## Aquaquettes To Present '52 Program, 'Down The Mississippi,' On April 4, 5

"Down the Mississippi," Aquaquettes' swim show, is the first full-scale water pageant ever to be presented by that group. It will be held in the Coliseum Friday and Saturday, April 4 and 5, at 7:45 p.m.

Special effects and numbers will highlight the show which will be held amid decorations resembling a ship. A specialty diving number, "Rhapsody in Blue," will be staged by Virginia Nye, Joan Holden, and Judy Flansburg.

Miss Nye, the only non-Aquaquettes member participating in the show, was winner of the woman's diving contest sponsored by Women's Athletic association this

fall. Another number called "Daybreak" will feature swimmers with lights attached to their bodies. A nautical theme, "Anchors Aweigh," will open the show with military-type formations, while "Dixie" swimmers will have fluorescent painted hands.

The finale will be "Old Man River" and will include almost all members of the pageant. Nancy BeBord will narrate the show and background music will be used in each number. These acts will range from blackface comedy to the sophisticated "St. Louis Blues" using costumes of black net stockings and lace.

"Down the Mississippi" will be the culmination of months of work by Aquaquettes members. They have been planning and working on it since last November, according to president Jo Raben.

## KAM To Hold Seventh Annual Convention At NU April 10-12

Demonstrations of photographic techniques in television, sound motion-pictures and latest news cameras will be highlights of the Kappa Alpha Mu seventh annual national convention at the University April 10-12.

It is the first time the national convention of the honorary photo-journalism fraternity has been held at the University.

More than seventy-five delegates from 16 colleges will attend.

Governor Val Peterson of Nebraska will give a welcome speech Friday morning.

Election of national officers, revision of the KAM constitution and selection of next year's convention site will be discussed at business meetings Friday and Saturday mornings.

A banquet at the Lincoln Hotel Friday evening will feature George Yeates of the Des Moines Register-Tribune who will give a speech on photography. After his speech, awards will be presented to winners of the national collegiate photo competition.

Representatives from photo equipment houses will give short talks on latest equipment and ideas developed in the field of photography.

Convention exhibits will include the permanent collection of first place winners in previous KAM local and national collegiate photographic competition.

A photo mural research project by KAM president Duane Nielsen, and photographer, Herb Lehman will be exhibited on the stairway leading to photo and typographic laboratories in Burgett hall. The mural represents activities in the School of Journalism.

Another feature of the KAM convention is the annual national collegiate photo competition open to entries from all university and college students.

With two divisions in this year's competition—amateur and professional, student photographers will be matching their work against others of the same status. Those earning at least half their income from photography are competing in the professional division this year, as a student professional members of KAM.

The exhibit will be displayed in the Morrill hall art galleries during the convention.

Outstanding photo-journalists have been named to the jury of selection. They are Larry Rob-

ertson, chief of the photography department, Omaha World-Herald; Neale Coppel, assistant Sunday editor, Lincoln Journal-Star and Wendell Hoffman, University Photo service.

## Sound-Off Little Vote For Kenny, Stassen; Eisenhower To Win Primary

With primary elections in Nebraska only a few days off, here are one man's observations of the political rough and tumble:

The Main Event: THE PRESIDENTIAL PRIMARIES:

Republican: The main bout in Nebraska will probably be between two men whose names are not on the ballot, Dwight Eisenhower and Robert Taft. The names of Harold Stassen and Mary Kenny appear on the ballot, but there seems to be little support for them.

For this writer's money, it's Eisenhower all the way. Taft has wobbled back and forth on foreign policy so much that no one can actually say what he is for. He has been a leader of the bloc in the Senate which often co-operated with Southern Democrats to block administration measures, regardless of merit.

His recent remarks about getting a good party man in the presidency have turned many people's stomachs, and they have responded by giving him the thumbs-down sign in Minnesota and New Hampshire. Here's betting that Nebraskans will do the same thing.

Eisenhower has, to all indications thus far, given promise of being an able, informed and popular candidate. He has done a good job in Europe, and proved himself able to work with obstinate and wrangling people.

Democratic: Here's betting that President Truman's stalking horse, Sen. Robert Kerr, will go home with his tail clipped.

Although Kerr is a man of great personal charm, there appears to be little sentiment for the Oklahoma millionaire, whose chief claim to fame is the Kerr Natural Gas Bill.

Sen. Estes Kefauver of Tennessee will probably come out the winner. His New Hampshire victory was impressive, and many people in Nebraska have been impressed with the senator—his honesty and forthrightness.

U. S. Senator: Republican: This writer is betting that Sen. Hugh Butler may well get the long-deserved rest so many politicians have been prescribing for him for so long. Gov. Val Peterson may win by a whisker.

The main cry that Butler backers made for their man is that he is fourth in seniority among Republicans and that he looks like a senator. Otherwise, his record has been a long list of "nays" and "not presents." He is an isolationist.

Peterson, on the other hand, has been a fairly able governor. He has spent much of his gubernatorial time, particularly in recent months, trotting thither and yon, making speeches. He is, however,

almost certainly the pick of the two.

For the other seat, Dwight Griswold, one of Nebraska's ablest governors and former Greek aid administrator, should win in a breeze over two relatively unknown opponents, one of whom recently spent five days in jail for disturbing the peace.

Democrat: William Ritchie and Stanley D. Long, long-time Democratic wheelhorses should knock off the respective nominations with ease.

Republican: On the basis of what they say, there is little to choose between the two major candidates for governor—Robert Crosby and Victor Anderson.

Crosby however has a better past record—as lieutenant governor, speaker of the legislature and chairman of the state Hoover commission.

Victor Anderson's chief claim to fame is that he has done rather well with a Havelock hardware store. He served an unspectacular term in the legislature, then resigned to become an even less noteworthy mayor of Lincoln, whose chief attribute is trying to please everyone.

Crosby shouldn't have any trouble winning this one.

Democrat: Walter Raecke, 1950 Democratic gubernatorial nominee, is one of the few shining lights in the Nebraska Democratic party. His nomination is almost a cinch. He is regarded by most observers as about the only Democrat on the state ticket with a chance to win in November.

He served four rather outstanding terms in the legislature, the last as speaker, and has been as honest and conscientious a leader as Nebraska has had in recent years.
