon at Ellen Smith hall.

From these filings, the senior board will compile a slate on which all women students will vote some time in March. At the time of filing applicants "should sign up for a short interview with the senior board members."

The new board will be composed of four seniors, six juniors and six sophomores. Unaffiliated women will make up one-half of the board.

A 5.5 weighted average is required for board membership.

Present board members are Mary Hubka, Peggy Mulvaney, Nanci Debord, Elizabeth Gass, Marjorie Danly, Delores Gade, Sue Gorton, Joan Follmer, Grace Dunn, Jan Hepperly, Susan Reinhardt, Jean Loudon and Darlene Gooding.

Permits Available

University parking permits can still be obtained from Sgt. John Furrow at the west stadium. His office is open from 1 to 5 p.m. on Mondays and Fridays.

NU May Employ Psychiatrist—If 'Right Man At Right Price'

"We've got to find the right man at the right price."

Carl W. Borgmann, dean of faculty, told The Daily Nebraskan Monday that this is the main problem in hiring a full-time psychiatrist for the University.

"The administration has been considering the idea of a full-time psychiatrist for some time," said Dr. Borgmann, "but as yet we have not arrived at anything definite."

According to Dr. Borgmann, there is an obvious need for a full-time psychiatrist at Student Health, and "the administration is certainly aware of this need."

Dr. Arthur A. Hitchcock, director of Junior Division and Counseling Service, said that a full-time psychiatrist would be "very welcome" from the University's counseling standpoint and that a real need exists.

"In a community the size of the University," Dr. Hitchcock explained, "adequate psychiatric services are needed."

"I think it is a very good thing that students are as interested as they plainly are in this problem that the University has," Dr. Hitchcock added.

Rev. Rex Knowles, Presbyterian student pastor, brought the idea of a psychiatrist on a full-time basis to a head as he spoke to Delta Theta Phi law fraternity last week. He said University students are "as stable and as unstable" as any portion of society and they need help with psychiatric problems and a program of mental hygiene education.

Reverend Knowles suggested that a psychiatrist have a dual function. "He could meet with housemothers, religious advisers and campus leaders to build mental health and also be on duty at Student Health."

Director of Student Health Dr. Samuel I. Fuenning has recommended the idea of a full-time psychiatrist to the administration for several years. He indicated that other departments, such as sociology and clinical psychology, use part-time psychiatrists for lectures and advice.

The University now has a part-

time psychiatrist, Dr. Richard Gray of the Nebraska State Hospital, who is on duty at Student Health Friday afternoons and Saturday mornings, said Dr. Fuenning. This service costs the University about \$2,700 a year, he said. He estimates that a full-time psychiatrist might be hired for as little as \$10,000 or \$12,000 a year, depending on experience and work required.

Dr. Frank Z. Glick, director of the Graduate School of Social Work, said his department hires Dr. Hugh Dickinson, Omaha psychiatrist, to teach three courses each Tuesday morning. This service costs the University about \$2,000 a year, Dr. Glick explained.

"I am extremely sympathetic with the thought of a full-time psychiatrist," Dr. Glick said, "but I am aware that such a man could not be hired for much less than \$15,000 a year."

"I am in favor of having a full-time psychiatrist," said Dr. Marshall R. Jones, professor of clinical psychology, "and I am sure that

it would be advantageous to the students."

The clinical psychology department, according to Dr. Jones, would "certainly make use of one." At present, the department works very closely with Dr. Janet Palmer, Lincoln psychiatrist, and Dr. Gray. The students also work with the psychiatric unit of the University's College of Medicine in Omaha, Nebraska State Hospital, veterans' hospitals in Omaha and Lincoln and Veterans' Mental Hygiene Clinic in Omaha.

Several of the men interviewed believe that a system of using a psychiatrist for various jobs might be set up. That is, one full-time psychiatrist might be able to handle Student Health duties and also work with the sociology, clinical psychology and guidance departments.

Dr. Hitchcock said that such a combination might be one of the best ways to work out the situation. Dr. Glick agreed, but pointed out that a psychiatrist with experience in all these fields would be hard to find.

Applicants must have had some previous experience with the Unit; all girls must have a weighted average of 5; all boys must have a weighted average of 4.5.

Interviews are scheduled for Sunday, February 17, from 2 until 4 p.m. in the Union. Final decisions will be made by the RCCU executive board.

The 15 chairmanships opened for filing are: orphans, orthopedic, publicity, vets entertainment, vets assistant, handicraft, blood program, blood program assistant, water safety, penitentiary, special entertainment, civil defense, motor corps, blue birds, and grey ladies.

Boards members for this past year were: Marcia Stransky, Sharon Neff, Jane White, Bob LaShelle, Jo Berry, Joyce Johnson, Susie Stoll, John Gibbs, Jo Hines, Ira Epstein, Pat Lindgren, Jack Davis, Harriette Wenke, Charles Marshall, Donna Pilcher, and Virginia Poppe.

The remainder of the Girl Crazy cast will be announced Feb. 22 Moore said.

The show will be presented April 23, 24, and 25.
